IV.—Herbert Hawbolt, Walter O'Brien, Grade II.—John Berrigan, Grade II.—Herman Mosher, Annie Drake, Silvia Drake. Best attendance during the month made by Theodore Anderson, Lavinia McVarish, L. WEDDING BELLS.—A very pretty event took place at St. Charles on May 12th when Miss Josephine Gorman, St. Charles, became the bride of Mr. George Burge, Farmington. The bride wore grey broadcloth, with a white hat to match. She was attended by her cousin, Miss Helen Shea, who wore blue broadcloth, with a white hat to match while the groom was ably supported by Mr. William Larkin. Rev. Fr. McFetheron tied the nuptial knot. After the ceremony the happy couple drove to the home of the bride's parents, where a sumptuous dinner awaited upwards of 70 guests. The afternoon was spent in music, song and dance. In the evening a reception was held and the young people of the vicinity tripped the light fantastic to the strains of popular violin music furnished by Miss Margaret Butler. The many valuable and useful presents go to show in what high esteem the young couple was held. Mr. and Mrs. Burge will reside in Farmington.

Mr. A. D. McIsaac, lobster packer, was a visitor to Souris Saturday.

Miss Clara Walsh, Souris, left Thursday for Boston, where she will spend a few weeks.

Mr. Harney Christopher, teacher, East Point, was a visitor to Souris on Tuesday.

Mr. Joseph McDonald returned to Souris Saturday after spending the past few weeks in Boston.

Mr. A. L. Fraser was a passenger to Souris Saturday evening returning from a business trip to Charlottetown.

Mr. Patrick Holland, teacher, Priests Pond, was in Souris Saturday on a business trip, and returned to Elmira on the evening train.

Mr. J. H. Dewar, of Fortune Cove, who returns this morning from the city where he has been spending a few days, is an experienced fox rancher, and has contracts in hand for the building of several large fox ranches this summer.

In conversation with Mr. Dewar, it was gathered that things on the fox ranches in the western part of the island are exceptionally good; litters being large and numerous.

The directors of the Record Fox and Fur Company have under consideration several groves near Charlottetown in the selection of the company's ranch. It is the intention to select the site most suitable in regard to proximity to the city, all other considerations being equal. A twenty-acre ranch will be built and the company will undertake the boarding of other foxes.

Four new fox companies are in course of formation in the island, and in Saturday's Royal Gazette notice was given of application for their incorporation by Letters Patent, viz.: "The Colonial Silver Black Fox Co., Ltd.," with a capital of \$180,000, divided into shares of the par value of \$50 each, and its head office to be located in Bedouque; "Albany Plains Pedigreed Silver Black Fox Co., Ltd.," with a capital stock of \$99,000, divided into 9,900 shares of \$10 each, and with its principal place of business to be in Charlottetown; "The Reliable Silver Black Fox Co., Ltd.," with a capital stock of \$200,000, divided into shares of the par value of \$100 each, and its head office to be located in Summerside; and "The Colonial Silver Black Fox Co., Ltd.," with a capital stock of \$300,000, divided into 3,000 shares of \$100 each, and its head office to be established in Cardigan. As will be seen, two of these new organizations have applied for incorporation under exactly similar names, although promoted by entirely different parties; in such a case a change will have to be effected in one or the other's title.

ONE CENT per word each insertion for advertising in this column. Cash must accompany order. Minimum charge twenty-five cents.

MILITARY EXTREMISTS.

(Canadian Courier.)

Canada's military efficiency is in danger from two men—the one who preaches a patriotic shudder every time he sees a young man tolerate military discipline, and the other is the man who wants to see Canada have an army. Because these two men are active just now, common sense military training is suffering.

Strange how the father of a family boy convinces himself that physical training and military discipline are not good for his boys. One can understand the man from the east end of London coming to Canada, preaching thus—because he decries all discipline. He desires to do odd work, to have the privilege of eating his wife, and the joy of living on the wages of her and her children. One can even understand the professional socialist, whose livelihood depends upon his condemnation of the capitalist and the gentleman, how some industrious, intelligent Canadian fathers fail to see the tremendous value of military discipline for young men is almost beyond comprehension.

On the other hand, the present Minister of Militia is in danger of going to the opposite extreme. He is doing good work in organizing cadet corps and in getting young men to drill at the right period of their physical development. But he has not cut down the extravagance of an permanent army or modified the expenses of "headquarters." Further economies were needed, but the speed is too great. There is a danger of a people being frightened. The Minister should not prejudice the whole military situation by an undue forcing of the pace.

NEW YORK HIPPODROME

Less than two weeks remain in which to see the New York Hippodrome spectacular. The revival of Gilbert and Sullivan's "H. M. S. Pinafore." After having achieved the most pronounced light opera success of recent years "Pinafore" has run up the white flag of surrender to warm weather. The first breath of Summer throws a great fear into the hearts of all producers, for warm weather has a withering effect upon the most Springlike offering.

Big houses have greeted the production during the month it has held the boards and there is no apparent falling off in public interest in the popular old comic opera, yet the certainty remains that the advent of real warm weather will exercise a blighting effect upon the enterprise.

"Pinafore" as presented at the Hippodrome is a costly proposition, involving large and expensive cast. Hence the attitude of the management in avoiding "taking chances" at a period when conditions are most unfavorable, so the wonderful production is announced to close Saturday, May 23rd.

There is surprise in many quarters that so huge a production should be installed for a "run" of only six and a half weeks. These people have not taken into consideration the vast seating capacity of the Hippodrome—5,200 to be exact—which makes six big weeks at the institution equivalent in financial returns to a full season at most theatres.

Regardless of the commercial aspect all music lovers will rejoice that "Pinafore" has been done on so huge a scale, and all who have not seen it will hasten to take advantage of the opportunity before it is too late.

ADMIRAL PASSED AWAY.

LONDON, May 18.—Admiral Sir Charles Carter Drury died today, aged 68. He was born in Rothesay, N. B., near St. John, and entered the British Navy in 1859. For five years he was Second Sea Lord of the Admiralty.

PRINCE EDWARD ISLAND AS A SUMMER RESORT

THE LAND OF PURE DELIGHT FOR TOURISTS AND HEALTH SEEKERS

SOME OF P. E. I. ATTRACTIONS

Prince Edward Island is the best spot on earth in which to spend a vacation. It is more, it is the ideal land we've all heard and sung about in the halcyon days of childhood and youth, "The Land of Pure Delight," Some of its outstanding features are

A LAND OF BEAUTY. Three hundred and seventy-eight years ago Jacques Cartier wrote:—"All this land is low and the most beautiful. . . . This is a land of the best temperature which it is possible to see." Thousands of tourist visitors attest that it is more beautiful today, and the most attractive summer resort in the entire Dominion of Canada.

A DELIGHTFUL SUMMER CLIMATE. Gentle scenes laden with the breath of the sea blow from the south and the west all through the long summer days, dying with the red and gold amber and green of a gorgeous sunset. The nights are always cool and bright, insuring refreshing rest and sleep. There are no fogs.

A LAND OF HEALTH. In no country does so large a proportion of the people live to a green old age. Only about one per cent. of the population dies each year. The report of the Registrar of Vital Statistics for the year 1913 shows that of a total of 983 deaths there were: 130 over 60 years of age; 188 over 70 years of age; 110 over 80 years of age; 27 over 90 years of age.

The infant mortality of other countries is almost unknown here. There is no other land under the sun where 40 per cent. of the population live to pass the seventy year span of life!

A LAND OF ABUNDANCE. In no other country is there greater abundance of the best food and of clear, sparkling water in town and rural districts alike.

Lamb of finest flavor; Eggs, milk, butter and cheese; The most luscious oysters in world; Lobsters in great abundance; Sea and brook trout, mackerel, cod, etc.; Wild geese, brant, plover, duck and partridge in their season; Strawberries, raspberries, blue berries, cranberries; Apples and plums of rare excellence; cherries and small fruit are plentifully produced.

Prince Edward Island crop area, 1913: Wheat, 29,500 acres; oats, 176,200; barley, 4,900; peas, 70; mixed grains, 7,500; hay and clover, 184,100; buckwheat, 2,600; potatoes, 31,400; turnips, etc., 7,400; corn for fodder, 260. Prince Edward Island live stock (June 30th, 1913): 36,000 horses, 48,600 milch cows, 64,300 other cattle, 85,700 sheep, 43,800 swine. P. E. I. farm crops, exclusive of fruits, in 1913, were valued at: Wheat, \$203,500; buckwheat, \$42,500; roots, \$625,000; hay, \$3,000,000. Total, \$3,816,000. P. E. I. has \$246 worth of farm implements per farm, as against \$157 in N. B., and \$87 worth in N.S.

AGREEABLE SOCIAL CONDITIONS.

The Island is socially a land of the golden mean. Few are very rich and almost none are poor. The great majority enjoy comfort and prosperity. Sobriety and order everywhere prevail. In no part of the American Continent is there proportionately so little serious crime. There are no tramps and beggars are unknown. Churches and schools are abundant.

POSTAL AND OTHER FACILITIES.

There are 468 post offices—one to every 44 square miles. Throughout a large part of the Province there is free delivery of the mails daily at the farmers' road gates. The Prince Edward Island Railway intersects the Island in every direction, bringing four-fifths of its area within five miles of the rails. Telephone lines all over the Island connect 175 towns, villages and settlements.

SOME SPECIAL ATTRACTIONS FOR TOURISTS ON THE NORTH SHORE.

The rampart of sand dunes, fifty miles long, thrown up by the waves. The long shallow lagoons inside the dunes, the haunts of fish and waterfowl. Scores of miles of broad, clean, hard sand beaches, the delight of bathers.

IN GENERAL.

Surf bathing and sheltered sea bathing; Shooting wild geese, duck, brant partridge and plover in their season. Fishing brook and sea trout, mackerel and other sea fish. Cham baking, picnicking, oyster digging. Boat sailing and rowing. Hundreds of motor boats.

IN CHARLOTTETOWN.

Victoria Park, 60 acres within ten minutes' walk of the Post office. Beautiful walks and drives, tennis courts, cricket and baseball. The Belvidere Golf Links. Amateur Athletic Grounds. An excellent Free Public Library. The Legislative Building, seat of a Legislative Assembly older than the United States Congress. The Miqme Encampment at Rocky Point. The old French Fort at the Harbor's mouth. Seventy miles of land-locked waters for boating, bathing, oyster fishing and clam digging.

THE FOX RANCHES.

Charlottetown has one of the finest harbors in Canada, entirely land-locked, with a shore front of over four miles. Charlottetown has broad macadamized streets, with concrete sidewalks, lined with lawns and shade trees. Charlottetown's water supply system is pure, cold, spring water in abundance. There is none better in Canada or the world. Within a radius of 25 miles in and around Charlottetown, there are 50,000 people. Charlottetown has one of the finest market buildings in Canada. Tourist visitors and investors will find great interest in seeing the scores of fox ranches that are thickly dotted over the western and central portions of the Island. P. E. I. has 290 incorporated fox companies, with an authorized capital of over \$26,000,000, and a number of ranches not incorporated.

Best foxes one hundred and one fox companies were incorporated in P. E. I. during 1913, besides many oyster-farming, industrial and trading companies. Selling prices for P. E. I. silver foxes, at close of 1913, were \$20,000 to \$30,000 per pair for provided breeders, and for young foxes born during the year, \$15,000 per pair. P. E. I. has 187 lobster-canning establishments. P. E. I. fur farming includes the breeding of three varieties of foxes, also racoon, fisher, beaver, otter, mink, muskrat, marten and Russian sable, as well as Persian lambs. Eighty-five per cent. of all the valuable foxes in captivity throughout the world are within P. E. Island.
