CLAIMS DIONNE USED UNFAIRLY BY GOVERNMENT

Leo Kervin, Manager For Oliva Dionne, Criticizes "Interference" of Ontario Legislature.

(C. P. By Guardian's Special Wire) OTTAWA, April 25.—Leo Kervin, manager for Oliva Dionne, father of the famous quintuplets, today criticized the bill passed by the Ontario Legislature making the babies wards of the King under the Department of Public Welfare.

Kervin came to Ottawa from Callander to represent the Dionne parents at a meeting of the Federation des Femmes Canadiennes Francaises. He was here, he said, at the request of the North Bay branch of the Federation and that Mrs. Dionne was unwilling to leave Callander because of the condition of the quintuplets.

"All I am out for is a fair deal for the family," said Kervin, adding there was no need for the Ontario government stepping into the family's affairs.

Contract Terms

By terms of a contract he has with Dionne, Kervin was to get 20 per cent of the net revenues if the quintuplets had been under parental control. Dionne's brother, Leon, was to get another 20 per cent and the parents the remainder. Twenty per cent of the gross revenues were to go into a trust fund.

Before the bill was put through the Legislature, said Kervin, the Dionnes suggested they look after the babies for one year and if at the end of that time they were judged incompetent, the government could take charge of the five sisters.

"The Dionnes are not out to make a fortune," said Kervin. "But if they had the children today they

(C. P. By Guardian's Special Wire) VANCOUVER, April 25.—Decision in the case of 10 of the 19 men arrested in connection with Tuesday's riot of striking relief camp workers was reserved until Friday in police court today by Magistrate H. S. Wood.

Gordon Grant, defence counsel, claimed the Crown had not made out a case. He said it was an insult to Mayor McGee that a delegation carrying the Mayor's message should be taken into custody. The Magistrate informed the accused that if Mr. Grant's point was well taken they would be dismissed.

Nine other men charged with assault or damage to property were also remanded to Friday. Three of these men appeared in court with their heads swathed in bandages covering injuries suffered during the riot.

CLAIMS DIONNE USED UNFAIRLY BY GOVERNMENT

Leo Kervin, Manager For Oliva Dionne, Criticizes "Interference" of Ontario Legislature.

(C. P. By Guardian's Special Wire) OTTAWA, April 25.—Leo Kervin, manager for Oliva Dionne, father of the famous quintuplets, today criticized the bill passed by the Ontario Legislature making the babies wards of the King under the Department of Public Welfare.

Kervin came to Ottawa from Callander to represent the Dionne parents at a meeting of the Federation des Femmes Canadiennes Francaises. He was here, he said, at the request of the North Bay branch of the Federation and that Mrs. Dionne was unwilling to leave Callander because of the condition of the quintuplets.

"All I am out for is a fair deal for the family," said Kervin, adding there was no need for the Ontario government stepping into the family's affairs.

Contract Terms

By terms of a contract he has with Dionne, Kervin was to get 20 per cent of the net revenues if the quintuplets had been under parental control. Dionne's brother, Leon, was to get another 20 per cent and the parents the remainder. Twenty per cent of the gross revenues were to go into a trust fund.

Before the bill was put through the Legislature, said Kervin, the Dionnes suggested they look after the babies for one year and if at the end of that time they were judged incompetent, the government could take charge of the five sisters.

"The Dionnes are not out to make a fortune," said Kervin. "But if they had the children today they

Magistrate Holds Out Hope For Dismissal

Will Broadcast Six Programs On May 6

(C. P. By Guardian's Special Wire) VANCOUVER, April 25.—Decision in the case of 10 of the 19 men arrested in connection with Tuesday's riot of striking relief camp workers was reserved until Friday in police court today by Magistrate H. S. Wood.

These 10, charged with vagrancy were members of a delegation of strikers who interviewed Mayor G. G. McGee after the demonstration Tuesday and they were arrested when they left the city hall after the interview.

Gordon Grant, defence counsel, claimed the Crown had not made out a case. He said it was an insult to Mayor McGee that a delegation carrying the Mayor's message should be taken into custody. The Magistrate informed the accused that if Mr. Grant's point was well taken they would be dismissed.

Nine other men charged with assault or damage to property were also remanded to Friday. Three of these men appeared in court with their heads swathed in bandages covering injuries suffered during the riot.
