The Store That Saves You Money.

This Man Dropped Suddenly Dead From Heart Trouble.

Everything Depends Upon Your Heart.

If you wish to live long, if you wish to avoid sudden death - you must attend to your heart. You must see that it beats properly. If your heart flutters or palpitates or skips beats - you are in danger of sudden death. If you suffer from shortness of breath or tenderness or pain in the left side - it is your heart that is going back on you. If you ever feel dizzy or faint or have spots before your eyes, if you sleep poorly, if you have dreams at night, if you find it painful to sleep on the left side, if your feet and ankles are swollen it means that your heart is bad and needs immediate attention. Remember, IMMEDIATE attention. Delay is dangerous. However, if you suffer from heart trouble it need not frighten you for we have the cure, not only the relief but the cure, it is.

Grossman's Heart Tablets

These tablets are the result of years of research and experimenting and we can assure you that we have truly discovered the cure. Thousands of people saved from sudden death is the proof. Thousands of people die suddenly from heart failure because either they have not heard about our Heart Tablets or because they are too stingy to spend the small sum of \$1.00 - which is the cost of these 'life savers'. Now, it is up to you, if you are suffering from heart trouble and cure is yours if you will only send for a bottle of GROSSMAN'S HEART TABLETS now, at once, ONE DOLLAR WILL DO THE WORK. That combine all the superior qualities that our 'Gem' Icecream freezers do. They are the best freezers made for quick results. No salt can enter the freezer, or no ice stops the cogs. It is easy to work, takes less ice, and gives better satisfaction than any freezer made. It is the 'Gem' of them all. Stanley Shaw & Peardon
