Overthrow Of French Govt. Is Predicted

Divided Opinion As To Likelihood Of New Administration Surviving.

Gangster Hangs Self In Jail

(Canadian Press)
ST. PAUL, Dec. 1.—Willie Sharkey, alleged Chicago gangster, hanged himself with his necktie in a cell in the Ramsey County Jail here early today.
Sharkey with three other members of the tough gang, including Roger Touhy, the leader, was recently acquitted in Federal District Court of the \$100,000 kidnaping of William Hamm, Jr., millionaire brewer.
Sheriff George H. Moeller said Sharkey was found dead by a jailer making rounds. He said apparently Sharkey had hanged himself sometime between 5 a.m. and 6 a.m. His cell was on the second floor.
Sheriff Moeller said Sharkey had complained of a headache to a guard about 1 a.m. and had asked for aspirin tablets.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

- **Announcements are inserted in this column at 2 cents per word strictly payable in advance.
- **Reserve Wednesday, Dec. 20th, for Uigg School Concert. 3222

- **You really should know the splendid income offered by the retirement saving bond of the Sun Life. Ask for particulars stating your age. J. A. Moore, Manager, Charlottetown. 2884

(Associated Press)
PARIS, Dec. 1.—The predicted overthrow of the young Cabinet of Premier Camille Chautemps within a few weeks was widely discussed tonight in the Chamber of Deputies on the eve of the first official appearance of the Ministry.
Revamped budget-balancing measures were presented to the Cabinet tonight as a preliminary to their submission to parliament tomorrow with a ministerial declaration.
A vote of confidence was promised by majority deputies for the new government's programme, but many leaders said an early downfall appeared to be certain.
Three previous ministries have been defeated within the last year on budget-balancing and financial measures. The last victim was Premier Albert Sarraut's Government, whose measures for cutting the pay of government functionaries and for new taxes were rejected by parliament.

Youth Shoots Self Before Companion

(Canadian Press)
SCHENECTADY, N. Y., Dec. 1.—Severe mental strain from overwork was blamed by the youth's father today for the Thanksgiving Day suicide of Frederick A. Knapp of Watertown, 20-year old Union College Junior, who was born in Youngover.
Young Knapp shot himself through the heart with a 30 calibre revolver in the presence of a fraternity brother early yesterday.
"I'm going to kill myself," he said as he rushed into his room at the Sigma Phi house where Robert T. Shreed was in bed. He fired before Shreed could stop him.

Peasant Unrest In Northern France

PARIS, Dec. 1.—(A.P.)—(A.P.)—A heavy force of Gendarmes and Paris police were prepared tonight to prevent trouble when the main body of 150 unemployed "hunger marchers" reaches the outskirts of the city.
The delegation, expected to arrive Saturday, planned to send a corps of 20 to present officially their "work and bread" demands to the Chamber of Deputies. The group will be dispatched from suburban St. Denis, where the marchers were to encamp.
An advance guard of 10 arrived by motor truck today from Northern France, where peasant unrest has been growing. Greeted by a Communist member in the Chamber of Deputies, they were told to wait in a corridor called "the room of lost footsteps."

Baltimore Dock Strikers Are Arrested

(Associated Press)
BALTIMORE, Dec. 1.—Striking stevedores today staged a demonstration at one of the docks here and later a score were arrested in an attempt to board a freighter to halt its unloading by a group of non-union workmen, but the day passed without serious trouble.
Only two of the men arrested were fined, the cases against the others being dismissed.
Throughout the day a detail of 350 police kept watch over the freighter, the Moore, and the McCormack Line's Commercial Alabama, while unloading was in progress. The men are striking for higher wages.

QUESTION OF Hitler's Power LIQUOR QUOTA Increased By IS DISCUSSED New Measures

(Canadian Press)
OTTAWA, Dec. 1.—The quota of liquor which Canada will be permitted to ship to the United States in the first four months after repeal of prohibition is regarded by officials here as very small. A hasty computation based on Washington dispatches led to the estimate that Canadian export for the period would be limited to under 100,000 gallons of spirits.
The plan is to base the quota on the average exports during the years 1910 to 1914 when the flow of Canadian whiskies over the border was relatively unimportant. Such a small quota would tend to encourage smuggling, officials here believe, and the two countries doubtless will have to get together to take such steps as will prevent the resumption of rum running which reached such great proportions in the early days of prohibition in the United States.
When Canada turned wet and United States remained dry a carnival of liquor smuggling spread along almost the entire border. While Canada allowed liquor headed for the United States, it was impossible to stem this traffic.
Washington accordingly at that time appealed to Ottawa to assist

Anxiety Over Missing Vessel

(Canadian Press)
ST. JOHN'S, Nfld., Dec. 1.—Anxiety grew tonight for the schooner Edward Seventh, missing with a complement of 11 men for almost a week.
The 40-ton vessel sailed from St. John's last week for her home port of Long Beach. She was last seen Friday off Bacaleu Island, and the next day a gale lashed the coast, driving another vessel aground in Banavista Bay.
All week, the steamer Agulhas searched the waters off Newfoundland, covering 300 miles of coastline. But she was forced to return without sighting the overdue vessel.
The Edward Seventh carried a crew of nine men under Capt. Wilson Vey. One passenger, Llewellyn Barefoot, was making the voyage.

Death Of Senator Fisher

(C.P.)
OTTAWA, Dec. 1.—(C.P.)—The death today of Senator John Henry Fisher of Paris, Ont., placed the number of vacancies in the Upper House at 13, the largest in Canadian political history. Several times in the past there have been five and six vacancies at the same time, but never as many as 13.
The Bennett Government still will have a majority in the Senate without filling the vacancies. With Senator Fisher's death, there will be 44 Conservatives and 39 Liberals.
Of the vacancies, four are in Ontario, three each in Quebec and New Brunswick, two in Saskatchewan and one in Nova Scotia.

Graveside Service To Be Broadcast

(Canadian Press)
OTTAWA, Dec. 1.—The service at the graveside of Sir Arthur W. Currie, deceased Commander of the Canadian Corps, will be broadcast on Tuesday by the Canadian Radio Commission, it was announced here tonight. The approximate hour will be 2:30 P. M., EST.

German Chancellor's Ambition Is To Make Germany 100 Per Cent Nazi.

(By Tom Wilhelm Associated Press Foreign Staff)
BERLIN, Dec. 1.—Chancellor Adolf Hitler took another long step toward making Germany 100 per cent Nazi by including two of his most trusted co-workers, Rudolph Hess and Captain Ernst Rohm, in the National Cabinet today as Ministers without portfolios.
Hess, who through Hitler's struggle for power was his personal aid and confidant, has since April 27 been in charge of the Chancellor's 3,000,000 uniformed party leaders, the brown, black and gray shirts who are likely soon to wear the brown Nazi uniform.
An hour step toward the Nazi ideal of totality, or completeness.

FARM PRODUCERS STRESS NEED OF DUMPING DUTY

(Canadian Press)
OTTAWA, Dec. 1.—The tariff board today closed a two days' sitting on two appeals to have placed in the Customs Act tariff rates representing a combination of the present regular duty plus the dumping duty. Nursery stock producers and fruit and vegetable growers were the petitioners.
Judgment was reserved today on the application of the nursery producers, through the Canadian Horticultural Council, for a definite duty rate against foreign imports effective all-year round. L. F. Burrows, Secretary-Treasurer of the Council, and Senator E. D. Smith, Winona, Ont., presented the case. No opposition was presented to the board.
On behalf of fruit and vegetable growers, the Canadian Horticultural Council urged a definite seasonal rate on foreign fruits and vegetables. Large increased acreages had been planted in the orchards of British Columbia, the Niagara district of Ontario and in Nova Scotia under the protection afforded during the past two years, the council told the board. If the dumping duty were taken away at any time, the protection of the growers would be reduced substantially; and for this reason they wanted a rate representative of the combined regular duty and dumping duty placed in the act.
Opposition to the fruit and vegetable application came from the Canadian Fruit and Vegetable Jobbers Association. On behalf of importers, the Jobbers Association protested that some of the proposed rates were too high.
Disagreement broke out between the growers and importers on the date the seasonal tariffs should be effective.
At the request of chairman George H. Sedgewick, the council and the jobbers association will submit briefs to the board giving full details of their positions. A brief also will be filed with the board on behalf of the hot-house industry.

Saint John's Youth Held For Shooting Father

(Canadian Press)
ST. JOHN'S, Nfld., Dec. 1.—After eluding his pursuers for hours, 18-year-old William Crotty surrendered today to police who sought him in connection with a shooting that sent his father to hospital critically wounded.
The father, William Crotty, 45, was shot in the chest in his home on Signal Hill Road early this morning. Police said the shooting had followed a quarrel between father and son.
The boy returned home this morning after midnight, and his father reprimanded him for keeping late hours. An altercation followed, the officers said, and William seized a gun.
The father flew upstairs and locked himself in his bedroom.
Through the barred door a shot crashed, and the elder Crotty fell, shot in the chest.
When police reached the home, the son had disappeared. They searched the neighboring district all night, but there was no trace of William until he gave himself up later in the day.
No charge was laid immediately against the youth. His father's condition was described as "precarious."

Will Carry Out Postpone Rail Sailor's Wish Settlement

(Canadian Press)
HALIFAX, Dec. 1.—H. M. C. S. Saguenay will stand out of Halifax Harbor Monday morning and head for the open sea to give John Pulley a sailor's burial.
In responding to the seaman's dying request, the destroyer's officers will break tradition of long standing. It will be the first time in Canada's history a naval craft day has left port to bury a man at sea, until early next week.

NINETY ARE Memorial Service TRAPPED ON At Westminster ARCTIC FLOES For General Currie

Soviet Icebreaker Held Helplessly In Grip of Arctic Ice With Refugees.

(Canadian Press)
MOSCOW, Dec. 1.—Ninety men and women aboard a ship jammed and battered by Arctic ice for two months, may have to abandon their perilous refuge and take to the coasts of the East Siberian Sea.
Their acute plight was revealed today by a wireless message from the icebreaker Cheliuskin, helpless at 62 north latitude, 172 west longitude.
Provisions and fuel are being hoisted on the ice and everything is being made ready to leave the ship should further pounding by the floes, which gravely endangered her Nov. 25 necessitate abandonment. The ship reported the ice-battering menace had been temporarily relieved by a change in the wind but indicated another wind shift might crush the vessel.

Wins Race Against Death

(Canadian Press)
NEW GLASGOW, N. S., Dec. 1.—A transcontinental dash by aeroplane and train from California ended tonight when Malcolm Blue reached the bedside of his critically ill mother.
He arrived here by train from Boston, after a flight to the hub city from Oakland, Calif.
He was in San Jose, Calif., when he received word this week of his mother's serious illness, and he set out immediately at the controls of his own biplane in a race against death.
Immigration difficulties caused him to abandon the plane at the border, but he reached home in time to see his mother alive. Her condition remained unchanged tonight.

May Succeed To Cabinet Post

(Canadian Press)
OTTAWA, Dec. 1.—Speculation was rife on Parliament Hill today over the successor to Hon. E. B. Ryckman, whose resignation of the Portfolio of National Revenue was announced late last night by Prime Minister R. B. Bennett. It was believed generally that next in line for promotion to cabinet rank was R. C. Matthews, (Cons., Toronto east centre), and that the Prime Minister would announce his elevation at an early date.
When Mr. Bennett was forming his present administration the name of Mr. Matthews was widely mentioned for the Finance Portfolio. He is chairman of the House of Commons Committee on Banking and Commerce. Mr. Matthews has also the advantage of possession what is recorded as a "safe seat." Toronto east has been conservative for 55 years while the central portion of the riding has adhered to that political faith with only one departure for the same period.
Mr. Matthews was given as the reason for Mr. Ryckman's resignation. It had been known for a long time in the capital that the former minister's condition was indifferent and occasioned grave concern to his colleagues. Mr. Ryckman will continue to hold his seat in the House.

Empire-wide Tributes Received To Memory Of Great Canadian Soldier.

(Canadian Press)
MONTREAL, Dec. 1.—An unofficial guard, composed of a sergeant and four other ranks from the McGill Officers Contingent, Canadian Officers Training Corps, tonight maintained watch over the body of Sir Arthur Currie which reposes in the privacy of the Currie home, on the fringe of the McGill campus.
It was not a formal military guard with arms reversed such as will be on duty when the body is transferred to and lies in state in Christ Church Cathedral, but rather the expression of a feeling tribute from the military representatives in the University whose Principal Sir Arthur was for 13 years.
Since Sir Arthur's death, before dawn yesterday from the combined effects of blockage of a small brain vessel, bronchitis and pneumonia, tributes to his valor as a soldier and fine record as a civilian have come from many parts of the world.
From India today came a message of sympathy from Lord and Lady Willingdon; from England came the tributes of the Duke and Duchess of Devonshire and J. H. Thomas, Secretary of State for the Dominions; from London, the announcement that a memorial service in honor of Sir Arthur would be held on December 5 at Westminster Abbey and extracts of reverent tributes in the United Kingdom press; and from all parts of Canada continued to flow expressions of deep esteem for Canada's greatest soldier. Toronto, London and Winnipeg are among the Canadian cities where memorial services will be held. Hundreds of tributes—including a message from Their Majesties the King and Queen and from His Excellency, the Governor General—poured into the Currie residence yesterday.
While his loved ones—Lady Currie, Garner Ormsby Currie, son, and Mrs. A. T. Gall Durnford, daughter—privately mourned Sir Arthur's death, preparations were completed for the double service that will mark the interment in Mount Royal Cemetery.
On Sunday evening the body will be transferred to Christ Church Cathedral, where it will lie in state while admirers in all stations of life stream past the bier, guarded by sentries in pre-war uniforms.
The country's leaders and McGill University will pay their last tribute at the civilian service on Tuesday, Dec. 5, while the army which he led to victory in 1918 will say farewell at a military funeral immediately after. It is expected to be the most brilliant military display in Montreal since the return of the troops from the war.

SEES PEACE AND PROGRESS FOR ULSTER

(C.F. Cahly)
BELFAST, Dec. 1.—Solidly entrenched in power in Northern Ireland as the result of the general elections of yesterday, Viscount Craigavon, Premier and leader of the Unionists, today sent a message to his followers declaring Ulster was again assured of five years of "resolute and settled government."
This would be accompanied, his Premier said he sincerely trusted, by a period of peace, progress and prosperity. "I shall carry on," he added, "encouraged and strengthened by this signal victory over disruptive elements arrayed against our Imperial stronghold."
Including the 34 acclamations of nomination day, which gave the Unionists a majority over all from the start, the standing of the parties in the Northern Ireland House of Commons as declared to date is as follows:
Unionists, 33; Nationalists, 9; Independents, 2; Laborites, 2; Fianna Fail, 1; Republican, 1; in doubt, 4 total 52. The seats in doubt are for Queen's University, Belfast, where the results will be known next week.
In the balloting for contested seats yesterday the results as reported today were as follows: Unionists, 6; Nationalists, 3; Labor, 2; Independent Unionist, 2; Fianna Fail, 1 and Republican, 1. On nomination day 27 Unionists and six Nationalists were returned unopposed.
The standing of the parties in the last House was: Unionists, 37; Nationalists, 11; Independents, 3 and Socialists, 1.

Lindberghs Plan London Flight Via West Africa

(A.P.)
MADRID, Dec. 1.—Colonel and Mrs. Charles A. Lindbergh were said tonight to be planning visits to Bissau and Bolama in Portuguese Guinea, and perhaps other parts in West Africa, after which they will fly to London to board a steamer for New York.

Ask Coast Guard Be Retained

GLOUCESTER, Mass., Dec. 1.—The fishermen of Massachusetts today came to the defence of their old friends, the United States Coast Guard, with pleas to President Roosevelt that this ancient branch of the service be retained as an independent unit.
Published reports from Washington that the coast guard might be merged with the navy caused the Master Mariners Association of Gloucester to call an emergency meeting at which a resolution was adopted appealing to the President to preserve the identity of the coast guard.

The Weather, Etc

Strong but decreasing northwest winds; fair and rather cold.
