

The Battle Between the Counties is on for the Silver Trophy

Donated by the Provincial Government in Behalf of the FOURTH VICTORY LOAN . . .

All honor to Prince County for their original Victory Bond selling feature, but I warn them that King's County is still to be reckoned with. Not until the last day and the last Bond is sold can the results be determined, and King's are holding their wind for the home stretch.

A. F. McQUAID,
Chairman King's County

In order to give stimulus to the FOURTH VICTORY LOAN CAMPAIGN the Provincial Government has donated a Silver Trophy to be presented to the County (Kings, Queens and Prince) that attains the highest Percentage of objective The Victory Loan Campaign organization is deeply grateful for this spirit of co-operation, and are confident that this Trophy will result in increased interest, enthusiasm and competition.

"East is East and West is West, and never the twain shall meet" is a popular quotation that is going to be knocked into a "cocked hat" during the last week of the Victory Loan Campaign.

Both the Eastern Counties of Kings and Queens are to each independently meet Prince County in a do or die battle for Victory Bond Sales supremacy with no holds barred. Neither will give or ask quarter of the other.

While Prince County through commendably original sales feature jumped into the lead, the very nature of their campaign will make it difficult to hold their margin. On the other hand Kings and Queens point to the fact that they always show to better advantage on the long pull.

So the Eastern Counties intimate that it is going to be a battle of attrition—a gradual and constant wearing down of the other fellows advantage, and building up of their own percentage. Kings County won last year and are going to fight hard to duplicate their triumph. On the other hand the pride of Queens County will not permit Kings to win two consecutive years if they can possibly prevent it.

SO THE BATTLE IS ON.

Mr. Lowther Addresses Mr. Darby, Prince County Chairman.

Walter E. Darby, Esq., Chairman Prince County, Fourth Victory Loan Committee, Summerside, P.E.I.
Dear Mr. Darby:

The Queens County Committee tenders you and your workers our heartfelt congratulations on the splendid record you have made in the 4th Victory Loan and may tell you we have followed your progress with the keenest interest. We were especially captivated by the success of Mr. Hancock's Radio Auction and by the magnificent response by the people of Prince County.

However, we wish to assure you that Queens County has not been altogether sleeping and you will be glad to know we have made considerable progress. We understand the Government is donating a cup to the County organization achieving the highest percentage of subscriptions to the Victory Loan by May 17th and we felt it only fair to give you ample notice that we are resolved the name "Queens County" will be engraved on this trophy.

In short, as one of our organization says, "Hats off to Prince County's record to date, coats off for the trophy."

Yours sincerely,
N. W. LOWTHER,
Chairman, Queens County Committee

PRINCE COUNTY ACCEPTS CHALLENGE

W. E. DARBY,
Chairman Prince County
