The business establishment of Calder & Son, is an interesting place to visit, as in a great many ways it resembles a beehive. Everybody, from the errand boy to the expert cutter appears to have plenty to do and what is more, do it in a thorough, systematic, and strictly modern manner. The firm has received the best part of their spring stock, and have on exhibit a splendid range of suitings, serges, and striped pantings, also fancy worsteds, and tweeds in fashionable shades. They are making a large number of spring overcoats in the very latest style, and, as their staff is an absolutely competent one, their patrons are assured of the best of satisfaction.

At New Wonderland last night, Miss Rosa made a most brilliant entertainer, and held the boards despite the dancing team failing to arrive. She gave character impersonations of a vaudeville performance, rendering the soubrette who thought she could sing but couldn't, the little Dutch girl who did her best, the prima Donna who certainly charmed her audience, and the Irish girl, in love with 'Loving Murphy.' Odd steps of dancing she interspersed gaily among the music, and was compelled to answer to recalls each time. The song 'The Iceman' was also a pronounced success, and was it not for the fact that she announced why the dancing team had not arrived, no one would have remembered they were coming, in the wealth of her entertainment. The pictures were excellent and tonight the bill will be further supplemented by Ferris and Russel, people who know how to dance and do it.

"Hear Miss Rosa sing 'All she got from the Iceman' at New Wonderland tonight."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional condition, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O.
