What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Mrs. Albert Mann

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female organs and kidney disorders and restores the female organs to a healthy condition.

Dear Mrs. Pinkham:—

"I suffered a long time with female trouble, having intense pains in the back and abdomen and very sick headaches every month. I was tired and nervous all the time and life looked very dreary to me and I had no desire to live until I began to take Lydia E. Pinkham's Vegetable Compound and to get some relief. My recovery was slow but it was sure, and I never regretted the money spent for the Compound as it brought me back to good health.

"It seems to be a medicine especially adapted to the ills of our sex and I am glad to say a good word for it."—Mrs. Albert Mann, 154 Gore Vale Ave., Toronto, Ont.

No other person can give such helpful advice to women who are sick as can Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham. Her address is Lynn, Mass., and her advice free.

EXTRAVAGANCE OF KING OF SIAM

BERLIN, Aug. 7—Stories regarding the extravagances of the King of Siam so far as purchase of jewelry are concerned, continue to crop out. Among his recent purchases, it is said, is a gold thimble, covered with diamonds and other gems which is valued at $15,000. In his palace at Bangkok the King has an enormous store of jewels. The apartments of the first and second Queens are said to contain large gems while the walls of his own apartments are also covered with gems.

FAILED TO SWIM THE CHANNEL

DOVER, Eng., Aug. 7.—With the prize almost within his grasp, Jabez Wolffe, the amateur swimmer, who had already made four unsuccessful attempts to swim the English channel, was again deprived of his victory by an adverse tide this morning. Wolffe had accomplished a record swim from the South Foreland, getting within three quarters of a mile of Cape Blanc, France, in 13 1-2 hours, when the turn of the tide and an adverse wind carried him away from the land and necessitated the relinquishment of his attempt, which was the second he made this year.

R. D. Heaton, of Liverpool, yesterday also attempted to swim the channel, but gave up when four and a half miles from the French coast.

EXCITEMENT CAUSED DEATH

UXBRIDGE, Mass., Aug. 7—Excitement over a quarrel between his father his sister and Perry Goldthwaite of this town caused Edward Vance, 20 years of age, to fall to the ground in front of the Vance homestead, dead. The autopsy which was held today revealed the story of the death and Dr. Baher, medical examiner of Worcester county, who conducted it stated that the young man's death resulted, he was of the opinion shortly after he had fainted. There was absolutely no evidence of foul play, he said.

Grace Vance, the sister of young Vance, was standing in front of her home late last night, when her father John Vance, came to the front door and ordered Goldthwaite, who was talking with his daughter, to leave his yard. Goldthwaite, it is stated, refused to move, and blows were about to be struck, when Edward, who heard the commotion outside, came running out of the house. He rushed up to the trio mumbling incoherently about striking an old man. In another instant he had thrown his arms into the air and sank backward upon the grass.

Why Acetylene Can Be Used Anywhere

There's no better illuminant made for lighting the streets and houses of small towns and villages, for farmhouses and outbuildings, for asylums, churches, hospitals, etc., than acetylene.

The lighting for these places can be done from one central point.

Acetylene is an ideal light for campers, prospectors, engineering parties, military camps, etc.

The carbide, from which acetylene is made, can be taken anywhere, with safety, as long as it's kept moisture-proof.—

Can be safely carried with food without affecting it in any way.—

Does away with all the unpleasant and dangerous features of kerosene and gasolene.

Acetylene is the only satisfactory light for country houses, especially in summer, as it gives out very little heat.

All the buoys and lighthouses on the River St. Lawrence are lighted with acetylene, because it gives the clearest and most penetrating of all artificial illuminants.

The Canadian Pacific Railway use acetylene exclusively for lighting their cars.

There are different grades of acetylene, depending upon the quality of the carbide used.

The best gas comes from using the best carbide—[S] Calcium Carbide.

Write us to-day. We can give you many more particulars about carbide, prices, etc.
