## Have you ever really studied your skin?

EXAMINE your face in a full light before a hand mirror. Is your skin fresh, clear, brilliant with lovely color?

If not—find out just what defect is keeping it from being as smooth and fine as it should be. Then give it the special treatment suited to its needs.

Perhaps, for example, your complexion is spoiled by conspicuous nose pores. You can overcome this trouble by using every night this special treatment:

Wring a soft cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then

finish by rubbing the nose for thirty seconds with a piece of ice.

Before long you will notice how this gradually reduces the enlarged pores until they become inconspicuous.

Special treatments for each different skin need—for blackheads, for blemishes, for a skin that is too oily—are given in the famous booklet of treatments that is wrapped around each cake of Woodbury's Facial Soap. Get a cake today—begin your treatment tonight.

Woodbury's Facial Soap is on sale at any drug store or toilet goods counter in the United States or Canada. A 25-cent cake lasts for a month or six weeks of any treatment, or for general cleansing use.

# It Builds You Up

THESE are letters of good cheer. They tell of health restored, of nerves strengthened, of pain and weakness overcome in the only natural way—by building up the vigor of the human system.

These letters tell you better than we can in any other way what you may expect from the use of Dr. Chase's Nerve Food.

Everywhere you find people enthusiastic over Dr. Chase's Nerve Food. If you do not happen to know any of these people ask your friends about this "food cure." They are sure to know of some cases in which it has proved a blessing.

### Clementsport, N.S.

Miss Gertrude M. Burrell, Clementsport, N.S., writes:—"I have used Dr. Chase's Nerve Food with splendid results. For a number of years I was afflicted with nervousness and six years ago had complete breakdown. I had no control of my nerves, and had terrible hysterical spells. I could not sleep, had night sweats, awful dreams and nightmares. My physician gave me medicine to put me to sleep every night, and first he kind to take every two hours during the day, but it did not see to do me any good only while I was taking it. I never really expected to get well. Reading about Dr. Chase's Nerve Food one day, I gave it a trial, and the results from the first box encouraged me, so I continued its use and found my nerves getting steady and stronger. My appetite improved and I gained in strength, ambition and flesh. Now I am able to do considerable work, and can highly recommend Dr. Chase's Nerve Food as a good tonic for the whole system."

(Alonso W. Daniels, J.P. says:—"It gives me great satisfaction to vouch for the testimony of this young lady and the benefit she has received from your wonderful discovery.")

### Brockville

Mrs. Marshall Dellabough, 262 Brock St., Brockville, Ont., writes:—"For about a year, I have suffered from nervousness and run-down system. I had headaches, neuralgic pains through the body, and my nerves used to twitch and I could not stop them. I was very easily worried or tired, and began to feel that my heart action was becoming weak. I went to see a Doctor, and he told me I was nervous and run-down, and needed a tonic. I commenced using Dr. Chase's Nerve Food, and at the end of three weeks I could see an improvement. I took four boxes in all, and now am completely cured. I can sleep well now, and eat a good hearty meal. I can recommend Dr. Chase's Nerve Food to any suffering from nervous trouble of any kind, and I hope my letter will benefit other women suffering from nervousness."

### Petrolia

Mrs. R. Thomas, Eureka St., Petrolia, Ont., writes:—"For over two years I suffered with my nerves; sometimes I would break down completely and be in bed for a week at a time. I never could get any sleep until about three or four o'clock in the morning. A friend of mine one day advised me to try Dr. Chase's Nerve Food, and a treatment of this medicine proved to be just what I needed. It soothed my nerves, made me sleep at night, and strengthened me in every way. I continued using the Nerve Food until I completely recovered. Now I would have no hesitation in recommending it to anyone suffering from nervousness or run-down system."

With the advent of Dr. Chase's Nerve Food the method of treatment was revolutionized because the idea of this "food cure" is to

### Spalding, Sask.

Mrs. Olese B. Quail, Spalding, Sask., writes:—"I am glad to say that Dr. Chase's Nerve Food has done me a great deal of good. When I commenced using this medicine I was very weak and run-down. My memory was poor, and I was gradually going down in weight. My blood was thin, and I was troubled continually with tired feelings and backache. I would hardly get the breakfast over in the morning when I would become so weak that I would have to lie down. One evening my husband read of a case like mine which had been cured by the use of Dr. Chase's Nerve Food, so he told me to try it. Inside of a month I began to feel stronger, so I kept right on taking the Nerve Food until I had used fourteen boxes. There is a great change in my condition, and I cannot thank Dr. Chase's Nerve Food enough for all it has done for me."

The old method of treating Nervous diseases was the use of opiates and narcotics to deaden the system, because this meant the tearing down of cells and tissues.

With the advent of Dr. Chase's Nerve Food the method of treatment was revolutionized because the idea of this "food cure" is to
