

PRINCE EDWARD ISLAND AS A SUMMER RESORT

THE LAND OF PURE DELIGHT FOR TOURISTS AND HEALTH SEEKERS

SOME OF P. E. I. ATTRACTION

Prince Edward Island is the best spot on earth in which to spend a vacation. It is more, it is the ideal land we've all heard and sung about in the halcyon days of childhood and youth, "The Land of Pure Delight." Some of its outstanding features are:

A LAND OF BEAUTY.

Three hundred and seventy-eight years ago Jacques Cartier wrote: "All this land is low and the most beautiful. . . . This is a land of the best temperature which it is possible to see." Thousands of tourist visitors attest that it is more beautiful today, and the most attractive summer resort in the entire Dominion of Canada.

A DELIGHTFUL SUMMER CLIMATE.

Gentle breezes laden with the breath of the sea blow from the south and the west all through the long summer days, dying with the red and gold amber and green of a gorgeous sunset. The nights are always cool and bright, refreshing rest and sleep. There are no fogs.

A LAND OF HEALTH.

In no country does so large a proportion of the people live to a green old age. Only about one per cent of the population dies each year. The report of the Registrar of Vital Statistics for the year 1911, in which year the mortality was larger than usual, shows that of a total of 1,114 deaths there were

566	over 60 years of age;
411	over 70 years of age;
214	over 80 years of age;
42	over 90 years of age;

The infant mortality of other countries is almost unknown here. There is no other land under the sun where 40 per cent of the population live to pass the seventy year span of life!

A LAND OF ABUNDANCE.

In no other country is there greater abundance of the best food and of clear, sparkling water in town and rural districts alike.

- Lamb of the finest flavor;
- Eggs, milk, butter and cheese;
- The most luscious oysters in the world;
- Lobsters in great abundance;
- Sea and brook trout, mackerel, cod, etc.;
- Wild geese, brant, plover, duck and partridge in their season;
- Strawberries, raspberries, blueberries, cranberries;

Apples and plums of rare excellence; cherries and small fruit are plentifully produced.

AGREEABLE SOCIAL CONDITIONS.

The Island is socially a land of the golden mean. Few are very rich and almost none are poor. The great majority enjoy comfort and prosperity. Sobriety and order everywhere prevail.

In no part of the American Continent is there proportionately so little serious crime.

There are no tramps and beggars are unknown. Churches and schools are abundant.

POSTAL AND OTHER FACILITIES.

There are 468 post offices—one to every 4 1/2 square miles. Throughout a large part of the Province there is free delivery of the mails daily at the farmers' road gates.

The Prince Edward Island Railway intersects the Island in every direction, bringing four-fifths of its area within five miles of the rails. Telephone lines all over the Island connect 175 towns, villages and settlements.

SOME SPECIAL ATTRACTIONS FOR TOURISTS

ON THE NORTH SHORE.

The rampart of sand dunes, fifty miles long, thrown up by the waves. The long shallow lagoons inside the dunes, the haunts of fish and waterfowl. Scores of miles of broad, clean, hard sand beaches, the delight of bathers.

IN GENERAL.

- Surf bathing and sheltered sea bathing;
- Shooting wild geese, duck, brant partridge and plover in their season.
- Fishing brook and sea trout, mackerel and other sea fish.
- Clam baking, picnicking, oyster digging.
- Boat sailing and rowing. Hundreds of motor boats.

IN CHARLOTTETOWN.

- Victoria Park, 60 acres within ten minutes' walk of the Post Office. Beautiful walks and drives, tennis courts, cricket and baseball.
- The Belvidere Golf Links.
- Amateur Athletic Grounds.
- An excellent Free Public Library.
- The Legislative Building, seat of a Legislative Assembly older than the United States Congress.
- The Micmac Encampment at Rocky Point.
- The old French Fort at the Harbor's mouth.
- Seventy miles of land-locked waters for boating, bathing, oyster fishing and clam digging.

THE FOX RANCHES.

Tourist visitors and investors will find great interest in seeing the scores of fox ranches that are thickly dotted over the western and central portions of the Island.

There are upwards of 150 of these ranches. There are hundreds of these black and silver beauties, each with a present selling price of \$6,000 upwards. A single black fox represents the value of a good farm, with all its buildings, fences and live stock. The total value of all the black foxes on the Island is believed to be over \$7,000,000.

The Island is the recognized headquarters of this important industry. Eighty-five per cent of all the valuable foxes in captivity throughout the world are within P. E. Island.

It is quality the farmers want, not cheapness when he buys Paris Green.

The farmer knows that Paris Green that does its work thoroughly with one application is a good deal more economical than lower priced Paris Greens that fail to kill.

—YACHT ON TOUR.—The trim gasoline yacht, Alacrity, owned by Mr. R. W. Bradford, of New York, who with Mrs. Bradford and a guest is making a tour from New York to Quebec, arrived in Summerside yesterday evening for supplies. She resumes her voyage this morning.

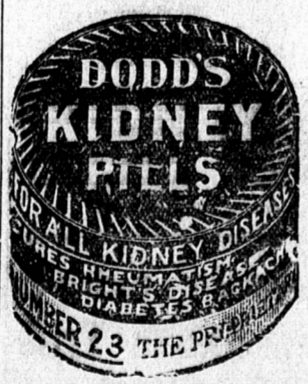

—MEETING.—The Liberals of West Prince held a meeting at O'Leary on Wednesday. The officers were elected as follows: President—Fred L. Rogers, Alberton; 1st Vice-President—F. J. Buote, Tignish. 2nd Vice-President—Daniel Yeo, Lot 13. 3rd Vice-President—William J. Wortman, West Cape; 4th Vice-President—William B. Hayes, Bideford; Secretary—William H. Dennis.

—THE LATE MRS. MILLMAN.—Much sympathy is felt in Alberton in the death of Mrs. John T. Millman, which occurred very suddenly yesterday, after a brief illness of diabetes. She had been unwell during the past month, but only during the past few days her illness caused alarm. Deceased was 65 years of age and is survived by her husband and a family of six children, three in Alberton and three in Boston.—A.

—LONG RIVER.—At the July meeting of the Long River Women's Institute it was interesting to note that more new names were added to their membership list. The subject of Bread and Biscuits was thoroughly discussed and different ideas on this all-important topic were interchanged freely among the members. Next month they are planning to take up the subject of Cake-making, and it is hoped that a large number, whether or not they are members of the Institute will come to the meeting.

—NORBORO.—The ladies of Norboro showed their interest in the Women's Institute work by the large number that attended the meeting held in the school-house on Wednesday afternoon. After the Supervisor had explained in detail the scope of the progressive movement, the latter was fully discussed by those present. It was decided to organize a Women's Institute in this district with the following officers:—President, Mrs. Hughes; Vice-President, Mrs. R. Bowness; Secretary-Treasurer, Mrs. G. A. Harding. Directors—Miss Crocken, Mrs. Geo. Bowness, Mrs. F. Webster, Miss I. Douglas, Miss E. Stewart. The first meeting is to be held in the Norboro School-house on Thursday, August 14th, at 3 p.m., when it is hoped the Supervisor will be present to assist in the discussion of Canning Fruits and Vegetables, which is to be the chief topic for that day.

—ALBERTON TEA.—Ideal weather favored the people of Alberton, who held their tea-party yesterday. Over 1,000 people were in attendance. Early in the morning large numbers came in by team and at noon two special trains arrived, which were crowded with passengers from the east, and the regular train from Tignish brought in large numbers. The tea grounds were situated on the old driving park, which overlooks the beautiful Alberton railroad. Tea tables, sofas and places of amusement were well patronized and gasoline launches were kept busy running excursions on the river. The Ladies' Brass Band of Alberton furnished excellent music and the program selections were most favorably commented upon. The only mishap which occurred during the day was the breaking away of a team of horses hitched to a truck wagon, which ran through the crowd on the tea ground injuring two ladies but not seriously. The Town Council are to be congratulated on the success of the tea, which was indeed a success socially and financially.—A.

—BAD ACCIDENT.—Reggie the youngest son of Mr. Albert Gay, foreman of M. F. Schurman & Co's. factory, Summerside, met with a painful accident yesterday afternoon as a result of which it was found necessary to amputate the fore finger of the boy's right hand. The lad had come to the mill with a message to his father. When returning home he began playing with the buzz plier which was in operation and the inevitable happened. The other fingers were bruised somewhat. The fore finger was so mangled that it had to be amputated.—J.

—MALPEQUE.—At the regular monthly meeting of the Malpeque Women's Institute those present thoroughly enjoyed the interesting talk on Poultry, given by Mr. Benson. The ladies thoroughly appreciate the efforts of the Department of Agriculture on their behalf in giving them the benefit of expert knowledge on the different subjects in which they are interested. To the women in the rural districts few subjects are of greater interest than Poultry raising, since few branches of their work being in greater returns, than the small amount expended, than eggs and poultry.

—BASEBALL.—The nineteenth game in the Prince County Baseball League was played on the school grounds last evening between the Red Sox and the Pioneers, the latter winning 6-5. The Red Sox went to bat first. The first two men McLellan and Sharp went out at first. Beer got a safe hit and after going to 3rd on a wild throw scored on Godkin's hit. McCollough next up fanned. The Pioneers in this inning only got four men out, the first two fanning Lyle was put out at first. In the second inning Durant was presented with four balls, stole second, put out trying to steal third. Tamlyn won to first, stole second and third and came home on a wild throw from third. McQuarrie and Dunn out at first. McNeill got a base hit stole second and came home on a two bagger by Fraser, the latter scoring on McInnis' beauty to centre field. McInnis also scored from an overthrow from 3rd to 2nd. The next two men up fanned. Third innings. McLellan and Sharp both out at 1st. Beer and Godkin each got base hits. McCollough out at 1st, retiring the side. McLeod went to first and, after stealing second scored on an overthrow to second base. Lyle got a two bagger and scored on Fraser's basehit. McNeill fanned. Fraser scored on a base hit by McInnis. Next two men up, out at first. Fourth innings. Tamlyn walked to first, stole second and third and came home on a passed ball. McQuarrie walked to first, stole second third and beat the ball to the plate, scoring. Dunn and Sharp next up were both given bases on dead balls, while McLellan and Beer struck out retiring the side. Kelly struck out. Graves walked to first, stole second and third, McLeod fanned. Lyle got a base hit, stealing second. McNeill walked to first. Fraser next man up, got a nice crack to centerfield, but was declared out. Lyle, who was going from second to third, interfering with the S. S. who was fielding the ball. Fifth innings. Godkin fanned. McCollough caught out by Houghton. Durant walked to first, stole second and third and came home on Cameron's basehit. McQuarrie fanned and thus the game ended. The Pioneers not going to bat at the sixth innings. The batteries were: Pioneers, —F. McNeill and Lyle; Red Sox, —McQuarrie and McCollough; Umpire —Grady; Base Judge Bryson, J.

STARTLING NEWS FROM MEXICO

WASHINGTON, July 30.—Official circles were startled by information that more than 100,000 Japanese were quartered throughout Mexico City in position to be concentrated within three days for any enterprises which may seem desirable to the Japanese Ministry in Mexico's capital. There are 5,000 Japanese in Mexico City proper, 5,000 more in the outlying suburbs of the federal districts, and 10,000 in towns, cotton mills, and haciendas of easy access to the capital by rail, with 80,000 in the interior and in towns along the Pacific coast.
