

THAW EXTRADITED FROM CANADA

DUMBSTRICKEN BY DECISION

(Canadian Press) COATCOOK, Sept. 3.—Thaw was tried out of Sherbrooke jail today on a writ of Habeas Corpus. He enjoyed three minutes of liberty was then seized by the Dominion immigration authorities and hustled by an automobile to this town where he is held pending the result of the investigation which will be held tomorrow by a special board of inquiry.

back in Mattewan Asylum for criminal insane. Thaw's refuge in Canada ended swiftly. The writ of Habeas Corpus was issued last Saturday under the direction of Jerome and was sustained this afternoon by Judge Matthew Hutchinson. Thaw, who was sitting about five feet from the Judge, was struck dumb by the decision and appeared unable to move. Thaw stood up. The immigration officers, headed by E. Blake Robertson, moved near him under arrest and five minutes later he was in an automobile bound for Coatcook. No special incident happened during the trip.

CRIMINAL LAWYERS MEET AT MONTREAL

MONTREAL, Sept. 3.—Many noted criminal lawyers from all sections of the United States and Canada are in attendance at the fifth annual meeting of the American Institute of Criminal Law and Criminology which opened here today in connection with the annual convention of the American Bar Association. The session opened today and many interesting papers were read and discussed. The closing session will be held tomorrow. Among the delegates who were appointed by the governors of their respective States are not only many distinguished criminal lawyers and judges of criminal courts but also a number of experts in criminology not directly connected with the legal profession.

METHODIST CONFERENCE

ST. CHARLES, MO., Sept. 3.—Beginning today and continuing until the first of next week, St. Charles is to entertain the annual session of the Missouri conference of the Methodist Church. South. A large representation of the clergy and laity is here to take part in the proceedings. The conference is to be directed by Bishop E. R. Hoss of Texas, assisted by Bishop E. L. Manzoni of Tennessee.

T. Thompson will be in his rooms from 9 until 12 each morning, and from 2 until 4 each afternoon. Intending pupils may apply to him during those hours for information as to terms, lessons, &c. &c. 1285-9-4M31.

WHAT WILL THAW'S EXAMINATION BE?

(Special to the Guardian) Ottawa, Sept. 3.—The immigration department has not been notified officially of the arrest of Harry Thaw but instructions have been given before hand that an arrest should be made and he would be taken to Coatcook and there examined by the federal board. Thaw will not be examined on the question of insanity although the law provides that any person who has been insane five years may be summarily deported on that ground. The immigration officials will base their action in putting Thaw across the border under the section of the immigration act which provides that an alien, entering Canada by stealth or otherwise than at a regular port of entry, shall be deported. The proceedings at Coatcook will probably take the usual form of an investigation by the Board of Immigration officials, whose judgment on the facts is generally known, must be adverse to Thaw. There is a possibility in certain cases of an appeal from this board to the Minister of the Interior, but in view of the developments of the last few days there does not seem to be any possibility of any advantage other than a day or two of delay, to be gained in this case by such an appeal even if it were allowed. Thaw will be deported at Vermont boundary, as he came. This is in accord with the usual procedure in the deportation of undesirable aliens.

COMPETITION IN STANDING GRAIN

C.P.R. TRAIN HAS NARROW ESCAPE

(Special to the Guardian) MONCTON, Sept. 3.—The east bound C. P. R. train this afternoon had a narrow escape from a disastrous wreck. While running at thirty miles or more an hour and when a quarter of a mile east of Calhoun's Mills the tender trucks left the rails and damaged the truck but the engine and cars kept to the rails until the train was brought to a standstill. Apart from the damage to the track and the blockage of the road for two hours and forty-five minutes no serious damage was done.

BAD WRECK IN ENGLAND

KIRBY, Stephen, County of Westmoreland, Eng., Sept. 2.—Fifteen persons are believed to have been killed and thirty persons injured in a collision of two sections of the famous London-Scotland express, early today. Official reports accounted for nine known dead, while correspondents on the spot reported that the fatalities numbered fifteen. The wreck occurred on the Midland Railway near Hawes Jet, the two sections being Southbound. The second section dished into the rear of the first, telescoping several coaches which burst into flames. Many persons were trapped, and if not killed outright they were burned to death. At least thirty passengers were taken from the wreckage suffering injuries or burns, and as many as ten of these may die. The two trains had left Carlisle for London at 1.35 and 1.47 this morning respectively and the collision between them occurred fifty miles south of that place, on a high and lonely moor.

CABLE DUPLEXED TO ST. JOHN

Many improvements have taken place in the telegraph service of this province during the past year, including the laying of a new cable, extension of the Night Letter privilege, concentration of the staff in Charlottetown for relaying purposes, etc; but by far the most important addition to the service has been the recent addition of a "Duplexing" apparatus whereby it is possible to simultaneously transmit two messages, one in each direction over the same cable. Thus it will be seen that although the province is not really connected with the mainland by two submarine cables, yet the single cable has been so equipped that it is possible to have the existing lines do the work of two cables, thereby increasing the capacity for handling traffic by one hundred per cent. The great advantage of this system will be understood when it is explained that in future a message "relayed" to Charlottetown from any outside office or filled in the City, will be transmitted to St. John, N. B., direct within two or three minutes of its receipt in Charlottetown. The installation of this system has been somewhat expensive, but Mr. A. E. Morrison, Manager for Prince Edward Island hopes that the increase in business will warrant its continuance in operation. The apparatus, which has never before been tried on the P. E. Island cable, was installed by Mr. J. M. Murley, Chief Operator. With the inauguration of this service communication with the mainland was brought to the highest possible state of efficiency and speed.

COLLEGE TENNIS TOURNAMENT PHILADELPHIA, PA., Sept. 3.—Yale, Harvard, Princeton, Pennsylvania, Dartmouth and several other of the big eastern colleges are represented in the annual tournament for the intercollegiate lawn tennis championships in singles and doubles which began today on the courts of the Merion Cricket Club at Haverford. Considerable interest attaches to the tournament this year, since Harvard, Princeton and Pennsylvania need only one more victory in either singles or doubles to gain permanent possession of the championship trophy.

THOMAS EDISON ILL

PORTLAND, Me., Sept. 2.—Thomas A. Edison, after a week spent at Monhegan on his first vacation in two years, arrived here last night complaining of a slight illness. The inventor went to bed in a local hotel immediately upon his arrival. The nature of the ailment is not known, but members of his family, accompanying him from Monhegan, said it was not serious. DEATH FROM OVERDOSE. BERLIN, Ont., September 3.—The death of an infant was caused here by overdose of patient "cordial" given for colic. Instead of a few drops a teaspoonful was given by mistake.

SIR IAN HAMILTON SENDS SOUVENIRS

(Special to the Guardian) OTTAWA, Sept. 3.—General Sir Ian Hamilton, Inspector General of the Overseas Forces, has not forgotten the Canadian members of the party who accompanied him across the continent in his recent inspection trip. He has despatched a personal souvenir gift to all these, from the adjutant-general to the orderly, who travelled with him on the train, as a remembrance of the occasion and accompanied the gift with a personal note thanking them for kindness received on such a strenuous journey.

\$3,000 FIRE AT MONCTON, N.B.

(Special to the Guardian) MONCTON, Sept. 3.—A fire tonight in the Stratton and Malefants job printing shop did \$3,000 damage to the plant and stock. The loss is covered by insurance.

OTTAWA CABINET AWARDS CONTRACTS

(Special to the Guardian) Ottawa, Sept. 3.—A batch of contracts were awarded at this afternoon's meeting of the Cabinet, which was the most largely attended for some months. The York Construction Company of Toronto were awarded the final contract of the Trent Valley Canal. This is the Severn River section and the contract is \$130,278. Other new contracts are the Northern Dredging Company, dredging at Cheticamp, N. S., \$15,000; Standard Construction Co., wharf at Hantsport, \$18,685; Quinlan and Robertson, Montreal, rebuilding the head of the grand pier of the Solomons Canal, \$24,283; Hamilton Bridge Co., steel bridge over the Chambly Canal, Larocues Crossing, \$2,450; Hamilton Bridge Co., double track railway swing bridge over the Welland Canal, \$55,500; A. G. Marshall, Ottawa, installation of underground service, House of Commons, \$11,995; Jackson and Goldie, thirty additional targets, Winnipeg Rifle Range, \$19,500.

AMMUNITION RETURNED TO THE MARKETS

NEW ORLEANS, LA., Sept. 3.—After having been the direct cause of several law suits and a number of thrilling experiences 2168 boxes of ammunition and 156 cases of rifles have been returned to a northern factory. The arms were intended originally, it is believed, for the ill-starred revolt of Felix Diaz at Vera Cruz. Keen eyed men kept here by the Department of Justice, stopped the shipment. Several Mexicans were arrested and tried, but acquitted. A large hardware firm also was called upon to answer for an alleged attempt to break the neutrality laws, but no infraction of the law was shown. Since then there have been several changes in the ownership of the property, but all efforts to get the ammunition out of the country have failed. The last owner, an Englishman from Mexico City, who bought the arms and ammunition for speculative purposes, found the arms company itself the best purchaser he could find.

MISS EMMERSON WEDS

(Special to the Guardian) DORCHESTER, N. B., Sept. 2.—An interesting and pretty wedding took place in the First Baptist Church, Dorchester, Tuesday afternoon when Rev. W. H. Canna, Sackville, solemnized the marriage of Miss Marion Bennett Emmerson, youngest daughter of Hon. H. R. Emmerson, K. C., M. P., Westmoreland County and Harry K. Bowes, of the Civil Service, Ottawa, son of Mr. and Mrs. Alonzo Bowes of this place. Miss Marjorie Thomas as organist rendered beautiful music and played the wedding march. After the ceremony the bride's father, where dinner was served, after which the happy couple left by the C. P. R. for North Sydney and Newfoundland on an extended wedding trip.

NEGRO TO HANG FOR MURDER

BRANDON, MISS., Sept. 3.—Failure to control himself when cursed by a white man, whom he turned upon and killed, caused Will Loney, a negro, to be sentenced to hang. Unless there is an unlooked for respite the sentence will be carried out day after tomorrow. After killing Newell, the farmer who angered him, the negro killed the farmer's wife, who was the only witness to the deed.

TO ENCOURAGE RIFLE SHOOTING

(Special to the Guardian) OTTAWA, Sept. 3.—Militia general orders announce the granting of an allowance to school teachers, male and female, who attend the physical training instructional course and obtain a grade B certificate. The course must be of at least 30 hours instructions and the allowance will be \$15. To encourage proficiency in rifle shooting a prize of \$3. will be granted to the best shot in each squadron or company of cavalry engineers or infantry.

A DOMINION PROHIBITORY LAW

(Canadian Press.) TORONTO, Sept. 3.—A Dominion prohibitory law will probably be asked for by the Dominion Alliance. This was foreshadowed in the report of Mr. F. A. Spence, made at the annual meeting of Dominion Council at the Metropolitan Church today. Mr. W. Patterson outlined the method by which this might be done, reviewing the position of the provinces regarding the Temperance movement. Mr. Spence pointed out these two alternatives for further comment. One way is to make a united demand on the Dominion Government for a national law and the other is to work for Provincial prohibitory laws, or they could ask the Dominion Government to amend the Canada Temperance Act. A vote could be taken by provisional areas instead of counties.

ROYAL NUPTICALS AT SEGMARINGEN

SIGMARINGEN, Sept. 3.—The entire principality is in fête for the wedding festivities of ex-King Manuel of Portugal and Princess Augustine Victoria, daughter of Prince William of Hohenzollern-Sigmaringen. The streets of the ancient city are almost impassable, owing to the crowds of visitors who have come from far and near to witness the procession and other public features of the wedding celebration. The civil marriage ceremony took place today at Prince William's castle, and was attended only by the immediate families of the bride and bridegroom. The ceremony was conducted by Count Eulenburg, earl-marshal to the Hohenzollern family. The religious ceremony tomorrow will be attended by representatives of all the royal families of Europe. The laws of Germany, like those of most continental countries, require both a civil and a religious marriage.

KNIGHTS OF PYTHIAS TO MEET IN ST. ANDREW'S.

The twenty-seventh annual convention of the Grand Lodge, Knights of Pythias, meets in St. Andrew's, N.B., next Tuesday, the 9th inst. Important matters pertaining to the order will be voted on this year, and it is expected a large number of delegates will attend. St. Andrew's, N. B., is noted for its fine summer resorts, and is spoken of far and wide as St. Andrew's-by-the-sea. Special arrangements have been made for the accommodation of the delegates and others who attend, and a good time is assured. The Casino building, probably one of the first assembly halls in the province, which is connected with the large C. R. Hotel, "The Algonquin" where the delegates will stay, has been secured for the meeting. The Grand Lodge officers are as follows:—Grand Chancellor, G.N. Palmer, Moncton, N. B.; Grand Vice-Chancellor, C. Leonard MacKay, Charlottetown, P. E. I.; Grand Prelate, Judge M. N. Cockburn, St. Andrew's, N. B.; Grand Keeper of Records and Seals, James Moulson, St. John, N. B.; Grand Master of Exchequer, J. R. Polley, St. Stephen, N. B.; Grand Master of Arms, E. A. Potter, Springhill, N. S.; Grand Inner Guard, Andrew Roy, Westville, N. S.; Grand Outer Guard, J. W. MacKay, Fredericton, N. B. Empire Lodge, No. 19, of this city will be well represented, as the Lodge has now over one hundred members on its roster, and is entitled to three delegates, besides all Grand Lodge officers and past officers.

THE WEATHER THE TEMPERATURE TIDE, MOON E C

(Special to the Guardian) TORONTO, Sept. 4.—Fresh north westerly to north-winds, fair and becoming a little cooler. THE WEATHER—Yesterday was warm and sunny in morning, cloudy in afternoon with rain at night. The highest temperature recorded yesterday was 78 degrees above zero and the lowest was 67 above. The lowest the previous night was 63 above. At nine a.m. it was 67 above and at nine p.m. 69. The tide will be high this afternoon at 1.22 and tomorrow at 2.16; it will be high tomorrow morning at 1.24 and Saturday at 2.01. The sun sets this evening at 6.34 and tomorrow at 6.32; it rises tomorrow morning at 5.25 and Saturday at 5.26. The moon sets tonight at 8.14. There was a new moon on Sunday August 31st, at 4.38 p. m. The first quarter of the new moon will be on Sunday, Sept. 7th, at 9.06 a. m. The length of today will be thirteen hours and ten minutes.

ISLAND HORSES ARE SUCCESSFUL

IN HALIFAX EXHIBITION RACES

(Special to the Guardian) HALIFAX, Sept. 3.—The Exhibition opened today with an attendance of eight thousand persons. The exhibits are larger and better than on any previous year. Over 170 horses are competing for prizes in the various show classes. The races today were the 2.17 Trot and Pace and the 2.40 Trot, maritime bred. The 2.40 Trot had eight starters and was a good contest. Oakley H. had the speed of the bunch, but repeated breaks put him out of the winning. King Dadds owned by Mr. H. H. Acorn, Souris, and driven by Mr. J. Chivarie put up a grand race, finishing strong and fast. The 2.17 Pace had nine starters and great interest centred in it, as Dingola was to make his first appearance and he was highly thought of. He got a poor send off at the first heat and had to go round the field tramping to the half in 1.04. This took too much out of him for the other heats. He finished third but was placed last on account of a foul. Mr. Fred Cameron replaced Mr. Frank Adams behind him in the two last heats. The winner of the race, James K. Nehro, is an Indiana bred horse, purchased there last fall. He is capable of stepping in 2.12. Hilda 8. went the greatest race of her career being separately timed. She did the

SPANISH WAR VETERANS TO MEET

BUFFALO, N. Y., Sept. 3.—Amid much enthusiasm Buffalo today gave welcome to hundreds of men who saw service in the army or navy of the United States during the war with Spain. The occasion of the gathering is the annual national encampment of the United Spanish War Veterans, which had its formal opening today and will be continued during the remainder of the week. The attendance is unusually large. Some of the delegates and visitors have journeyed from points as far distant as Alaska, Hawaii, the Philippines, Cuba and Porto Rico to meet their old comrades and to discuss matters of mutual interest. The present encampment will again take up the project of a powerful military reserve for the national defence. The project has no parallel in the history of the nation. In effect, it is an offer from 200,000 Spanish war veterans, scattered throughout the United States and possessions, to for Cadet Landrigan, a boy of seven years. He has "gone in among the veterans and practically carried everything before him.

ELECTRICAL WORKERS

BOSTON, MASS., Sept. 3.—The International Brotherhood of Electrical Workers opened its annual convention in Boston today with delegates in attendance from leading cities throughout the United States and Canada. The annual reports of the officers show gratifying increases in the membership and finances of the brotherhood during the past year. One of the most important matters to come before the convention is the suggestion for the removal of the headquarters of the organization from Springfield, Ill. St. Louis is an applicant for the headquarters.

ELEVATOR PLANT PURCHASED.

VANCOUVER, September, 3.—It is announced that the Alberta Pacific Elevator Co. has purchased an elevator, plant here and will divert a large percentage of this year's crop to the Pacific.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC
