MR. M. M. HAYLEY of Waterside has sold to Mr. Augustine Mason of East Royalty, his handsome "Bronze Chief" Mare Marguerite for the snug sum of \$175. For a combination of action, ability and "paci-fu-ness" Marguerite stands second to none in the Province. Mr. Mason is always around for a good thing. -COM.

WILTSHIRE NOTES.—Mr. J. Stewart has purchased a beautiful horse from Mr. A. Newman of Elmwood.—Mrs. Daniel Stewart and Mrs. Mary Henderson have returned home from North Wiltshire where they were guests of Mr. and Mrs. Ewen Campbell and Mr. and Mrs. Art. Clow.—Mr and Mrs. Sam Good of Highfield have been spending a few days in Wiltshire the guests of Mr. and Mrs. Enoch Ackland.—Mrs. William Noy is doing a rushing business in her store.—We are sorry to learn that Mr. W. Sanderson is in poor health. Messrs F. Larter, T. Easton and H. Watts have sold their beautiful horses to one of our local horsemen for a handsome sum of money.

The people of China Point are greatly depressed over the humbug connected with the running of the steamer Jacques Cartier and who can wonder at them? In former seasons it was difficult to get her to call at China Point at all and this season it looks as though the residents of this community will not have a boat at all. The bay has been clear of ice now for some time and affords every opportunity for any ship wishing to enter.—The Earncliffe School is progressing most favorably under the careful and skillful management of Miss Dorsey who has proved herself an able and competent instructor of the youths committed to her care as well as an estimable member of society.—B. F. Dingman, manager of the Union Dairy Co., at Vernon River Bridge has returned home after spending a well earned vacation in the vicinity of Marshfield, the guest of A. Robertson.—Our people are looking forward with pleasure to the prospects of an early opportunity of cultivating the soil and may their heartfelt desire be fully satisfied.—Constant Reader.

The following additional particulars have been received of the marriage of Mr. P. Blake of this City:—The Convent Notre Dame, Charlottetown, was the scene of a most interesting event yesterday morning when Mr. Patrick Blake, ex-Speaker of the Prince Edward Island Legislature and a prominent merchant of Charlottetown, was married to Miss Emma Gertrude, youngest surviving daughter of Mr. John Quirk, Charlottetown. The marriage was celebrated by His Lordship the Bishop of Charlottetown. The bride was attired in a green broadcloth suit with cream revers traced with gold, hat to match and carried a superb bouquet of white roses. She was attended by Miss Bessie Burke, step-daughter of the Hon. Mr. Justice Reddin who was attired in ruby velvet with picture hat and carried a bouquet of yellow roses. The bridegroom was supported by Mr. Arthur W. Reddin, and the happy couple after partaking of breakfast at the Convent, took the steamer Princess, (which was decorated for the occasion) en route to Pictou and from thence to Halifax where the bridegroom has many business friends.

NOTES FROM HIGH BANK.—The many pleasant evenings which we spent in our debating club must be brought to a close for the present, as the arduous duties of life call us away to our several vocations. The fishermen, as is usual at this season of the year, are very busy building, painting and repairing boats, ready to take part in the eager rush for the fisherman's "harvest."—On the 26th March, Messrs. Norman McLeod and Alex Stewart crossed over to Pictou Island; many others have since followed.—Messrs. McLeod & Stewart have built a lobster factory, and, as they are energetic young men, we wish them every success.—We are pleased to see James Hayter and Wm Giddings home from Maine, looking hale and hearty. They have proceeded to Boughton Island to engage in the lobster industry.—Peter D. Murchison is expected home from Sydney in a few days.—A large fox, a thing hitherto unknown, visited the hen-coop of one of our respected citizens, and helped himself to a dozen hens, regardless of the exciting exclamations of the "glory of the farmyard."—JAMBO.

FREDERICTON ITEMS.—Mr. W. H. Weeks returned to the city on Tuesday after spending Easter with his parents.—Our two enterprising merchants, Messrs McLennan and Cutcliffe are doing a good business.—Mr. McLennan is soon to begin the erection of a new dwelling house which will add considerably to the appearance of our snug corner.—Refuge Division, Sons of Temperance the banner Division of the Province continues in an excellent condition. Last Thursday evening the Division was favored with a visit from Mr. E. S. Weeks, G. S. who is at present spending his Easter holidays at Fredericton.—The Debating Club conducted by the young people during the winter months came to a close on Monday evening when the young men made provision for a treat consisting of confectionery and fruits and invited the young ladies in to enjoy the good things.—The first part of the evening was spent in discussing the subject "which is the greater drawback to a farmer "neglect or natural occurrences." After which the young ladies came forward and rendered an excellent program consisting of solos, recitations, duets etc. Then the chairman Mr. Geo. W. Stevenson announced that the Debating Club was closed for this season, when all joined in singing God save the King We believe that debating societies can be made a source of great good when conducted properly and we hope that when next winter comes around the young men of Fredericton will re-organize their society which they have promoted so well.

REMARKABLE SUCCESS.

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigations has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages. In fact, wherever there is mucous membrane there is a feeding ground for catarrh. The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions without having the remotest effect upon the blood and liver, which are the real resources of catarrhal diseases. It has been known for years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system. A new internal preparation which has been on the market only a short time, has met with remarkably success as a genuine, radical cure for catarrh. If may be found in any drug store, sold under the name of Stuart's Catarrh Tablets large pleasant tasting lozenges, composed principally of antiseptic ingredients Eucalyptol, Guaiaccol, Sanguinaria, Hydrastin and similar catarrh specifics. Dr. Ainslee in speaking of the new catarrh cure says: I have tried the new catarrh remedy Stuart's Catarrh Tablets upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patient medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and even a little child may use them with entire safety. Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach liver or bladder will find Stuart's Catarrh Tablets remarkably effective pleasant and convenient and your druggist will tell you they are absolutely free from any injurious drug.

Weak Delicate Children

are a source of much worry and care to their parents. They do not enjoy any of the pleasures of childhood. They are pale, restless; their appetites are feeble and wayward, and their young lives experience none of the buoyancy of youth. Prompt action is necessary to rid them of this lack of strength and debility in order to fit them for their life's career.

Park's Perfect Emulsion

of Cod Liver Oil is scientifically adapted to overcome these evidences of mal-nutrition, and to strengthen and build up weak children by its powerful tonic properties. It makes their flesh and bone healthy, and transforms them into robust, growing children: a foundation for a perfect manhood or womanhood. Being devoid of that man-sens taste and smell so common to the raw oil. Park's Perfect Emulsion can be taken by the most delicate child with perfect ease and safety. 50c cents per bottle. A. D.
