FIRST CARLOAD OF POTATOES FROM ISLAND

Crossed On Car Ferry Yesterday Consigned For Export To The West Indies.

(Special to the Guardian)

CAPE TORMENTINE, N. B., Sept. 23.—The first carload of potatoes from this season's crop was ferried over from Prince Edward Island today on the new Canadian National Railway ice breaking car ferry, S. S. Charlottetown from Borden, P. E. I., to Cape Tormentine, N. B., and went forward to Halifax consigned for export to the West Indies. There was a good potato crop on the Island this year but the price at the present time is low.

QUE. SEATS TO BE CONTESTED NEXT MONTH

October 5th and 10th. Dates Set For Actions.

(Canadian Press)

MONTREAL, Que., Sept. 23.—Le Devoir, Montreal, today said it had learned from an authoritative source that the election of the seventy-nine Liberals returned to the Legislative Assembly on August twenty-fourth last would be contested by the Provincial Conservative party, eleven members of which were elected in a house of ninety seats. The actions would be taken on October 5 in twenty-five counties and on October 10 in the other fifty-four constituencies, the paper said.

Ill Wind Blew Somebody Good

(Canadian Press)

NEW YORK, N. Y., Sept. 23.—The ill wind that forced England off the gold standard has blown good for the Trans Atlantic cable and telephone companies. A leap in the volume of messages under the ocean and through the ether above was reported today by telegraph and telephone concerns. In two days, the unsettled and international interest attendant on the British financial situation have resulted in a 20 to 25 per cent. jump in the volume of trans Atlantic messages handled by one company. An increase of more than 20 per cent. in all types of messages handled was reported by another, while press business increased more than 40 per cent.

LONDON, Sept. 23.—The Government has authorized Lord Cecil at Geneva to accept Italy's proposal for a world wide arms truce until the general arms conference next year provided the other nations accept. Stanley Baldwin made the announcement in the House of Commons today.

their buoyancy was reflected in the prices of many securities. Industrials showed considerable strength, due mainly to covering by "beats" and adjustments to the new off-gold standard sterling quotations. French bonds were good and German bonds showed a sharp advance. Gilt edged issues, which were marked down at the opening, improved towards the close. Weary dealers said at the end of the day that the re opening had gone off very nicely, and they were able to enjoy news that the Austin Motor Company had been so successful during the last year that the directors were recommending a 100 per cent dividend on ordinary shares.

(By F. H. Myring, Associated Press Staff Writer)
LONDON, Sept. 23.—Swarms of stock brokers, laughing and cheering like school boys, invaded the Stock Exchange today for the resumption of trading after the two day compulsory close down, under

Wins Beauty Contest

HER PROFILE TO ADORN NATIONAL THEATRE

From among more than 4,000 contestants, Mlle. Marie Karitch, a Belgrade stenographer, was chosen as having the features most typical of Yugoslavian beauty. Her profile will appear on the drop curtain of the new Serbian National Theatre.

A Serious Situation

(Canadian Press)

DETROIT, Mich., Sept. 23.—The American Legion today instructed the legislative committee to seek passage of a law to prevent an estimated 3,000,000 illegally entered aliens from working or doing business in the United States.

GENERAL SYNOD ELECTS NEW PRIMATE

(Canadian Press)

TORONTO, Sept. 23.—Most Rev. C. L. Worrell of Halifax, Archbishop of Nova Scotia since 1915, was today elected Primate of all Canada by the House of Bishops of the General Synod of the Church of England in Canada. He succeeds Most Rev. S. P. Matheson of Winnipeg, who retired from office last year.

Archbishop Worrell, who has been acting as Primate for the past year, is now the senior prelate of the Anglican communion in Canada. He became Bishop of Nova Scotia in 1904 after 23 years of service in the Church. This summer he celebrated his 78th birthday. Though a Maritime for many years standing, Archbishop Worrell was born at Smith Falls, Ont., July 20, 1853, and spent the early part of his career in this province. He was educated at Trinity College, Toronto, and ordained deacon in 1881 and priest in 1884, after serving as Curate of Gananogue. The Primate is experienced as an educationalist as well as priest. From 1882 to 1884 he was Curate of Holy Trinity Church, Brockville, and headmaster of Brockville high school. After a brief period in Williamsburg and Morrisburg, he was professor of English literature at the Royal Military College, Kingston, from 1891 to 1904 and at the same time serving churches in that vicinity. In 1877 he married the late Charlotte Ward, daughter of Major General T. W. Ward. They had one son and three daughters. He was married again in 1917 to Miss Annie N. Abbott of Halifax. Archbishop Worrell takes an active interest in the social life of Halifax, is a past President of the Canadian Club, and a member of

ROBERTSON MAKES APPEAL TO CANADIANS

To Meet The Present Economic Crisis With The Same Spirit Which They Displayed During The Great War.

(Canadian Press)

VANCOUVER, B. C., Sept. 23.—Appeal to Canadians to meet the present economic crisis with the same spirit which they displayed during the Great War, to take their individual part in the cooperation which was shown by their Governments, was made by Senator G. D. Robertson, Minister of Labor, today in an address to the convention of the Trades and Labor Congress of Canada.

Senator Robertson spoke not only as a Minister, but as an accredited delegate to the convention. After reviewing the efforts of the Dominion and other Governments to meet the situation last year, the Minister went on to say that the cooperative effort has been intensified this year. They have recognized that, while conditions in Eastern Canada are bad, the West has been hardest hit. Therefore, they have agreed to pay half the cost of relief work instead of one quarter as they did last year.

the Halifax commercial, and overseas calls.
TORONTO, Sept. 23.—The Church of England General Synod today previous to the election by the House of Bishops of Most Rev. C. A. Worrell, Archbishop of Nova Scotia as Primate, rose again to give final approval to a change in the basis of constitution, in such a way as to make immediately operative an already adopted Canon providing for the election of the Church's Primate by the Synod, instead of by the House of Bishops. If such a change is to be made effective at this Assembly of the Synod, a unanimous vote upon the enabling motion was necessary.

As occurred on the opening night of the Synod, more than a week ago, the Lower House this morning withheld this unanimity. The House, however, again gave the motion of Chancellor R. V. Harris of Halifax, the necessary two-thirds majority to make it effective subject to further ratification at the Synod's next Assembly, three years from now.

EGMONT BAY-MONT CARMEL EXHIBITION

Ideal Weather Brings Out Large Attendance—Exhibits of The Usual High Standard.

(Special to The Guardian)

Although somewhat cloudy in the morning, the weather turned out fine and warm in the afternoon for the Egmont Bay and Mont Carmel Exhibition, which was held yesterday at Egmont Bay. The Fair was opened by His Honor, Lieut. Gov. Charles Dalton at 2 p. m.

The exhibits were up to the usual high standard, the ladies' department being particularly attractive. Outstanding features of the exhibition were a champion shorthorn calf, exhibited by a young school-boy, Charles Arsenault, of Urbanville, a number of choice floats and potatoes and some fine medium silver foxes. The exhibit of cobbler was one of the finest Mr. S. J. Phipps had seen for some time. The new building for the showing of roots and vegetables is a great improvement over the old one. Other improvements were noted by the visitors. There was a large attendance from various sections of the country and as usual many citizens from Summerside, who look forward with pleasure to this annual affair. Many of the visitors took the opportunity of looking over the beautiful new church, which was recently opened.

Among those attending from Summerside were Mr. J. F. Arnett, Mr. A. E. McLean, M.P., and Mrs. McLean, Hon. Adrien F. Arsenault, Mrs. McNeill, wife of Hon. L. M. McNeill, and Miss Leonore McNeill.

Extended Welcome

Rev. F. X. Gallant, speaking in French and English, extended a hearty welcome to His Honor, Lieut. Governor Dalton and to the many visitors present. In his brief remarks, Rev. Father Gallant said, that he was pleased to see the church and state were well represented. Lieut. Governor Dalton was then called upon to address the gathering and formally opened the Fair. "O Canada" was sung by those gathered around.

His Honor expressed much pleasure at being privileged to open this exhibition, and although this was his first visit to Egmont Bay, he assured the people that it would not be his last. He congratulated the Association and the exhibitors on their splendid efforts to make this event a success. He gave a short sketch of his pioneer days in fox breeding and emphasized the fact that in any branch of livestock breeding, quality is the main thing in successful farming.

Mr. A. E. McLean, M.P., the next speaker, congratulated the farmers of Egmont Bay and Mont Carmel on their successful exhibition, which although only a few years old had made rapid strides. He urged the need for more competition in the different lines of livestock exhibited.

Mr. J. W. Boulter, Deputy Minister of Agriculture, expressed regret that Hon. G. Shelton Sharp could not be present, but he assured the farmers that the Department was anxious to assist them in every way and would be glad to see them at any time. He was pleased to see that the people of Egmont Bay had made use of the Department in regard to livestock.

Speaking of the potato market, Mr. Boulter remarked the farmers have to face the fact that there will not be the prices this fall that has prevailed in previous years, but that the price may improve in the spring. He advised taking great care of the potato crop and especially of the seed potatoes, as there is a possibility of a good market for them in the spring. When prices are low there is greater need to conserve the farm products.

Mr. J. A. Clark, of the Experiment Station, said that the price of potatoes will be Sir Josiah Stamp.

Eloped

MARRIED SENATOR'S SON
Mary Faust, 16-year-old daughter of a Fairmont metal-worker, eloped with and married John C. Neely, 17, son of United States Senator M. M. Neely of West Virginia. They managed to keep the secret of their wedding for a week.

HIGHER PRICES FOR WHEAT AT CENTRES

Winnipeg And Chicago Report Upward Trend In Commodity Prices.

(Special to the Guardian)

TORONTO, Sept. 23.—Higher prices for wheat at Winnipeg and Chicago coupled with better demand for spot cotton at Liverpool and a display of temporary strength in the New York cotton market were among the favorable indices of the trend in commodity prices yesterday. Attention was directed anew to the silver situation by the advance of silver to 15 3/8 pence an ounce at London, compared with the price of 12 15 1/8 pence at the close of last week.

Of more immediate concern to Canadians was the advance in wheat futures at Winnipeg. Gains of 1 1/2 cents to 1 3/4 cents a bushel were recorded in the Canadian market, while Chicago quotations were fractionally higher. Declines in the commodity list were shown by coffee futures at New York. Copper at New York was quiet and fairly steady; tin quotations were slightly lower; iron was quiet and unchanged, and lead and zinc were steady at principal United States markets.

\$110,000 WILL BE SPENT ON HALIFAX FRONT

Additional Port Improvements Has Been Authorized By Harbor Board.

(Canadian Press)

HALIFAX, N. S., Sept. 23.—Expenditure of more than \$110,000 within the next few weeks has been authorized for additional port improvements, it was announced today at the Halifax Harbor Commissioners' office. The most important of three items involved is that providing for the erection of three modern buildings for the use of stevedores and other waterfront workers as rest rooms. Two will be placed at the south terminals, one at deep water, the north piers. Extension of the fire alarm system and permanent conversion of the upper storey of pier 2 into a frost proof and heated storage room for seasonal commodities, such as potatoes, will also be undertaken.

Trains Not Earning Enough

(Canadian Press)

SAINT JOHN, N. B., Sept. 23.—Replying to the local Board of Trades protest against taking off trains 9 and 10 between Saint John and Halifax, Sir Henry Thornton, President of the Canadian National Railways, writes that these trains have not been earning enough to pay out-of-pocket cost of operation and it is intended to discontinue them at the end of this week. They have been carrying some suburban business, however. The early morning and the late evening train service between Saint John and Hampton will be re-established.

Will Not Renew His Term As Bank Governor

(Special to the Guardian)

LONDON, Sept. 23.—Montagu Norman will not renew his term as Governor of the Bank of England when it expires, it was said in authoritative quarters today. Persistent rumors that he is soon to resign were denied. Differences of opinion over abandonment of the gold standard have arisen it was said. Norman's successor probably will be Sir Josiah Stamp.

Will Prosecute Alleged Motion Picture Combine

(Canadian Press)

TORONTO, Ont., Sept. 23.—Following a two months consideration of the report submitted to the Federal Department of Labor by Peter White, K. C., sitting as royal commissioner at an investigation conducted into the affairs of the motion picture industry in Canada, Hon. W. H. Price, Attorney General, announced last night that Ontario is launching prosecutions against the alleged motion picture combine which Commissioner White found existed in the provinces.

The Weather Etc

TORONTO, Sept. 24.—Moderate to fresh southerly winds, partly cloudy and a little warmer; probably some fog on coast.

Temperatures
Maximum 5
Minimum 5

High tide this morning at 8.4 and tonight at 9.58.

Sun sets this evening at 5.56 and rises tomorrow morning at 5.40.

Full moon Saturday, Sept. 24 3.45 p. m.

Summerside tide eighteen minutes later than Charlottetown.

CAR FERRY SCHEDULE

Week days—Leaves Borden daily 9.15 a. m.; 11.40 and 5.15 p. m. Leaves Tormentine daily: 10.4 a. m.; 2.55 p. m. and 7 p. m.
