LONDON, Feb. 10.—(Special)—Gen. Buller is once more south of the Tugela River and Gen. McDonald is back at Modder River, but a telegram from Spearman's Camp says Buller's retirement is merely a change of tactics. Casualties have been slight and the force will soon resume operations.

DR. POPE DEAD.

He Was Probably the Oldest Methodist Clergyman in the Province.

Dr. Henry Pope, probably the oldest Methodist clergyman in the New Brunswick and P. E. Island conference, died at his late residence Thursday evening of paralysis. He had been ill only a fortnight.

Dr. Pope was the son of Rev. Henry Pope, and was born in Nova Scotia, in which province he passed his early years. In 1844 he was received as a probationer, and in 1848 was ordained to the Methodist ministry. During his active life he held pastoral charge over the following circuits: Burlington, N. S., for two years; Fredericton for one year; Pownal, two years; Halifax, two years; Maitland, three years; Petite River, three years; Little York, three years; Windsor, three years; Charlottetown, as a supernumerary, one year; Little York, three years; Charlottetown, three years; Germain Street, now Queen Square, three years; Centenary, two years. In 1876 his health broke down and he became a supernumerary.

Few ministers in maritime Methodism have been more honored by their brethren than Dr. Pope. He occupied the chair of the late Eastern British American conference, and was in 1874 elected first president of the N. B. and P. E. Island Conference. He was a delegate to the first Ecumenical Conference in London, and also a delegate to the general conference of 1874. In addition to these honorable positions, which he filled with great distinction, he was chairman of district for several years. In 1877 he received the title D. D. from Mount Allison University, and was for some years a member of the senate of that institution.

As a pastor he was greatly beloved. The humblest of his parishioners could appreciate the kindly intentioned visits of a true Christian gentleman. In him there was an unusual blending of dignity and amiability. He was ornate in his style of speaking, a master of choice adjectives. Though he used them freely, yet not one was superfluous. Perhaps no minister in the conference could draw up a series of complimentary resolutions with equal felicity and appropriateness with him. As a debater he was fair to his opponents, and in his palmy days generally contrived to say as much as could be said in favor of his own side of the question. One of his finest efforts was the speech he delivered in 1883 at St. Stephen on the question of Methodist union.

Dr. Pope published two volumes of his sermons, entitled, "Living Truths." The volumes are logical, orderly and thorough statements of the grand verities that are generally received in all churches. "Living Truths" might give a man an honorable place as an author.

Dr. Pope bore a name that Methodism throughout the world holds in high respect. He was a relative of the great Dr. Pope of Hedingen College, England, and his father, Rev. Henry Pope, was widely known throughout Canada as a minister who did efficient work for the church. For the last thirty years, Dr. Pope was a member of the Evangelical Alliance of this city, and his advice was always looked for and received with the most profound respect.

Shortly after his ordination Dr. Pope was married to Miss Johnson, sister of Dr. Johnson of Charlottetown; Mrs. Pope, with three children, Harry, now in Boston; Mrs. I. O. Thomas of this city, and Miss Jane Pope, survive him.—St. John's Sun.

HEART HUMBAG.

It is fashionable to day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, where as real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is a vital element of the blood. Too little iron means weakness, lack of spirits, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

METHODIST NOTES.

Rev. G. F. Dawson, in a private letter, reported a good work in progress in the church at Cornwall. Fourteen young people have given themselves publicly to the Lord and most of them have been made happy in His love. The church member also has been much revived.—Wesleyan.

Rev. W. J. Howard of Pownal in writing the Wesleyan says:—On Wednesday evening Jan. 10th quite a number of representatives from all over the circuit assembled at the parsonage to spend a social evening and to make a presentation of a very fine moon coat to their pastor and a snug purse of money to the pastor's wife. A very kindly worded address to the pastor was read. The company then sat down to a well loaded table, prepared by the ladies, and did ample justice to its contents. After conversation and music, the company broke up, leaving the occupants of the parsonage very happy. This is one of the many tokens of appreciation we and family have received from the dear people of the Pownal circuit since appointment here. They have been most considerate of our comfort in the parsonage and out of it. We especially appreciate these acts of kindness because they come from the entire circuit.

Rev. S. H. Rice pastor of the Methodist church in Souris, preached very acceptably in Grace church yesterday morning. The words of his text are found in Luke 11-31: "And behold a greater than Solomon is here." Comparisons were made between the life of Christ and that of Solomon, between the Kingdom of Christ and that of Solomon, the greatness, weakness, wickedness and temporality of the one, and the greatness, strength, purity and everlastingness of the other. The presence of Mr. Rice in Grace Church yesterday was the more appreciated by the congregation, because of his not only being a former pastor there, but the first pastor of the church which was organized about the time of the union of the Methodist and the Bible Christian bodies. He occupied the pulpit of the First Methodist Church yesterday evening, basing his remark on the words "To-day if ye will hear his voice harden not your hearts."
