

NOTICE TO MAIL CONTRACTORS

Rural Mail Contractors Convention to be held on TUESDAY and WEDNESDAY evenings August 20th and 21st respectively, at the hour of eight o'clock in the Board Room (upstairs) in the CITY HALL, Corner Queen and Kent Streets, Charlottetown.

CROWD SWARMS TO BIG FAIR ON OPENING

hibition is the presence of the booths in the main building. These are beautifully decorated, and give the necessary note of colour and gaiety. No pains have been spared to make the building beautiful.

The Carnegie demonstration of the Prince Edward Island Libraries, has a fine collection of books, shown in the usual booth.

The booth exhibiting Moore & McLeod's display of men's wear is located in the usual area occupied by this firm, to the left centre opposite the main entrance.

Moore & McLeod Ltd. The booth exhibiting Moore & McLeod's display of men's wear is located in the usual area occupied by this firm, to the left centre opposite the main entrance.

Stylish coats and overcoats of the latest styles are exhibited to splendid advantage. Even the novice may by a casual examination, detect the excellence of the fabrics represented.

The patterns in men's shirts are unique and unusually attractive. Most are heavy and show a predominance of colour. The neckwear and scarfs are also in bold colorings.

On a show case in the centre of the booth with a fine array of shirts is shown a novel display of socks. The colours and patterns are notable. The "pinstriped" immediately catch the eye, while the "broques" though more sober are not less dresy.

Two types of dressing gowns, of flannel and silk, the latter of the crease-resisting type, are also on exhibit. Zipper coats, sweaters complete the wardrobe shown. The furniture in the booth was provided by R. T. Holman Ltd.

THE BIRTHS DURANT—In the Prince County Hospital, August 17, 1935, to Mr. and Mrs. Joseph Durant, Summerside, a daughter.

DEATHS SIMPSON—At Uxbridge, Mass., on August 14, 1935, John Rupert Simpson.

COMPTON—In St. Eleanor's, August 19th, Mrs. Henry Compton, Funeral at St. Eleanor's on Tuesday, August 21st. Service at the Church of England, St. Eleanor's, beginning at 2.30 p.m.

N. D. MacLean UNDERTAKER EMBALMER Charlottetown and North Wilshire Phone 148

Ability To See Comfortably The object of a modern eye service is to enable patients to see comfortably. That means seeing without strain on the eyes. And also the avoidance of many bodily results of eye strain. That thought deserves the consideration of all who are not certain of the condition of their eyes.

G. F. Hutcheson

The Central Guardian

KEEPOCH FATALITY—A Guardian reader points out that the drowning accident at Keepoch on Sunday occurred inside the harbor and not at the place specially known as Keepoch Beach, as stated yesterday.

ACCIDENTAL DEATH—A coroner's jury inquiring into the drowning of 18-year-old Daniel Welsh, Cardigan mill employee, in Grand River Sunday, returned a verdict of accidental death last night after investigating circumstantial evidence surrounding the tragedy.

THE PRESBYTERIAN CHURCH IN CANADA—The services in the Brookfield charge on Sunday, August 25th will be as follows: Glasgow Road at 11; Hartsville—Sunday School at 2 and Divine Worship at 3; Hunter River—Sunday School at 9 and Divine Worship at 7; Brookfield at 8.30. Rudolph Berlis, Student Minister. L-9238.

TAKES MONTH'S REST—On the advice of his physicians, Premier Lea has decided to take a month's holiday, in an endeavour fully to recover his health. In his absence Hon. Thane A. Campbell, Attorney General, will be Acting Premier.

PERSONALS Miss Marie Paquet spent the week-end visiting with Mr. and Mrs. William Paquet, Souris.

Dr. Ewen A. Robertson, West Newton, Mass., has left on return home. While here he was the guest of his nephew, George R. Keefe, 8 Richmond St.

Mr. George L. Prowse, of Kennedy's Limited, Boston, Mass., arrived in the city Saturday night and will remain here to spend a holiday for the balance of August.

Mr. John A. MacKinnon, who has been spending the past few weeks at "The Highlands", Georgetown, left yesterday to rejoin the C. N. S. "Canadian Crusader" at Montreal for his ninth voyage to Australia and New Zealand.

Mr. and Mrs. Harry L. Munsey and Mr. and Mrs. Chas. B. York, and son Frederick of Medford Hillside, Mass., are visiting relatives and friends in this city.

Mr. J. Roy Hughes, manager of the Bank of Nova Scotia at New Carlisle, Quebec, is visiting his parents, Mr. and Mrs. G. A. Hughes, Prince Street. Mr. Hughes is accompanied by his wife and daughter.

Dr. J. A. Sinclair well known veterinary and horseman from Cannington, Ontario arrived in Charlottetown last night. He is here in connection with the Exhibition.

between the United States and Great Britain. In conclusion, the speaker referred to the distressing problem of unemployment in Canada and called for a dedication not only of our enthusiasm but for our intelligence to the task of making it possible to find work for the multitude of youth in this nation who are pouring forth from our schools and colleges into a society that seems to have no place for them, and he spoke feelingly also of the pathetic spectacle of so many men of "middle age" who are seeking in vain for work.

There is a way out for Canada, he believed but Canadians will not put their necks under the yoke either of Communism or Fascism, in their denial of liberty, their intrigue, their civil wars, their mass murders, their secret assassinations; but by using the democratic institutions which we possess today we must seek to build up on the northern half of the American continent a nation established in freedom, founded on the principles of justice and righteousness, united in one vast brotherhood from the thundering Atlantic in the east to where the Pacific steals up to the green isles of the west. So shall we have achieved the Dominion of our dreams, the greater Canada that is set before us.

Past District Governor Walter S. Grant presided at Rotary Luncheon yesterday. The dining room of the Canadian National Hotel was crowded with Rotarians and guests and additional chairs having to be provided. The speaker was greeted at the close with hearty and prolonged applause.

Among the guests present were three club members, Rev. Walter Cotton of South Africa, Rev. E. M. Aitken of Sydney, N. S., Rev. J. W. Barbour of Charlottetown, besides Rotarians and non-Rotarians from other parts of Canada and the United States. The chairman welcomed back to the club Rotarian J. M. Murray after his recent illness.

Mr. Murray asked the Rotarians to supply sufficient number of cars to convey forty children who are being entertained at Cavendish Beach on Saturday, August 24th by the Red Cross Society, the Rotarians and the Gyros.

There are those who tell us, said Dr. Bonnell, that democracy is doomed, and some of them urge the abolition of parliamentary government in Canada and the establishment of a dictatorship. If they knew a little more of the terrible hardships that people are suffering in countries governed by dictators, they wouldn't be so ready to make these inconsiderate suggestions.

Democracy is not doomed. It is true that some of the democratic saplings have gone down before the storm of world depression and revolution, but the old oaks are still standing. Britain, France, Switzerland, Norway, Sweden, the United States, Canada and other great nations still maintain the democratic form of government, and these nations are still the determining factors in international affairs. Great Britain and the United States alone can sway world opinion if they act together.

At this point, Dr. Bonnell, referring to the allusions which had been made to his acceptance of a great American pupil, expressed the hope that in some small way his voice might be of influence in increasing the measure of goodness that exists

Official Opening

(Continued from Page 1)

many others who might be mentioned; these men were the pioneers in the Exhibition movement in this Province, to whom a large measure of credit is due on this occasion.

What inspired them in their self-sacrificing efforts? Surely it was the realization of the great value and importance of agriculture in the life of the community, and of the need of encouraging this basic industry by every means in their power.

These men were thinkers and readers; they knew that they were on safe ground in investing their time and energy in such an enterprise. Poets, statesmen and philosophers of all ages have paid tribute to agriculture as the basis of national prosperity. It was regarded in ancient Rome as the industry productive of "the bravest men, the most valiant soldiers, and all the virtues least given of all to evil designs."

"Of all occupations," says Cicero, "from which gain is secured, there is none better than agriculture, nothing more productive, nothing sweeter, nothing more worthy of a free man."

You remember how Gray in his "Elegy Written in a Country Churchyard" pictures the busy rural scene: "Of old the harvest to their sickle yield; Their furrow oft the stubborn glebe has broke; How jocund did they drive their team afield! How bow'd the woods beneath their strains."

hibition, which was made on his side. The Association is to be congratulated on its President, Col. MacKinnon who gives it a great deal of publicity.

In regard to financial support the speaker pointed out that whereas in other provinces the Agricultural Exhibitions are supported by the Government, the government grant here is not sufficient to protect the Association from loss in the event of stormy weather.

Dealing briefly with farming in the Province the speaker stressed the importance of live stock raising here. During the depression, he said, the men who had continued mixed farming had not suffered to any extent. The exhibition about to be held between breeding stock so that the ordinary producer can in turn benefit.

Some people, said Premier Lea, look on the Exhibition as a show and entertainment. It has that function but the Government gives it assistance because it promotes live stock. The exhibitors that show up year after year are those who have a class of stock that conform to the best standards. If exhibitors all over Canada were allowed to fall into decay the standard of livestock would soon degenerate. The exhibition will continue, however, and should improve from year to year.

In order to encourage entries from all parts of the province the freight is paid from all points outside a ten mile radius from Charlottetown. It is not done in any of the other Provinces. In conclusion he said that he found the directors of the Association here more progressive than any others he had been associated with.

Mayor Kennedy His Worship Mayor Kennedy also spoke briefly. He was pleased to have the opportunity of being present at the opening of the Exhibition which means a lot to the citizens of Charlottetown. It gives them a great deal of entertainment and assists in many ways.

Prince Edward Island is essentially an agricultural province, it never has a crop failure either from drought or flood. He thanked God for the many blessings bestowed on the Province. He congratulated the directors of the Association for the excellent manner in which they are carrying on the exhibition. It is a means of bringing the city and country people together and showing them how they are dependent one on the other.

In conclusion he extended a hearty and cordial welcome to all visitors both from other parts of the province and from abroad.

Hon. Thane Campbell The Chairman then called on Hon. Thane Campbell who was also present on the platform to address the audience.

Hon. Mr. Campbell had not intended making a speech he said. He spoke very briefly. He commended the President and the officials for the growing success of the exhibition in recent years. He felt confident, he said, that the present exhibition would be no exception, but would exceed all others both in exhibits and attendance.

The function of the show is not one of merely furnishing amusement to the people of the Province but of developing and encouraging improvement in the quality of the agricultural products. He trusted, he said, that the present exhibition would do both.

Hon. Mr. McIntyre The next speaker, Hon. J. P. McIntyre, Minister of Public Works, regretted that during the last few weeks there has been such a dry spell. If there had been rain the roads could have been smoothed off, but as it is the roads are very rough due to the condition of the weather.

The Exhibition in all its branches, whether cattle or handicrafts is of great educational value to the public, he said, and went on to tell his experience with some schools near his home in the improvement of the school grounds. He cited what encouragement would do and paid a tribute to the work of the Women's Institutes.

Hon. Mr. LePage Hon. B. W. LePage, who spoke briefly, in his opening remarks congratulated the president and directors of the Exhibition Association. "They were certainly the right people in the right place and have successfully conducted the Exhibition for many years. He recalled, he said, the first exhibition held in Charlottetown, held near the armories. In conclusion he said he was not an agriculturalist, although he was born on a farm and knew the great value an exhibition can be to young farm people.

Col. W. C. S. McLaure, M.P., who for many years had been a director of the Association, was the last speaker. On behalf of the president and directors of the Association he extended to the exhibitors, the kings of sport, and the visitors a most hearty welcome to the Exhibition, the show window of agriculture in this province. It is made possible through the grants of the Federal, Provincial and Civic Governments and also other outstanding organizations in the province.

He paid great tribute to the work of President Col. MacKinnon, who was tutored for the position by the present honorary president, Mr. Paton. To the efficient, capable and persistent secretary, Mr. J. W. Boulter, should go also much credit for the success of the Exhibition. "These two men have made the Exhibition here the greatest show of its kind east of Toronto," Mr. McLaure said. Its success is such that people all over the province may be justly proud of it. In conclusion the speaker welcomed the people to the exhibition, which was made on his side. The Association is to be congratulated on its President, Col. MacKinnon who gives it a great deal of publicity.

In regard to financial support the speaker pointed out that whereas in other provinces the Agricultural Exhibitions are supported by the Government, the government grant here is not sufficient to protect the Association from loss in the event of stormy weather.

Dealing briefly with farming in the Province the speaker stressed the importance of live stock raising here. Important Notice To Exhibitors And Others

Exhibitors are asked to co-operate with the management, and park their cars and trucks as far away from the barns as possible. The space has been cleared near the woods at the east end of the grounds, that will accommodate practically all stockmen's cars. Please bear this request in mind, as the congestion around the cattle stalls is not safe for exhibitors or anyone else.

Those who are not exhibitors, should not enter the stock gate with their cars at all, and instructions will be given to the men in charge to refuse admittance.

Tonight's Show At The Fair

Tonight's big show will get under way before 8 o'clock, and will consist of Charlottetown and Halifax Riding Clubs, in show events, with their beautiful horses and riders turned out spic and span in the big arena.

The full Vaudeville programme will be on in the intervals, and the concluding number of the evening will be the Musical Ride, with the sixteen members of the Prince Edward Island Light Horse. After that the Fire Works will be one of the rare evenings of the year. Don't miss it!

The weather was perfect last evening on the stands at the Exhibition track. In fact, it was pleasantly cool, due to the balmy breezes, wafted from the Hillsboro River. The coolest place on the Island is the Exhibition Grounds.

The Canadian Bank of Commerce, who are donating a Silver Cup or Tray for the Best Junior Champion, Pure Bred Female, under 2 years of age, in the Ayrshire, Holstein and Guernsey classes, announce that they will also give a prize of the same kind for a like animal of the Jersey breed.

The dairy breeders surely appreciate the generosity of the Canadian Bank of Commerce, in thus remembering each of the dairy breeders.

Third, the blow to French hopes of a united front by the former allies against Germany; Fourth, the undermining of that respect for treaties upon which the whole system of international morality depends.
