YESTERDAY Mr. Geo. McLean placed upon the writer's table a sample of lobster with gelatine put up at his factory at Nine Mile Creek. The sample submitted was a fac simile of a special French order. It is pleasing to learn that the French people are finding out the excellence of our products and in this particular the Prince Edward Island crustacean is finding its way into the best markets of the world.

A FIRST-CLASS tailor is always looked for. In the history of progress there is no name so shining, no memory more revered than that of the family tailor. To be well dressed should be the desire and certainly is the privilege of all. The proper selection of cloths for a suit is acquired only by experience coupled with ordinary ability. Mr. W. A. Stewart, fashionable clothier of Summerside has attained a position in the commercial realm of the Province which can only be reached by one possessed with exceptional business ability. In his store will be found a full stock of gentlemen's supplies which include underwear, neckwear, collars, hats, etc.

ON Friday last while the Crescent was going into the pier at the dock yard Halifax one of her propellers struck the bottom and diver was sent down to make an examination and found that no damage had been sustained. The Crescent will about the first week in July on a cruise up the Gulf. As the ship came in the harbor the black painted life preservers hanging on the white bridges, at once attracted the notice of those on the wharf. It was remarked by one of the officers that they indicated that the ship was in mourning. All the officers wore black bands on their arms—mourning for the dead Queen.

EFFORTS are now being made to recover the body of Captain LeMaistre of the steamer St. Olaf, which was wrecked last winter at Seven Islands, Quebec. It was supposed that the officers and crew got ashore and perished and their bodies covered up with snow. This does not appear to be the case, however. Lately a Herald reporter conversed with the engineer of the steamer Greenland in North Sydney, and was informed by that officer that he visited this spring the St. Olaf wreck, and saw the steamer on the bottom and observed several bodies who appeared to be clinging to the wreck. The flesh was eaten off the faces and hands of the victims. The engineer of the Greenland believes that not a person on the ill-fated steamer got on shore, but went to the bottom with the St. Olaf.—Picton Advocate.

As a source of amusement and out do exercise the West Royalty B. C. C. is a benefit to the young folks of that place. The members meet every Wednesday evening and enjoy two hours of health giving amusement. Field captains Bell and Burke do all in their power for their respective sides, and so keen is the competition that at time the play becomes fast and very interesting but so evenly are the sides matched that honors gained at one meeting may be lost in the next. Five meetings have now been held and the popularity of the club is shown by the increasing membership. This club does not confine itself to baseball alone, but other out door games are included. The next meeting will be held at the Point Farm on Wednesday next June 5. All members are requested to be on the grounds at 7 sharp as there is important business before the club at that hour, earlier if possible.

SURE ALL OVER.

Back Sore, Head Sore, Hand Sore—The Terrible Experience of Mrs. Rousseau of Ottawa.

OTTAWA, Ont., June 3.—(Special).—The following written statement, made and signed by Mrs. J. William Rousseau, of 10 Flora Street, this city, shows what some women can go through, and yet live:—  
"I have been ailing for three years. My back was dreadfully sore. My head ached all the time. My hands were swollen and very painful.  
"I cannot tell the pains I endured. No words can describe my torture.  
"I used Dodd's Kidney Pills—three boxes altogether—and I am well.  
"They did more for me than anything else in the world, and I recommend them to every suffering woman."  
Dodd's Kidney Pills have wrought some miraculous cures in and around Ottawa, but none more satisfactory, than in the case of Mrs. Rousseau.
