It helps with scores of dishes

Inside a packet of Edwards' Soup cook has the secret of scores of successful dishes. It is Edwards' Soup which imparts that distinctive flavour to her stews, Edwards' Soup that puts such savouriness into her gravies, Edwards' Soup that gives such nourishment, such colour and such substance to her own soups, Edwards' Soup that forms the basis for her hashes, Edwards' Soup that sends down the bills and sends up cook's reputation. Cook always gives Edwards' Soup half-an-hour or more on the stove—she says it's worth the time twice over.

EDWARDS' DESICCATED SOUPS

But you MUST boil them for half-an-hour — worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthener of other soups; good as a thickener of gravies; good for hashes, good for stews—too good to be spoiled by insufficient boiling.

Three varieties—Brown, Tomato and White.

SIR RICHARD SOLOMON DEAD

LONDON, Nov. 13.—(Special).—Sir Richard Solomon, High Commissioner in London for the Union of South Africa has died at the age of sixty-three.

CHRISTENED BY LADY CHURCHILL

LONDON, Nov. 12—Lady Randolph Churchill, formerly Miss Jennie Jerome of New York, performed the christening ceremony today at the launching of the big new dreadnought Benbow, at Dalmuir. Her son Winston Churchill, who is First Lord of the Admiralty, also was present. The Benbow will displace 25,000 tons and is designed to be one of the most powerful vessels afloat. Thousands of people witnessed the launch-ceremonies and cheered wildly as the great fighter woke to life and plunged into the water.

ASBESTOS MINING IN QUEBEC

Mr. Reginald E. Hore, Editor of the Canadian Mining Journal is an illustrated article on Asbestos Mining in Quebec, in this week's issue of the Journal of Commerce, Montreal, says in part, "Quebec is the world's chief source of asbestos, producing last year over $3,000,000 worth of which $2,300,000 was exported. Since 1900 the value of asbestos produced in Quebec increased from $719,000 to over $3,000,000."

The writer traces the history of asbestos mining in this province in an interesting manner dealing with early failures, new discoveries, the lack of markets, the improvements in methods of mining, the reorganization and consolidation of companies, their present standing and their future prospects. He is optimistic regarding the future of the industry largely as a result of the new uses to which asbestos is applied.

FIVE MINUTE CURE IF STOMACH IS BAD

"PAPE'S DIAPEPSIN" IS QUICKEST, SUREST INDIGESTION CURE KNOWN.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomach. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

AN INVITATION

One could keep on talking of this splendid stock and take up columns of space but why should one, when the reader has a cordial invitation from Patons to call at any time, any hour, and view at leisure the departments touched on and those that haven't even been mentioned, such as the leather goods, novelties in all the fancy articles so much featured by manufacturers and the little nicities that add so much to the well dressed appearance of any lady. The invitation again is given.—

SUGGESTIONS FOR IRISH CABINET

DUBLIN, Oct. 30.—So certain is Nationalist Ireland that the Home Rule Bill will become law next June that already suggestions are being made here as to details of whom and what the Redmond cabinet should consist. From a man who is in close touch with Nationalist plans, I obtained the following "cabinet." It is so close to what I heard when visiting Mr. Redmond's constituency recently that it may almost be taken as coming direct from the Nationalist leader:

Premier—John Redmond, M. P.

Lord Chancellor—Hon. Ignatius O'Brien.

Chancellor of exchequer—John Dillon, M. P.

Attorney-general—J. B. Moriarty, K. C.

Minister of local government board—Joseph Devlin.

Minister of health—M. F. Cox, M. D.

Minister of education— Stephen Gwynn, M. P., or Professor Kettle.

Minister of industries—T. W. Russell.

Minister of public works—L. J. Waldron.

Minister of communications—W. M. Murphy.

Minister without portfolio—J. J. Clancy, M. P.

It is generally felt here that both Mr. Dillon and Mr. Devlin should be given their own choice of offices, but my informant declared that the exchequer and the local government board would naturally fall to those lieutenants of Mr. Redmond.

The department of industries would in the natural order of things include an agricultural branch, and it is possible that Mr. Redmond would ask Sir Horace Plunkett to return, but in some circles it is felt that it would be much more effective to have the latter as leader of an opposition.

MANY POSSIBILITIES OVER HOME RULE.

There are many possibilities, assuming that the Home Rule Bill becomes law by next June. In the bill as it stands now is a clause that the Irish parliament may meet within one month of the passage of the bill but "it must meet within twelve months" from that date. Another clause says that the Irish ministry may be appointed before the Irish parliament is elected. So once the bill is passed there may be an appointment of a ministry in August and the assembling of the next parliament in the following February, or the ministry may not be appointed until the six months prior to the assembling of an Irish parliament in 1915.

According to present prospects—and this is the wish of the Liberal allies of the Nationalists—the Irish parliament will not assemble before June of 1915. This is the earliest date the Asquith ministry can use the parliament act to pass the plural voting bill. If Ireland's new parliament met before that date the Irish vote at Westminster would automatically be reduced from 103 to 42. The Liberals would lose about fifty votes before the final division on the plural voting bill and also on other contentious questions.

In spite of what may be regarded as a promise from Mr. Redmond to Premier Asquith, that the government will not be embarassed in this way, Nationalists will demand the shortest possible interval between the passing of the Home Rule Bill and the transfer of business to the new Irish ministry. Once the bill becomes law, declare Nationalists, the treasury bench at Westminster will cease to regard Irish demands as matters for Imperial interference.

Nationalists also point out delay will increase the feeling in Ulster.

Nervous Energy is Limited

There is only so much energy in the human body. A few people have an abundance, but more have not enough. Hence the necessity of conserving vitality.

If wasted by mode of living, disease or worry there must be a reckoning, and trouble is sure to come. It may be headaches and weak, aching eyes: it may be nervous indigestion, or it may be merely lack of energy and ambition, and feelings of fatigue or helplessness. Of course, sooner or later exhaustion of the nerves leads to prostration, paralysis or locomotor ataxia, but there is no need to let the trouble develop that far.

By using Dr. Chase's Nerve Food you can restore to the feeble, wasted nerve cells the energy they have lost. It will take some effort on your part to give up worry and anxiety, but you should realize your serious condition. Rest and use this great food cure and you are bound to improve in health and vigor.

SNAPPY OMELET

For a snappy omelet, cook two or three slices of bacon crisp and remove the meat. Fry in this fat a slice of onion until it is golden brown and remove it. Turn in three or four eggs beaten slightly and mixed with some tomato pulp which has been drained from its liquor, the fried onion and bacon slices chopped fine; season with paprika and cook like an ordinary omelet.—New Haven Journal Courier.
