WASTING AWAY

It's the small but constant loss of flesh that indicates physical waste—the gradual slipping away of healthy flesh, pound by pound, which no ordinary food seems to restore.

Take No Risk With a Cold

Dr. CHASE'S SYRUP OF LINSEED and TURPENTINE. If you could depend on a cold passing off of its own accord it would be all very well to let it run its course. The risk is too great. Consumption and pneumonia always have their beginnings in a cold. If you take prompt means of curing every cold you will never be a victim of these or other fatal lung troubles. Did you ever wait to think of it that way? Dr. Chase's Syrup of Linseed and Turpentine is best known on account of its extraordinary control over croup, bronchitis, whooping cough, asthma and severe chest colds. As a means of overcoming ordinary coughs and colds, throat irritation and the many diseases of the throat, bronchial tubes and lungs it has made an enviable reputation for reliability. Pleasant to take, thorough and far-reaching in action, and certain in its beneficial results, Dr. Chase's Syrup of Linseed and Turpentine should have a place in every house as a safeguard against consumption and other fatal lung diseases. Mrs. A. A. Vanbuskirk, Robinson street Moncton N. B., states: "For years I have used Dr. Chase's Syrup of Linseed and Turpentine for my children whenever they take cold, I used it first with a severe form of asthma. We have never tried anything in the way of a cough medicine that worked so satisfactorily. It seemed to go right to the diseased parts and brought speedy relief." Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle at all dealers or Edmonson, Bates & Co., Toronto, to protect your agent imitations the portrait and signature of Dr. A. W.
