

a queen who ruined her king

Feminine lust for power—feminine blindness to consequences and German blood that was stronger than wisely love or queenly allegiance ruined a king and discredited a nation. (Don't fail to read the thrilling historical account of how a Queen, the blood sister of a ruling petty monarch, deliberately accomplished the ruin of the poor pantomime monarch who lacked the strength to combat her network of intrigue. With a weakness born of desperation, she fought in vain the power that bound her, and as a result, wandered in exile today. A fascinating event of history complete in the March issue of EVERYWOMAN'S WORLD.

—SUNDAY SERVICES—Regular services will be held in St. Andrew's Presbyterian Church, Montague, on Sunday, March 21st. The pastor will preach also at Lower Montague at 3 p. m.

—HORSE NOTE—Mr. J. H. McGregor of Montague, the well known horseman has recently purchased from Mr. Jas. Riley of Gaspereaux the fast trotting mare Leyburn Forward. This horse is American bred and registered, being a descendant of the famous Wilkes family under the careful training of Mr. McGregor. Leyburn Forward will no doubt be heard from in the near future.

Potato Flour Proposition

Continued from Page Four

our efforts have been in vain as he stated that "they would not care to come into a territory where open hostility is displayed." This we presume is why the St. Peters Starch Co. now have no quarrel with the American Corporation, and goes to show how easily one live wire can circumvent the combined efforts of the producers of the western provinces and the Charlotte-town Board of Trade.

We might say, however, that we have not yet abandoned all hope, and steps have been taken to show that the St. Peters Starch Co. does not represent even the Starch industry of this Province, while the Denatured Alcohol Co. exists in the minds of the promoters only, and is a convenient cloak to cover the identity of some individual.

We think, however, that it is time the producers—the people really interested in this thing—took some decided stand in the matter. They, after all, are the ones who should be interested, and this is the time for them to show where they stand. They have been asked to guarantee nothing, and they cannot possibly lose by the establishment of such an industry, and they have, so far as I can see it, everything to gain.

A representative of the St. Peters Starch Co. who was present at the meeting addressed by Mr. Hartman admitted that the Starch Companies here were practically out of business, owing to the fact that there was no demand for their product. Why then should they be permitted to defeat the efforts put forth to have located here a plant that can handle the product that they are unable to make use of.

Thanking you for the space, and assuring you that so far as I am concerned, this closes the matter in the press.

I am Sir, etc. ISAAC CARTER, President of the Charlottetown Board of Trade.

The Present Outlook For Prohibition

Continued from Page Four

Prohibition would be allowed to import from beyond the Province. In practice this allows the "short-circuit" arrangement by which orders may be sent to an agent outside the Province, while in reality the liquor is sold and delivered by a firm in one's own neighbourhood. Also grave difficulties have arisen regarding the prescription sale by druggists and physicians of beverages which could hardly be regarded as bona fide medical treatment. It must be noted that these defects, while valid ground of criticism of the acts if we assume that they aimed at preventing people obtaining liquor in their own homes, are no valid grounds on which to allege failure of the old acts.

The real question now before the people of various Provinces is twofold. First, the better regulation of the sale by physicians and druggists, and second, the future regulation of the quantity of liquor to be allowed in one's own private cellar.

The proposal to invade the cellar marks a definite advance beyond the previous acts and it is well that all our people should in taking this step, be fully aware of the new principle involved. They should recognize that the new Federal Law which may be used to prohibit the actual importation of the liquor itself and will not in any way interfere with the "short-circuit" arrangement to which exception is now taken. But it will go a long way to curtailing the amount available for distribution in some Provinces where liquor is not now manufactured, and thus will afford greatly improved protection against abuse.

I am Sir, etc. ERNEST THOMAS, Board of Social Service, Toronto, March 9, 1920.

LORD GREY'S TOUR TO U.S. IN INTERESTS OF LEAGUE

Will Give Series of Lectures in United States in the Interests of the League of Nations.

(Dom. Press Special.) LONDON, March 18.—More details concerning Lord Grey's forthcoming visit to the United States were revealed today in an announcement that the diplomat, planned a lecture tour with the League of Nations as his theme. He is an ardent proponent of the League and believes that upon the support it receives in America, depends in a large measure the success or failure of the covenant. When he went to Washington as British Ambassador it was in his mind to travel over the country to speak in behalf of the League but while the treaty was in the Senate he felt himself constrained to silence. On his return to America he will be without official status and so may talk freely. Other British and French statesmen probably will go to the United States this summer in the interests of the League, although the plans are dependent somewhat upon the fate of the Versailles Treaty in the Senate.

ANNUAL MEETING P. E. I. RACING ASSOCIATION

Excellent Resume of Year's Work by President Kelly with Forecast for Coming Season.

The annual meeting of the Prince Edward Island Racing Association was held in the office of Mr. J. Stanley Wedlock on Tuesday night. There was a large attendance of horsemen and race track managers. The President Mr. Hammond Kelly addressed the meeting as follows:—

—PRESIDENT'S ADDRESS— Gentlemen:— A little over a year ago we met in this office for the purpose of organizing an Association of horsemen and track owners to try and improve the status of horse racing and to give both the track owners and campaigning horsemen a better chance to engage in the sport without incurring financial loss. It is a recognized fact that horsemen throughout the world are sportsmen in the truest sense of the word and in no country in the world is that truer than in this beautiful Province of Prince Edward Island. Here we find men in all walks of life engaging in the sport of kings, purely for the sport of it. We find others that are preparing tracks and horse race meets practically without the incentive of any financial gain, merely making an effort to keep alive the finest sport in the world. Conditions being in this state a few men connected with sport conceived the idea of forming a racing association which would bring horsemen and track owners together so that plans could be made to improve conditions for both. An notice of meeting was sent out and the result was the meeting of a year ago which was so highly successful. Gentlemen, I think we can look back on our first year with a great deal of pride and pleasure. By our organization we have elevated the sport and it is certainly today the premier sporting pleasure of this Province. We have adopted a uniform admission fee thereby improving the financial conditions of the race tracks. We have increased the purses at the various racemeets thereby helping the campaigning horsemen to make ends meet. We have encouraged the attendance of automobile owners with gratifying success and by our newspaper publicity we have secured the sympathy of the public and avoided friction with any section of it. By mutual good will and consideration we have maintained harmony between owners of race tracks and visiting horsemen. I feel safe in saying that all are on the best of terms. It is a source of satisfaction, therefore, to meet you tonight and thank you for your sympathy, encouragement and help during the past year. May we continue to keep our Association in the forefront and maintain its dominant position in the sporting world in my sincere wish.

After the reading of the President's report Mr. P. S. Brown congratulated him on the success of the Association during the past year, spoke of the great benefits of unity and recommended a forward policy for 1920. He was followed by other speakers who all emphasized the work of the Association and the necessity of keeping it intact. A discussion took place regarding the advisability of joining the National Trotting Association and on motion it was decided that all the tracks would this year become members of the National Trotting Association. To encourage early racing and to enable horses at races in June to take part in classes later on in the season it was decided that every track would include in its conditions that records made previous to July 1st would be no bar. A lively discussion took place as to the classes for the summer racing. It was pointed out that there was a large number of trotters eligible to the 2:40 trot and it was the general opinion that 2:40 class trot would be popular class. Other classes which met with considerable approval were 2:25 class mixed and 2:20 class mixed. A resolution was passed asking all tracks to publish on their forms of advertisements that they are members of the National Trotting Association. The speakers were all enthusiastic as to the prospects for this year's racing. It was felt that with the present admission fee of fifty cents that good racing could be carried on and tracks kept in shape without the old risk of incurring a big financial loss. All speakers were unanimous in the encouragement of the attendance of automobile owners. It was felt that this was the solution of long distance transportation on the Island to the races as the railway rates for special trains are prohibitive. Every facility will be afforded the automobilists and special parking arranged at each track.

Trains Collided at Mahone Junction

LUNENBURG, March 18.—As the morning train got on the main line and was slowly backing to the station at Mahone Junction today a freight train came around the curve from the Blockhouse and a head-on collision took place. The Lunenburg train had a number of passengers who were considerably shaken up, but beyond a few bruises and slight cuts no serious injuries were received. Both locomotives were badly damaged, the engine of the freight train being placed out of commission.

PILES

Do not suffer another day with itching, bleeding or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box all dealers, or Dr. Chase's Ointment Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c.

"My Sunday Chew" This is what the younger men have named STAG Chewing Tobacco. It is a flat plug that won't stain the pockets and may be carried in the pocket without the necessity of its being wrapped. Ask your dealer for a flat plug of "Stag". "Ever-lastingly Good"

Rev. G. C. Taylor At the Rotary Club

Continued From Page One mer have little opportunity of getting a glimpse of God's outdoors. If such an outing could only be given to those it would be well worth the while of Rot ary. A hearty vote of thanks was tendered the speaker at the close, eloquently moved by Rotarian G. S. Inman, seconded by Rotarian Van Buskirk. In acknowledging the vote Mr. Taylor said he hoped that the Rotarians would meet at his summer place at Rocky Point during the summer. Dr. Yeo asked that the Rotarians get behind the anti-tuberculosis movement and called attention to the meeting to be held here next week. Rotarian Irwin called attention of the Club to the recital to be given by Messrs Morris and Earle and to the Horse and Auto shows. He referred also to a communication on daylight saving, which he had received. In response to a communication from the Board of Trade, Rotarian S. A. McLeod in the absence of President Grant appointed A. A. Pomeroy, H. M. Van-

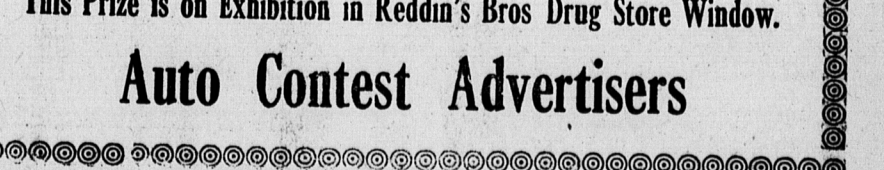

buskirk, C. H. Black, P. W. Turner and P. L. Kinsman as a committee to co-operate with the Board in making arrangements for the visit of the Imperial Press Union. After another good song from Mr. Earle the meeting adjourned.

Farce Comedy

The farce comedy "Our Wives" in three acts presented at Happyland on Wednesday evening by Div No. 5 A. O. H. was one of the most successful St. Patrick entertainments yet held by this Society. The hall was filled to its utmost capacity and the affair was much appreciated by all. The presentation showed that the play had been carefully prepared and studied. CAST OF CHARACTERS Roswell Chandler, a retired merchant... Oscar Siebel, a composer... J. J. McNeill, a detective... Gilda Deveaux, wife of Deveaux... Edith Doyle
