

For Young and Old Alike

ENO is so mild it can safely be given to any child, yet it is quite as effective for grown-ups, eliminating from the systems of young and old alike the clogging waste and poisons which cause intestinal absorption. Refuse substitutes.

The words "Fruit Salt" and ENO are the registered trade marks of J. C. ENO Ltd.

Four thousand burned matches were used by Fritz Koziemba, of Stassfurt, Germany, in making a violin, the work requiring six months.

Hong Kong, China, is to have two new banks, two new hospitals, a new hotel, three new schools and a number of apartment houses and residences.

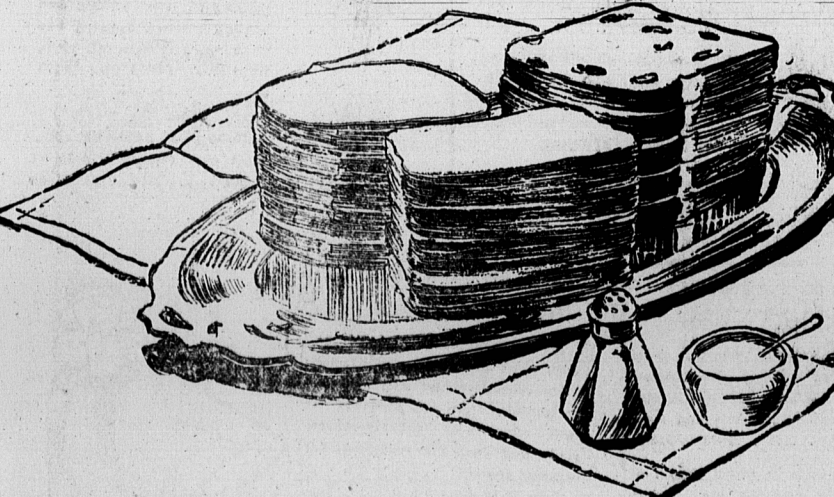

Asthma No Longer Dreaded.—The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it to-day and know for yourself.

Estimates Passed By City Council

		Miscellaneous	400.00
		Total	\$ 5,365.04

How many BREADS on your platter?

Do you serve in your home only one kind of meat—one kind of vegetable? Certainly not! You give your family plenty of variety in all these foods because you know it is necessary for their health, and that they would quickly tire of the same menu over and over.

Did you ever stop to think that this applies to bread too?

Your regular white loaf of Stewart's Bread is a necessity you must have on the table at every meal. But your Baker also carries a variety of other breads he bakes.

Try serving some of these along with the regular white loaf. More than one kind of bread on the platter offers a choice that every one will enjoy.

With these to choose from, you can serve as much variety of bread and other baked goods, as you do in other foods.

Variety of Breads

White bread, Whole wheat bread, Raisin bread, Parker House Rolls, Vienna Rolls, Sugar Buns, Filled buns, American Buns, German Buns, Biscuits, Butter Horns, Plain Bread buns, Whole wheat buns, Bran muffins, Stollen, Butter Fly Buns.

Why it takes a PENETRATING FOAM TO CLEAN TEETH COMPLETELY

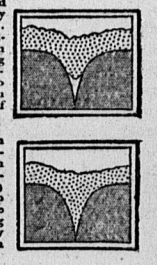

The difference between Colgate's and ordinary toothpastes lies in the unique, active foam into which Colgate's bursts, the instant it is brushed on teeth.

For this sparkling foam not only carries a polishing agent that makes teeth sparkle brilliantly... it does more! It possesses a remarkable property called low "surface-tension" which enables it to go down to the very bottom of all the tiny crevices and fissures in teeth and gums. There, it softens and dislodges the food particles and impurities which cause decay... and washes them away in a foaming, detergent wave of cleanliness.

The reason why Colgate's acts in this way is because it contains the greatest cleansing agent known to man. This cleansing agent makes the famous Colgate foam whose action is described above and it is the presence of this particular ingredient which makes Colgate's a better cleanser; a more economical cleanser... different in action and in results from ordinary, sluggish toothpastes which merely polish the outer surfaces of the teeth.

More dentists recommend Colgate's than any other toothpaste; more people use Colgate's than any other kind. This overwhelming leadership has been carried for over twenty-five years... proof positive that Colgate's gives the extra degree of cleansing power which people prefer.

How Colgate's Cleanses Tiny Tooth Crevices

Colgate's sparkling foam surges deep into tiny crevices washing out the impurities which ordinary brushing cannot reach.

"Speeding" one for Common Assault, one for Theft, one for Assault causing bodily harm and two for corner loafing.

During April we assisted the Prohibition Officers in twenty nine searches of premises suspected of the unlawful sale or possession of Intoxicating liquors. Ten prosecutions were entered, resulting in six convictions, three dismissals and one withdrawal.

On April 25th the Force collected 24 samples of milk and four of cream from store-keepers; same were delivered to the City Analyst for test.

The amount collected in fines and costs during April are as follows:
Four Fines of \$200.00 each imposed under "The Prohibition Act"

Special This Week

This week you have a wonderful opportunity to buy a new dinner set.

We are offering our English Dinner Ware at exceptionally low prices.
