ONE OF NATURE'S SAFEGUARDS.

During normal periods we digest our food properly and assimilate it thoroughly and thus accumulate a reserve fund of vitality, strength or force, which may be drawn upon in time of need. This reserve enables us to safely tide over danger periods of epidemic or infectious sickness which otherwise would bring disaster.

Very careful scientific experiments made in two separate series by Professor Thompson of the School of Physiology, Trinity College, Dublin, demonstrated that the daily use of Bovril has an extraordinary effect on the alimentary system, for it enables the digestive organs to do their work more thoroughly, and gives power to the system to absorb the full measure of nutriment from our every day food and by that means to accumulate the store of surplus energy which is a most valuable possession.

A LOVELY BABY BOY

This Mother is quite Enthusiastic over a well Known Food.

Mrs. J. W. Pateman, 34 Harriet St., Toronto, in writing about Neave's Food says "When I first knew one of my friends, her baby Jack was eight months old and dying by inches. She had tried three foods because her Jack could not digest milk. At last, I fed her a tin of Neave's Food. At the end of a month, Jack was rapidly gaining flesh and was bright and happy. He is a lovely boy now and she declares Neave's Food saved his life. And it did."

Then I recommended it to a friend on Victoria Avenue. She had a baby 6 months old that was not thriving a bit. She put the baby on Neave's Food and at the end of three months, the baby was twice the size.

I have never seen two bigger, stronger boys than mine for their ages and we owe it all to Neave's Food. I have the utmost faith in Neave's Food."

"Gee! It's Good"

You're right Sonny Boy, Nyal's Tooth Paste is good. It's the mild spearmint flavor that gives it that fine taste. And it acts as a splendid saver of the teeth. Acidity of the saliva and mouth secretions helps to cause tooth decay. Nyal's Tooth Paste corrects this acid condition and thus checks the harmful action on the teeth. Be sure and give Dad, Mother and Sister each an introduction to Nyal's Tooth Paste. They'll like it as well as you. I'll save their teeth too. There are over a hundred other Nyal preparations. For instance if your studies are wearing you out, there is Nyal's Nutritive Hypophosphites to build you up. Nyal's Remedies are all Nyal Quality.

Nyal's TOOTH PASTE

evening was spent chiefly in music with chats between. Mr. Linkletter played the violin very sweetly, accompanied on the piano by his daughter Miss Ethel. About midnight the guests parted by singing "God Be With You Till We Meet Again." Among those present were Rev. J. W. and Mrs. Fraser of Summerside.

Eczema 25 Years Cured by "Cuticura"

Like Raw Flesh from Knee Down

I have been treated by doctors for twenty-five years for a bad case of eczema on my legs. They failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "You'll never like it, but I do not think they will do you good." At the time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches.

I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura. After the first two treatments the itching went down and in two months use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought and I always recommend it most highly as safe and economical cure for skin troubles. (Signed) Miss J. B. Renaud, 277 Mettans St., Montreal.
