The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh is a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of letters.

APPLE CUP CUSTARD.

Pare, core and steam four good sized tart apples until tender; press through a sieve. While hot add one tablespoonful of butter, four tablespoonfuls of sugar, the white of four eggs and one-half pint of milk. Turn into baking cups and bake for twenty minutes. Beat the white of four eggs until stiff, add four tablespoonfuls of sugar, beat and heap over the top of the cups; dust thickly with powdered sugar and brown in the oven. Serve cold.

FRUIT CHARLOTTE.

Peel and remove the eyes from a thoroughly ripe pineapple, break the meat apart in small pieces, using a fork. Peel and remove the seed from eight thoroughly ripe, clear-see, peaches; break the most of these apart, with a fork also. Sift over the fruit a half teacup powdered sugar. Make a white Charlotte, using one pint of cream and turn into mold. Just as it congeals drop the fruit in evenly, pushing it down in places as more is added. Smooth over the top, put on the cover and pack in ice and salt. It will be ready to use in two hours. Servo with a very cold whipped cream, sweetened but not flavored. The Charlotte may be packed in a freezer if regular mold is not at hand.
