10 1/2 MILLION

The largest total tire production in Canada

10 1/2 million automobile tires have gone from the Goodyear factories in Canada into the service of the motorists of the world.

By far the largest production of any company in the history of the tire business in Canada.

A result! A means! A responsibility!

The result of year after year success in giving ever-increasing value in mileage, comfort, safety.

The means of giving greater value, because increased volume has made possible lower prices and tire improvements—in short, record low-cost-per-mile.

A responsibility for all time, to deserve such patronage—to deserve the confidence which motorists have placed in the name Goodyear—to continue to give the value which made 10 1/2 million Canadian-built Goodyear Tires a possibility.

The second 10,000,000 Canadian Goodyear Tires are being made. Into them is going Goodyear's greater experience, skill and knowledge. From them motorists will receive greater service than ever before. They are sold by Goodyear Selected Dealers everywhere.

All Goodyear Tires are built of SUPER-TWIST Cords—61% more stretch and life than old-style cords

COMBINED STANDING FIELDS AND THRESHED GRAIN COMPETITION 1928

Cash Prizes for Field of Oats, Wheat, Barley and Certified Seed Potatoes

There will be competitions in the three counties where there are five or more entries each for wheat, barley, oats, and for potatoes grown from certified seed.

The number of Prizes in each County will be proportionate with the number of entries. Prizes will be paid according to the combined score of the standing field and the threshed grain.

- #### RULES AND REGULATIONS
1. A field of oats shall consist of at least five acres, of wheat and barley three acres, of certified seed potatoes four acres.
 2. An entry fee of \$1.00 shall be charged for the first, and fifty cents for each additional entry of grain, and \$1.00 for each entry of potatoes.
 3. The entry fee shall accompany the application.
 4. Entries should be made to the Department of Agriculture not later than August 15th, 1928.
 5. Competitors shall notify the Department of Agriculture at least one week previous to date on which harvesting shall begin.
 6. Competitors are requested to note the following requirements for standing fields of oats only.
 7. The field must be seeded with (a) registered Banner Oats, or (b) seed from a field which has been sown with registered seed and inspected and approved while growing, or (c) seed from fields that have been two or more years in the competition and have scored not less than 74% out of 25 points for purity and approved by the Department of Agriculture.
