
AVOID LOSSES ON YOUNG PIGS

Every runt in a litter, or one that dies young, represents a real loss of money. If young pigs are started on "Miracle" Hog Starter, runts will quickly achieve normal size, and the mortality will be lessened. Then, at the proper time if they are changed over to "Miracle" Hog Grower they will develop strong frames and fine flesh—faster. It pays in fewer losses and quicker marketing—better grading, too—to feed these feeds.

If it's Ogilvie it's good!

Appointment of C B C Governors

OTTAWA, Feb. 9 —(CP)— Prime Minister MacKenzie King told the Commons today that the Government is considering appointment of two governors to the Canadian Broadcasting Corporation Board and is keeping in mind recommendations to the House Radio Committee last year that if possible they represent the viewpoint of agriculture and labor.

The Prime Minister was answering a question by Gordon Graydon, Progressive Conservative House Leader. He said he hoped the appointments to fill the vacancies could be made "very soon."

Murray Resigns From C.B.C.

TORONTO, Feb. 9—(CP) — Major Gladstone Murray in a statement here tonight announced his resignation from the Canadian Broadcasting Corporation, of which he was general manager from 1936 to November, 1942, when he became director-general of broadcasting for Canada.

He will become a public relations counsel in the general field of industry.

The statement was as follows:

"Gladstone Murray has resigned from the Canadian Broadcasting Corporation, of which he was general manager from 1936 to 1942, and director-general of broadcasting from Nov. 5, 1942, to become a public relations counsel in the federal field of industry and business, with particular attention to the war effort and to preparations for the postwar period of reconstruction. He will retain links with the radio industry insofar as it fits into the general industrial picture."

Churchill Has Lunch With King George

LONDON, Feb. 9—(CP)—Prime Minister Churchill lunched with King George today, told him about his trip to North Africa and promised in a brief appearance in the House of Commons to make an early statement on the war situation.

The Prime Minister who met President Roosevelt and French Colonial Officials at Casablanca, journeyed to Adana to visit President Inonu of Turkey and stopped off at Tripoli and Allied Headquarters on the way home, was cheered lustily on his appearance.

He promised not only to discuss his tour, but to talk also about the import and shipping situation. He said Britain is dipping into its food reserves but that he is "not unduly anxious about the situation" from a long-term viewpoint.

"I think we are going to be able to get through pretty well on the lines we are now runing in the way of food," he said.

The Prime Minister answered a question by Emanuel Shinwell, Labor, regarding shipment of supplies to Russia by saying: "I am glad to take this opportunity of declaring that we have and are now doing and will continue to do our utmost."

He said Lord Beaverbrook's demand last week for more aid to the Soviets was "what one might call a process of emphatic stimulation."

ORDER PACKAGE BEES EARLY

(Experimental Farm News)

In order to assure delivery of package bees in the first ten days of next May, those planning to order packages for 1943 should place thier orders now, advises W.A. Burns, Beekeeper, Dominion Experimental Station, Charlottetown, P.E.I. Present indications are that there will be a heavy increase in beekeeping during 1943 and package bee shippers have intimated that there will not be enough packages to go around, and that orders will be filled in the order in which they are received. A deposit on each package ordered now, should accompany the order. The balance must be forwarded before the bees are shipped

Necessary bee supplies should also be ordered at this time. Bee supply manufacturers can only manufacture up to a quota set by the Wartime Prices and Trade Board and beekeepers who send in rush orders for supplies during the honey flow might be advised that the quota for 1943 has been sold

OPENED IN 1880

The Metropolitan Opera House in New York City was opened on April 7, 1880.
