ITALY FORMALLY TAKES OVER MAKALE

LIBYAN LANCERS RIDE DOWN ETHIOPIANS

Attempt To Cut Italian Communication Lines South of Haufen Fails.

(By Andree Berding, Associated Press Foreign Staff)

(A. P. By Guardian's Special Wire) HAUFEN, Ethiopia, Nov. 13.—A fierce charge by white-horse Libyan lancers balked an Ethiopian attempt to cut Italian communication lines south of Haufen today. Many were slain before the forces of Dedjazmach Gabriel, the Ethiopian commander, were dispersed. The Ethiopians had hidden themselves in fields of maize on both sides of a caravan trail leading to Haufen (about 50 miles northwest of Makale). They waited until a long train of mules was well between them, and opened fire. However, the Libyan Spahis of Colonel Minecel, a cavalry squadron which has several members of the Italian nobility among its officers, charged up. With black pennants fluttering from their spears, the troopers wheeled into the maize fields, ran down the Ethiopians and put them to flight.

Makale Annexed.

Last Guns Fired In British Election

Party Leaders Issue Final Messages On Eve Of Polling Day.

(By George Hambleton, Canadian Press Staff Writer)

(C. P. By Guardian's Special Wire) LONDON, Nov. 13.—(C. P. Cable)—The tumult of the general election campaign died away tonight as the last appeals were voiced prior to the voting tomorrow. Party leaders issued their final messages and forecasters gave the final touch to their predictions. It was generally expected that the National Government would be returned to power but with a considerably reduced majority. Rowdiness marked the campaign in many divisions, particularly in industrial districts. A number of government leaders, some of whom face hard fights for re-election, were special targets for hecklers.

European Crisis

The current European crisis and the state of Britain's defences have been kept in the forefront as a campaign subject, notably by government candidates. The government declared it sought public approval of its stand against Italian aggression in Ethiopia and its efforts for peace. It also asked a mandate to permit building up defence forces. "I ask you," said Prime Minister Baldwin in his final speech at Newcastle. "For the same free hand you gave the government four years ago that we may continue our forward march—a free hand at home and a free hand abroad—to widen the restoration of our prosperity."

"So long as our international trade is hampered and harassed, so long as we have our distressed areas, our northern parts in a state of depression, our shipping half-rundown—so long as there is need for the liberation work of Liberalism," said Sir Herbert Samuel, leader of the Liberal opposition. C. R. Atlee, leader of the Parliamentary Labor party, said: "The Labor party stands for democracy, peace and social justice. It bases its foreign and home policy on the practical application of the doctrine of the brotherhood of man."

Rasmy Macdonald, Lord President of the Council, who quit the Labor party in 1931 to become leader of the National Labor group, was the target for violent heckling in his campaign in the mining constituency of Seaham and his Labor opponent, Emanuel Shinnell, appeared to have a good chance to win. Macdonald was shouted down on numerous occasions. Other prominent figures whose re-election seemed in doubt were Sir John Simon, leader of the Liberal National group, running in Spen Valley; Sir Herbert Samuel in Darwin, Minister of Agriculture; Walter Elliot in Glasgow, Colonial Secretary; Malcolm MacDonald in Basse; and Minister of Health Sir Kingsley Wood in Woolwich. A total of 1,348 candidates are running. Forty of them received acclamations, including Mr. Baldwin. The candidates by parties are as follows:

Government: Conservative 511, Liberal National 45, National Labor 17, National 11. Opposition: Labor 551, Liberal 151, Independent Labor party 17, Independent 45. More forecasts indicate the government will secure a majority of between 100 and 150, composed with the majority of 421 it had at dissolution.

Mob Hangs Two Negroes

COLUMBUS, Tex., Nov. 13.—Official action lagged tonight against the howling, cursing mob which lynched two young negroes near here last night. County Attorney O. P. Moore termed the lynching "an expression of the will of the people." Sheriff Frank Hegemeyer asked that a court of inquiry be withheld pending investigation.

Girl Flyer In Record Breaking Atlantic Flight

(C. P. By Guardian's Special Wire) PERNAMBUCO, Brazil, Nov. 13.—(C. P. Cable via Reuters)—New Zealand's young and adventurous girl flyer, Jean Batten, stepped from her airplane at Natal late today—the first of her sex to fly alone across the South Atlantic. Miss Batten completed the 1,261-mile flight from Thies, French Senegal, at 4.45 p. m., local time (2.45 p. m., E. S. T.). Her time of 13 hours 15 minutes for the ocean hop bettered the solo record set by the Spanish Compo of 16 1-2 hours. She left Thies at 5.30 a. m. (1.30 a. m., E. S. T.). The youthful flyer, who took off from Lympe airport near London early Monday morning, also broke the record set by Capt. James Molson of 82 hours eight minutes from Lympe to Natal. She made the flight in 41 hours 15 minutes. "I'll fly to Rio de Janeiro at 8 o'clock tomorrow," said Miss Batten, who abandoned music lessons in London to take up flying in a plane once owned by the Prince of Wales.

JOINT REPLY TO ITALIAN NOTE FAVORED

Britain's Attitude Unchanged As Mussolini Threatens Reprisals Against Sanctionists.

(By John Evans, Associated Press Foreign Staff)

(A. P. By Guardian's Special Wire) ROME, Nov. 13.—Premier Mussolini plans a policy of "an eye for an eye and a tooth for a tooth" against the 51 sanctionist countries, it was disclosed tonight. Diplomatic circles said his plan of treating other countries as they treat Italy explains why no blanket order will bar all imports. Authoritative sources meanwhile indicated Il Duce would hold further conversations with Sir Eric Drummond, British Ambassador, regarding the European situation.

Renewal of Talks

An official statement concerning the renewal of the talks last night said only that it "dealt with the situation of the two nations in the Mediterranean." Great Britain has strengthened its Mediterranean fleet since the European tension arose because of the Italo-Ethiopian situation, while Italy has increased its garrison in Libya.

Premier Mussolini, in his note of protest to each country which had approved the League of Nations sanctions plan, invited last minute "repentance" by warning of the consequences and asking each country what it intended doing. Decrees have been prepared for immediate promulgation against nations which indicate continued pressure against Italy, but Mussolini intends to let the League powers become the "aggressors" in the economic war.

LONDON, Nov. 13.—The government let it be known today it is not planning an individual reply to Premier Mussolini's protest against the League of Nations' invocation of sanctions, which was dispatched to the various member states separately. Rather, it is believed it favors a joint answer through the League.

FIRE SWEEPING IOWA HOSPITAL

IOWA CITY, Ia., Nov. 14.—Fire broke out in the Mercy Hospital at 11 p. m. tonight and raged out of control, threatening the entire hospital, containing several hundred patients. The fire was believed to have originated in a paper chute on the fourth floor of the hospital annex, which is connected with the main building. It spread rapidly to the roof, routing more than 100 nurses and employees who lived in that section of the building. The occupants fled precipitately, many dressed in flimsy night clothes.

King Will Leave Today To Sign Canada-U.S. Pact

Prime Minister Mackenzie King above will leave Ottawa today for Washington to sign on behalf of Canada, the reciprocal trade agreement with United States. Above is pictured the Canadian Legation.

(C. P. By Guardian's Special Wire) OTTAWA, Nov. 13.—The Canada-United States reciprocal trade treaty continued to hold the political spotlight today but so far as its details are concerned it remains a closed book the contents of which have raised considerable apprehension among Canadian producers. Representatives of Canadian automobile and radio manufacturers, and of other industries were in Ottawa in large numbers and were reported to be seeking reassurance as to the tariff protection they have enjoyed, but ministers could tell them nothing. Because of the determination of both the United States and Canadian governments to keep the details a secret it was impossible for interested parties to secure either reassurance or confirmation of their fears.

Just when Prime Minister Mackenzie King will leave for Washington to affix his signature to the new treaty had not been decided tonight. He had been prepared to leave today if necessary and may go tomorrow. It depends upon the progress made by the experts who are in Washington preparing the text. The government is being kept constantly advised.

CHINESE WAR LORD SHOT

Woman Assassin In Hands Of Police.

(A. P. By Guardian's Special Wire) TIENTSIN, China, Nov. 14.—(Thursday)—A praying woman assassin who chose a Buddhist temple to slay Marshall Sun Chuan-fang, once called Japan's choice for leadership of an independent North China, was in the hands of police today. The 25-year-old well dressed slayer turned from an attitude of praying as sun entered the temple to attend a Buddhist meeting yesterday and emptied her revolver at the General. Then she calmly surrendered to police.

Investigators reported that the woman was the daughter of the late General Sze Chung-pin, and that she blamed Sun for the execution of her father. Once one of the most powerful war lords in China, Sun has been a staunch opponent of the Nanjing government. He was 50 years old and had been living in retirement in recent years. The temple where the shooting occurred is in the Chinese section of the city.

PARIS, Nov. 13.—(A.P.)—An increase of \$26,000,000 francs more than \$34,000,000 in the French naval budget for 1936 tonight was described in political quarters as a direct consequence of the present international situation.

Survivors Relate Tales Of Heroism And Horror

(By E. E. Bomar Associated Press Foreign Staff) MANILA, Nov. 14.—(Thursday)—How survivors sang on waves lashed rocks to keep up their spirits as they saw comrades die was told here today when the Destroyer Peary docked with 43 persons rescued from boiling seas where the freighter Silver Dasei crashed Sunday. Tales of heroism and horror revealed one woman victim went into exchange for similar concessions and to negotiate such agreements without the necessity of obtaining the customary Senate ratification.

Two Dead, Many Hurt In Violent Demonstrations

Complete Independence From Great Britain Demanded By Wafdist Nationalists. Police Fire On Rioters.

(Copyright 1935 By The Havas News Agency) (By Guardian's Special Wire)

CAIRO, Egypt, Nov. 13.—(C. P. Havas)—Anti-British riots broke out afresh in Cairo tonight after a day of disorder and from many other places in Egypt came reports of violent demonstrations. Two deaths were reported and injuries in Cairo itself numbered more than 100. Wafdist Nationalists staged a mass demonstration demanding complete independence from Great Britain. During the day the windows of the British Consulate were stoned.

Late tonight the disorders throughout the country apparently were quelled. The rioting spread quickly to outlying points, with police firing to disperse mobs and wielding batons vigorously. Injuries were numerous.

CLASH WITH POLICE

The disorders began when students celebrating independence day, the anniversary of the founding of the Wafdi movement, clashed with police. The initial clash resulted in more than 30 casualties.

It was staged as a protest against the failure of Premier Nessim Pasha to take steps for restoration of the constitution. The speech of Sir Samuel Hoare, British Foreign Secretary, in London Saturday was taken as an indication that Britain would not urge that the constitution be restored at present.

CONSTITUTION SUSPENDED

The constitution has been suspended since Nessim succeeded Yehia Pasha as Premier last January.

Thirty thousand members of the Wafdi attended tonight's rally and were blamed by authorities for the renewed rioting which followed it. One man was reported killed and at least 80 injured. At Tanta, capital of Gharbieh Province, one demonstrator was killed and 45 police were hurt, 13 severely.

Police were reported to have opened fire during a riot at Beni Suef, on the Nile, 68 miles south of Cairo, but it was not known whether any injuries resulted. British Constable Scott was gravely wounded in the rioting in the populous native quarter of Khalifa.

Stairway Collapses

Wildly-demonstrating students at the Toussoum School were hurled into a courtyard when a stairway collapsed under their weight, injuring nine seriously.

Nahas Pasha, Nationalist leader, addressing the anti-British Wafdist demonstration, charged Britain was refusing Egypt a constitution and put forward a "declaration of war" resolution which was adopted amid tumultuous acclaim. Three thousand Nationalists tonight charged police near Kasablain hospital, raining missiles on a big force of the guards. A procession of shouting Wafdist then started toward the Palace of the premier, calling for the return of Egypt's constitution.

Police were overwhelmed despite their efforts and thrown back by the irresistible onslaught of the crowd. They finally opened fire wounding some of the rioters. In the Dagher quarter police again opened fire, wounding at least three of the demonstrators, while seven police were wounded by flying rocks.

Thrown From Window

Six policemen were thrown bodily from a window opposite the Foreign Affairs Ministry into a court.
