ANOTHER OLD CITIZEN GONE.—Charlottetown has lost another well known old citizen in the person of Mr. James Egan, who passed away suddenly at his home, Fitzroy Street, about noon yesterday. Mr. Egan was 79 years of age and a remarkably active man for his years. He had been out in the forenoon and after returning home took a weak turn which proved fatal. Mr. Egan was a native of Charlottetown in his early days having worked at the trade of a wheelwright. Of late years he worked in the employ of the city and was zealous and faithful in every task he undertook. He is survived by his widow and three sons and four daughters, to all of whom sympathy goes out in their loss. The sons are Fred, baggage-master of the P. E. I. R., Alfred, and Joseph in Western Canada; the daughters, Mrs. R. F. Maddigan and Mrs. Donald McInnis of this city and Annie and Katie at home.

(repeared part of message)
OTTAWA, Feb. 4.—Announcement that the excess profits tax is to be withdrawn in Great Britain will no doubt result in renewed agitation here for non-renewal of Canada's business profits tax. Since the end of the war there have been many representatives from business interests that the business profits tax be dropped.

Comb Sage Tea In Faded Or Gray Hair

IF MIXED WITH SULPHUR IT DARES TO NATURALLY NOBODY CAN TELL.
Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients. All ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one small strand at a time. By morning the gray has disappeared; after another application or two, it is restored to its natural color and looks glossy soft and beautiful.
