MILLINERY OPENING An Unqualified Success

"Easily the best ever" was the universal verdict of the unusually large throng of ladies, not to mention quite a sprinkle of gentlemen, which thronged our Millinery Parlors on the occasion of, what is now conceded to be, the important style function of the season, our Annual Spring Millinery Opening.

A most authoritative expression of correct style tendencies, modified for the most part, to suit our more conservative Canadian tastes, were presented for the choice and admiration of all, and it was truly gratifying to note the universal approval freely given expression to on all sides, as the bewitching creations passed under review.

The new pot turban, the large Russian turban, the Directoire poke, the dome crowned mushroom, and many others equally high at Fashion's Court, are here delineated; while everything that is new, everything that is fashionable in Millinery Trimmings is provided in most generous profusion. Never have we shown such a beautiful variety and at such moderate prices.

Miss Walpert and her staff are now ready, and will be pleased to execute orders promptly and satisfactorily. Order early to avoid disappointment.

GENTS' FURNISHINGS FOR EASTER. This is another most important department and one to which we devote a large share of attention. Everything that is new, beautiful and fashionable in Men's or Boys' Furnishings or Clothing, will be found here, at prices so moderate, as to be real eye-openers to those who have hitherto been accustomed to patronize only furnishing stores.

Come in and see the latest ideas in Easter Ties, Shirts, Gloves, etc., also the nobby stock of Boys' Clothing we have just opened up. An especially fine line of Easter trade winners are now on our counters. Come early!
