ALBERTA COAL OUTPUT DROPS EDMONTON, Alta., April 6.—(By The Canadian Press)—Production of coal from mines in Alberta since the industry was established 45 years ago totalled 121,443,000 tons valued at \$396,031,000, according to the annual report of the Alberta Mines Branch.

The report noted that 1931 would go down in history as a year which coal production had been at a very low level. Production during the year was 4,564,745 tons, a drop of more than 1,200,000 tons from the previous year. Value of 1931 output was placed at \$13,415,745.

Of the 1931 total, 1,020,994 tons were sold in Alberta, 1,547,061 tons to other provinces, 30,434 tons to the United States, and 1,668,461 tons to railway companies, the remainder being used by collieries or disposed of in other ways.

MONTREAL, April 6.—Toronto Nationals captured the Allan Cup, emblem of the Amateur Hockey championship of Canada here tonight, defeating Fort William 1 to nil.

Evidence In S' Side Fox Case

Further details of the evidence heard by Acting Magistrate Stewart in the charge against Charles Stavert, Summerside, for alleged misappropriation of the amount of \$1,300 on which charge defendant was remanded to the Supreme Court on Tuesday, are as follows:

The complainant, B. I. Rayner, proved payment to accused of \$1,300, in the following amounts: \$300 for which receipt was given, and a cheque for \$1,000 marked "advances for furs." The complainant is owner of Rayner Fur Sales, Montreal, to which firm defendant was to ship the furs which he obtained, such furs to be sold at their auction sales.

Defendant is alleged to have been given a commission for all such business. Where necessary he was to make advances from the funds given him to parties who consigned through him furs to Rayner Fur Sales. No furs, it is claimed, were ever shipped by defendant to complainant's company during the past winter.

When demand was made for the return of the \$1,300, defendant stated he had retained the money to repay to himself a debt of E. H. Rayner amounting to \$500 and had used the balance to settle with parties who had shipped furs through him during the winter of 1930-1931, which had not been properly accounted for to such shippers.

Evidence of the accountant of the Royal Bank at Summerside was taken to show a further payment to defendant in 1931 of \$1,200 to be used as advances for purchase and shipment of furs.

The manager of the Canadian National Telegraphers at Summerside gave evidence of certain telegrams between defendant and Rayner Fur Sales and E. H. Rayner, relative to the advances made.

The teller of the Canadian Bank of Commerce gave evidence of the cashing of the \$1,000 cheque and payment to defendant which amount was charged by the bank to B. I. Rayner's account.

A very interesting game of hockey was played at the Forum last night between the Heart-breakers and Hunter River, the former winning out by a score of 3 to 1. Bill Ryan was the "big noise" for the winners, scoring the three goals, while McMillan, Wedlock and Boyle made some great rushes for the Hunter River boys, but the Heart-breakers defence and goalkeeper were unbeatable.

THE SCORES

McInnis rushed down the wing and was carried into the corner, passed the rubber out to "Willie," who sagged the twine for the opener. The second goal came the same way, Jimmie and Willie doing the trick once more. The period ended with Mat White making some splendid saves.

Second period went scoreless. The last period opened very fast, Hunter River boys certainly meant something by playing the whole team up the ice. McMillan landed the only goal for his team unassisted and the Hunter River boys made "Tid" kick them out for a while.

"Pud" Whitlock broke away with only White to beat, passed the rubber to "Willie" who scored the last goal of the game.

The boys all enjoyed a chicken supper at the Margaret Bethel Tea Rooms after the game. The Heart-breakers wish to thank Louis Stewart, manager of Stewart's Bakery, for the loan of the uniforms. Come again boys, you are certainly a good bunch of sports. Mel Diamond refereed satisfactorily to all.

THE LINEUPS

Heart-breakers Goal: Tid McEwen; Defence: "Jim" Power; Centre: "Bill" Ryan; Right Wing: "Pud" Whitlock; Left Wing: Jimmie McInnis, Jiggs MacDonald, Stork Gillis, Jim Lawlor; Referee—Mel Diamond.

The World's Greatest Runner Paavo Nurmi, one of the most sensational runners of all time, who was recently suspended by the International Amateur Federation, will in all likelihood be barred from competing in the Olympic Games events at Los Angeles.

Finland loses her chief hope to capture the marathon and the 10,000-metre race. The federation authorities gave out no particulars when they suspended Nurmi from participation in international athletics, awaiting the result of an inquiry into his amateur status the same having been undertaken by the Finnish Athletic Association.

It is strictly up to Finland officials to prove that Nurmi is still entitled to amateur racing. In three Olympiads Nurmi captured six world's championships. In 1920 he won the 10,000-metre race and the 10,000-metre cross-country run. Then in 1924 he was first in the 10,000-metre cross-country event, the 5,000 metres and the 1,500 metres. Four years later he finished ahead of the field in the 10,000-metre race.

At present Nurmi is credited with having established eleven official world's records, but two of these have been bettered, and may eventually be accepted by the International Federation. The loss of this stellar athlete, coupled with the banishment of Ules Ladoumeque by the French Amateur Athletic Association, deprives the 1932 Olympiad of two of the most colorful figures in the history of sport.

In suspending two such athletes the authorities have shown that they will not tolerate infractions of the rules that govern amateur sport. For this stand they deserve praise of the highest order.

The Technical K. O. There is no such thing as a technical knockout in boxing according

to a new ruling of the New York State Athletic Commission. The Board, says an exchange, made its ruling in declaring that Battling Battalino was not knocked out by Billy Petrolle when Referee Gunboat Smith stopped the fight in the twelfth round to save Bat from further punishment. The commission will not recognize a knockout unless the losing boxer has received a full count of ten seconds. There is no such thing as a technical knockout. The boxer is either counted out or the fight is stopped by the referee. In this instance, Battalino was on his feet when the referee decided he was no longer able to defend himself. Boxing men generally disagree with the ruling that the result of such a fight should go in the record books as stopped by referee.

"Still They Come" A crowd of 14,020 persons paying \$30,333 witnessed Jack Dempsey's final bout of his exhibition tour at Detroit when he outpointed Babe Hunt, Oklahoma cowboy, in four rounds. Dempsey was the aggressor throughout, but Hunt bothered him and was the fresher of the two when the bout finished. The plaster patches over Dempsey's eyes had been scraped off by the third round, and at the end of that stanza, Dempsey's eyes were swelling a bit and his face was crimson from Hunt's many jabs. Dempsey opened a cut under the Oklahoma's left eye in the fourth. Dempsey's share of receipts was \$13,788.

TO TAKE OATH IN SECLUSION The oath of qualification administered on the ice at all branch finals, Allan and Memorial Cup play-offs, will henceforth be given in the dressing rooms of the teams, it was decided by the C. A. H. A. The oath will be administered en bloc, but a written copy of the oath in the form of a statutory declaration will be signed by each individual player. All except players and those administering the oath will be excluded from the dressing room.

Beat This? Here's one for the book. At the Gardens on Saturday last one of the employees rang up a season subscriber to remind him that he hadn't picked up his tickets for the game. He nearly fainted when the subscriber answered, "Oh, I am not interested in the play-offs." No, you can't get his address.

Regiment 28 is herewith struck from the list of Austrian regiments forever; is to be broken up; its officers are to be brought before court martial; the men to be decimated, and the remaining men put into different regiments.", "This order is to be made known to the entire force in the field. Five officers and the respective men have already been condemned to death by the court martial, and have been shot in April, 1915, in Szegedin (Hungary). "The history of the order shows that Regiment No. 28 faced the enemy in the Carpathians and on this occasion pulled the white flag. They sent a group to parley with the supposed enemy. They said they were Slavs and did not want to fight against the Russians. "In the course of negotiations it was found the "enemy regiment" was really the 4th Bavarian "South German" Regiment of Guards, whose commander ordered the mutinous regiment to be surrounded.
