THEY threw themselves at the feet of the Pope, who was sitting in his arm chair. The Pope smiled, and lifting his hands above their heads, bestowed on them his blessings. This, he said, was intended not alone for the prelates, but the pilgrims who had journeyed to Rome to pay him tribute.

The bishops, who had been warned to make the audience as short as possible, left the papal bedroom their eyes brimming with tears.

Neither Prof. Marchisava nor Dr. Amici were present during the reception.

The recovery of the Pope from his relapse of the influenza is progressing rapidly. His sisters speaking today with the parish priest at Rles, their birthplace, who was with the Venetian pilgrims visiting the Vatican, said the conditions of the pontiff was now so satisfactory that it was possible he would be able within a few days to receive some of the pilgrims from his native region. They declared it was the desire of their brother to do so, but that nevertheless his physicians were generally requesting such a plan, wishing that their patient have immunity from excitement in his period of convalescence.

PONTIFF HELD AUDIENCE.
ROME, April 11.—Despite the infirmities of his physicians and the audience three bishops who had headed a pilgrimage to Rome to visit him and bestowed on them the papal blessings.
Tonight, His Holiness, wearied by his efforts, fell into a deep sleep immediately after his physicians made the customary call.
The meeting between the pontiff and the three aged bishops was pathetic. As they entered the sick

HEIPLESS CRIPPLE FROM RHEUMATISM

Toronto Lady Took "Fruit-a-lives" And Cured Herself.
4 HOME PLACE, TORONTO, Dec. 15th 1909
"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without benefit. I saw "Fruit-a-lives" advertised and decided to try them. After taking one box, I was much better. When I had taken three boxes, I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-lives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-lives" cured me."

FASHION'S FRAGRANT FAVORITE FLOWERS
Headquarters for Sweet Peas in P. E. Island
Our Collection Embraces Over Eighty Best Named Varieties, Besides Novelties of 1912.

Newest Spencer Sweet Pea Selections

The "Spencer" type of Sweet Peas. Because of their unusual size of waved and fluted appearance, and charming blending of harmonious colors, the new Spencer type may be appropriately described as a truly gigantic "archid-flowered." The flowers are not only of extremely large size, but are distinguished in having the outer edges of the standard and wings beautifully crumpled or waved. The varieties mentioned below are especially selected for exhibition purposes.

- Apple Blossom, Spencer, rose and light carmine waved. Pkt. 25c
- Black Knight maroon with light metallic blue. 25c
- Captain of the B. Utes, Spencer, waved blue. 15c
- Blanche Ferry, Spencer, waved pink and white. 15c
- Countess, Spencer, large pink. 15c
- Prince of Wales, intense rose self. 20c
- Mrs. Joseph Chamberlain, Spencer, flake rose and white waved. 20c
- Princess Alice, Spencer, lovely shade of lavender waved. 20c

A Constant Change In Body's Tissues

"Our bodies," says Huxley, "may be likened to an eddy in the river, which retains its shape for a while, though every instant each particle of water is changing."
The tissues of the body, composed of millions of tiny cells, are being constantly broken down and wasted away by the process of life, and especially by overwork, worry and disease.
In order to reconstruct these wasted tissues there are necessary such elements as iron, sulphur, magnesium, potassium, etc., and when these are not supplied in sufficient quantities in the food we eat it is necessary to aid nature by the use of some restorative preparation.
Most people find Dr. Chase's Nerve Food particularly effective under such circumstances, because it is composed of the very elements of nature which go to form new, rich blood, create new nerve cells and rebuild wasted tissues.
This great food cure is radically different from medicines which are usually employed in the treatment of nervous diseases. For, while they stimulate tired nerves to overexertion and deaden them, Dr. Chase's Nerve Food revitalizes wasted nerve cells and so accomplishes lasting beneficial results.
Such symptoms as sleeplessness, irritability, headache, indigestion, brain tire and feelings of fatigue and discouragement soon disappear, when the system is built up by the use of

Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.
WASH THE GERMS OUT.
A simple wash! A compound of oil of mint, thymol, and other ingredients as combined in the D. D. Prescription. This penetrates to
