## THE NEW OLYMPIC STADIUM

(British United Press.)  
LONDON, Sept. 13.—The specially designed Olympic stadium at Amsterdam, in which the 1928 games will be held, is rising slowly from the ground in the southern part of the town on which a few months ago cattle could not graze, so swampy and treacherous was its nature. A tremendous work of preparation had to be undertaken even before the first few feet of structure showed above the ground. Some 5,000 wooden piles carrying between 40 ft and 50 ft. in length had first to be driven into the soft ground, a method adopted with most big Amsterdam buildings, though not to so great an extent. One million cubic metres of sand were then scattered over the site.

To anyone visiting the spot now all evidence that the place was once a bog has vanished, and one might be walking on the shell-filled sands of any sandy beach. The general skeleton of the stadium is already outlined, while huge "tipping jetties"—all Heath Robinsonish arrangements—pour the liquid concrete into wooden moulds. A concrete cycle track and a cinder running track already surround the bright green turf. The magnificent main entrance is nearly completed. Just outside this gate a tall column will be erected on which a continuous flame will burn while the games are in progress. The whole stadium is of concrete but is being encased in typical Dutch red brick, so that it will harmonize with the surrounding buildings. When all is ready the stadium of grounds will be approached through a huge open square as large as the Place de la Concorde in Paris. There is an old stadium capable of holding 30,000 people at Amsterdam, but this was deemed insufficient. The Netherlands Olympic Commission, headed by the architect Jan Wils, one of the best-known modern Dutch architects, to design a new stadium. A voluntary subscription of two million Dutch florins (\$930,000) was asked, and to the great credit of the Dutch nation (which only consists of some seven million souls) the whole of the sum was raised in a few weeks. The 1928 Olympic Games will be of interest, because the Germans will compete there for the first time since the war. Helped by Government and private funds, the preparations are being pushed forward throughout Germany with typical thoroughness. The German team will be larger even than the American, and hopes to bring to this side of the Atlantic the records for many events which America now holds.

business passing. The receipts were 3,583 cases. The butter market was inactive but prices were unchanged, the receipts were 737 packages. Prices for all qualities of cheese were firmly maintained under a fair demand from local and export buyers, the receipts were 11,665 boxes. OTTAWA, Ont., Sept. 13.—(Eggs) Canadian egg markets are generally firm and unchanged today. States markets are very firm and higher due to the favorable cold storage report just issued for September 1st. Washington reports cold storage holdings of eggs in United States on September 1st 1927 as 9,652,000 dozens. Frozen poultry holding on the same date amount to 39,735,000 pounds. Toronto—The egg market is firm with dealers quoting country shippers for ungraded eggs delivered cases returned. Extras 46 to 48, firsts 42 to 43, seconds 32 to 35. Montreal—The egg market is quiet with prices unchanged. Regina—Egg market is steady with only very small arrivals. Dealers are quoting country shippers, extras 33, firsts 31, seconds 25, delivered cases returned and making sales to retailers at fresh extras 44, firsts 42, seconds 38, storage extras 42, firsts 40, seconds 36. Calgary—Dealers are now offering for ungraded eggs delivered cases 35, firsts 32, seconds 27.

### The Markets

(Canadian Press)  
MONTREAL, Que., Sept. 13.—A moderate amount of business was worked in Canadian spring wheat with foreign buyers on the Montreal market today. Trading in cash grain in the local market was quiet and prices were unchanged. The export trade in spring wheat grades of flour continued good, but the local and country demand was quiet. The undertone continued easy, but there was no further change in prices. The winter wheat flour was also of a very limited character and prices were steady. An active business was again done in all lines of millfeed and values ruled firm. The tone of the market for standard grades of rolled oats was steady, but the demand showed no improvement. The movement of Canadian haled hay for export account continued fairly liberal on the local market, and prices were unchanged. The Netherlands Olympic Commission, headed by the architect Jan Wils, one of the best-known modern Dutch architects, to design a new stadium.

## Contest Good Exhibition With Some Snappy Plays

CAMPBELLTON, Sept. 13.—Campbellton won the opener in their play-off series with Moncton here this afternoon when the local first baseman drove out a two-bagger and two runners made the home plate safely. Up until this stage of the contest the locals had fallen to the contest while Moncton had led with score, while Moncton had led with one run from the third inning; when McDonald circled the sacks, the score stood 2 to 1 after the first half of the ninth, and the locals did not go to bat again. The game was a good exhibition of fast ball, only three errors occurring throughout the play. The contending teams seemed pretty evenly matched. The outfield work of both teams was good, and both squads had a practically air-tight infield in this game. Both pitchers turned in a good game and neither walked a man.

## WEST KENT DEFEATS QUEEN SQUARE 11-8

Yesterday afternoon at the Abegweit grounds the West Kent and Queen Square Ball teams met in the first of a series of three games to decide the Interscholastic Championship of the City, West Kent winning out by a score of 11 to 8. West Kent boys were right on yesterday and drove McFarlane from the mound in the third inning when they batted in five runs. For West Kent all the players put up a strong game, playing heads up ball from call to call. For the Queen Square, Blanchard, Campbell and Larter showed up well, the latter relieved McFarlane on the mound at the end of the third inning. Queen Square had two bad innings in the third and eighth when a total of eight runs for the two innings were chalked up against them. Judging from the brand of ball of both teams the next game should be a hotly contested one. The boys were very pleased to have Mr. Jack McAleer umpire the game for them which he done in his usual capable manner.

The line up:

West Kent	Catcher	Queen Square
Himelman	Blanchard	Pitcher
Fraser	McFarlane	1st base
W. McDonald	McKinnon	2nd base
Acorn	J. Duffy	3rd base
Ranahan	Campbell	Short Stop
W. McMillan	M. Duffy	L. Field
Stenford	O'Neill	C. Field
McDonald	L. Duffy	R. Field
Forsythe	McKinnon	Utility
	Larter

## G. B. S. Snubbed By Old 'Slavery' Pal

LONDON, Sept. 13.—How he was received when he revisited, after forty years the office in which he was employed as a clerk, is amusingly described by Bernard Shaw in the current number of The Clerk. "Forty years after I had shaken the dust of that office from my feet," he writes, "I found myself one morning standing outside it, having in the meantime pulled off the great man's coat, and having recently been held up to an admiring Europe as the 'Mollere of the twentieth century.' "I was looking for a notary to witness some legal profanity or other, and it suddenly struck me that there was one on the first floor of the building where I had slaved as a clerk.

## Canadians To Play In 2nd Round

FOREST HILLS, Sept. 13.—Canada's three entrants in the United States men's singles tennis championship entered the second round today, scoring first round victories and the other advancing by the default of his opponent. Jack Wright, Canadian champion of Montreal, defeated Jack Moneey of Atlanta, Ga., 6-0, 6-4, 6-2, and Gilbert Nunn of Toronto, eliminated Neil J. Sullivan, of Philadelphia, 4-6, 6-4, 1-6, 6-0, 6-3. C. W. Leslie's opponent, Lucien Williams of Chicago, defaulted because of illness. Four smiling Frenchmen, playing with the confidence that comes with the Davis Cup, bowled through their first round matches today in quest of the United States turf court championship, now held by one of their number, Rene Lacoste. William T. Tilden and William W. Johnston, chief hopes of the United States, who found the French too much for them in the battle for the cup last week, also reached the second round, but others of the leading United States stars went down in untimely defeat.

## Home Runs Feature Of National

NEW YORK, Sept. 13.—Home runs by Glenn Wright and Earl Smith gave the Pirates their third straight victory over Philadelphia at Pittsburgh, 2 to 2. The victory enabled the Pirates to retain their lead in the hectic National League race. The Giants weathered a heavy batting assault as well as a barrage of pop bottles at Chicago, winding up the Cubs series with a 7 to 5 victory. New York and St. Louis thus remain tied for second place, two games from the Pirates. Hornsby clouted his 24th homer and Hack Wilson his 27th. None was on base either time. Jim Bottomley's home run with Holm on base in the fifth inning gave Arthur Reinhart and the Cardinals a shutout victory over Brooklyn at St. Louis, 2 to 0. Luque and Lucas took the Boston Braves in two at Cincinnati 5 to 4 and 3 to 0 respectively in a double bill to make the Reds victors over Boston five in a row.

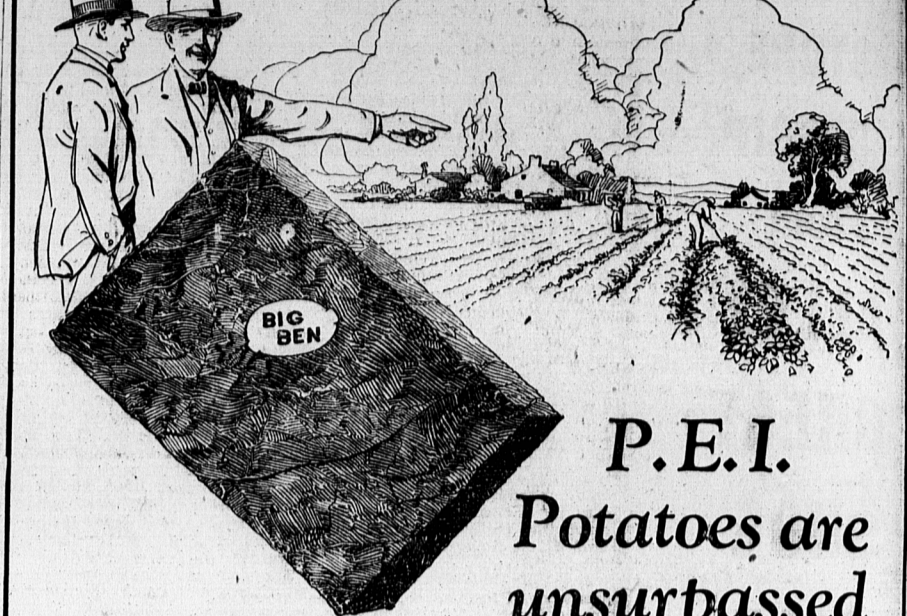

## Challenger To Receive \$450,000

CHICAGO, Sept. 13.—According to the articles of agreement which George F. Getz, legal promoter of the Tunney-Dempsey fight here on September 22, and Tex Rickard, officially designated as his manager filed with the Illinois Boxing Commission tonight, Gene Tunney, the world's champion, is to receive \$1,000,000 as his share of the purse and Jack Dempsey, his challenger is to receive \$450,000. When Circuit Judge Otto Kerner today denied the application for an injunction against the fight sought by B. C. Clements, the last legal obstacle was removed and the promoters immediately proceeded to meet all the legal requirements laid down by the Illinois Commission.

## Of all forms of Chewing Tobacco the PLUG is the best!

P. E. I.  
Potatoes are unsurpassed  
They are unexcelled for flavour and keeping qualities. The big majority of those who enjoy Chewing Tobacco prefer BIG BEN for these same qualities. Being in plug form, BIG BEN keeps fresh and moist; does not dry out, chip or crumble. It is always in the best possible condition for chewing; there is no waste; and the plug is more convenient to carry in the pocket.
