ONE STEAMSHIP AND 36 SAILING VESSELS

Of Turkish Fleet Destroyed by Russian Black Sea Fleet. Elevator and Railroad at Koslu also Destroyed. The Turkish Commerce Fleet now Practically Wiped Out.

(Special to The Guardian) LONDON, May 18.—The Russian Black Sea fleet, according to news received by the Russian naval attaché, has destroyed in the Turkish coal min-

ing district, one steamship and thirty-six sailing vessels. At Koslu pier the elevator and railroads have been destroyed.

LOSS OF AUSTRALIAN SUBMARINE CONFIRMED

(Special to Guardian.) LONDON, May 18.—Confirmation of the previous report of the sinking of the Australian submarine A-E2 in the Dardanelles is contained in an official communication issued by the Admiralty. The statement says the crew of the vessel are prisoners of the Turks.

PLEASANT VISIT TO SAN FRANCISCO

Councillor John McKenna has just returned from California, where he went to attend the Exposition and where he spent about five weeks. He arrived in Los Angeles on April 2nd, and proceeded immediately to San Diego, remaining there over Easter Sunday. Mr. McKenna describes San Diego as a fine little town with many scenes with more than passing interest. It is well laid out, and has wide, clean streets and a splendid harbour. Mr. McKenna stayed there three days before going on to the capital. He enjoyed himself immensely during his stay in San Francisco, which shows no evidence of the disastrous earthquake of 1906. The city having been rebuilt with wonderful alacrity. The Exhibition grounds are situated at the Golden Gate, on the north side of the city, and cover six hundred odd acres of land. The buildings are large and numerous and of magnificent architecture. Attention is attracted to the Palace of Fine Arts, a beautiful and imposing structure in which the best work of the best artists from all parts of the world can be seen. Then there is the great curiosity, the magnificent Dolores

Will be priced right for quick sale for further particulars they can address W. A. Cairns, 264 and 266 Duke St., St. John, N.B. 1038-5-19E6ipd

LORD KITCHENER DISCUSSES SITUATION IN HOUSE OF LORDS

Declares Allies Must be Adequately Protected Against Poisonous Gases by Employing Similar Methods. He Calls for 300,000 More Men and Expresses Confidence in the Position with Reference to Munitions. Pays a Splendid Tribute to Gallantry of Canadian Soldiers.

(Special to The Guardian) LONDON, May 18.—Secretary for War Kitchener stated in the House of Lords this afternoon that the British and French Governments felt that the Allied troops must be adequately protected against poisonous gases by employing similar methods. These would remove an enormous and unjustifiable advantage for the enemy which must otherwise exist. Lord Kitchener said he wanted 300,000 more recruits to form new armies. He expressed confidence that in the very near future the country would be in a satisfactory position with regard to the supply of ammunition.

News from Gallipoli peninsula, in other words the Dardanelles, is thoroughly satisfactory, Kitchener declared. Earl Kitchener gave a general review of the situation in the war zones before the House of Lords ad-

joined for the Whitsuntide holidays. Speaking of the British offensive he said the action at Neuve Chappelle was fought with great gallantry which enabled us to occupy positions of considerable military importance previously held by the enemy. Speaking of the German attack on the Allies' front near Ypres, Earl Kitchener said: "In this attack the enemy let loose a vast quantity of gases and our soldiers and our French Allies were utterly unprepared for the diabolical methods of attacks which undoubtedly had been long and carefully prepared."

Earl Kitchener at this point announced the determination of the Allies to resort to similar methods of warfare. The Germans said Kitchener, have persisted in the use of these asphyxiating gases whenever the

wind was favorable or other opportunity occurred and His Majesty's Government felt that our troops must be adequately prepared with similar methods so as to remove the enormous, unjustifiable disadvantage which must exist for them if we take no steps to meet on his own ground an enemy responsible for the introduction of this practice. The Secretary spoke of the gallantry of the Canadian division which defended its position tenaciously notwithstanding the poisonous fumes. This was an ordeal to try the best army in the world, he said, and all the more credit is due the soldiers of Canada, who unprepared for such an attack and exposed to a withering fire, reluctantly and with perfect steadiness withdrew their left flank to conform to the newer alignment of the Allies' position.

RUMORS OF COALITION IN ENGLAND

(Special to The Guardian) LONDON, May 18.—Persistent rumors are in circulation in the lobby of the House of Commons to-night that a Coalition Government is about to be formed. Unionist leaders held a conference with Premier Asquith this afternoon. It is stated the question of coalition was settled. According to these reports the allocation of offices has not been finally determined. It is rumored that Balfour will succeed Churchill as First Lord of the Admiralty, the latter taking some other office.

(Special to The Guardian) LONDON, May 18.—It is intimated in authoritative circles to-day that any differences which may have existed between Churchill and Fisher have been satisfactorily disposed of.

ANOTHER TRAWLER SUNK GRIMSBY, May 14.—The British trawler Cancer has been sunk by a German submarine in the North Sea and her crew taken prisoners.

Minard's Liniment Cures Diphtheria

SUMMARY

(Special to The Guardian.) LONDON, May 18th.—The next few days, if not hours, will, it is believed, find Italy renouncing her old allies of the Triple Alliance and joining the Triple Entente powers as a belligerent. At the same time, some change is expected in the Government of Great Britain. The German Imperial Chancellor in the Reichstag announced the offers to Italy as the price of her continued neutrality, and, while he said he had not entirely given up hope that peace would be maintained among the powers of the Triple Alliance, he left no impression on the minds of his hearers that the end of the Alliance so far as Italy is concerned is far off. It is anticipated that expected changes in the Government of Great Britain are aimed at closer consolidation of all parties for the purpose of carrying the war to a successful issue. Whether leaders of Unionist, Irish and Labor parties will be taken into the Cabinet, has not yet been made known. Whatever changes are to be made, however, they have not in any way interfered with operations in which the British forces are engaged. In giving an outline of these operations in the House of Lords today, Lord Kitchener, War

How sleep the brave who sink to rest By all their country's wishes blest! When Spring, with dewy fingers cold, Returns to deck their hallow'd mould, She there shall dress a sweeter sod Than Fancy's feet have ever trod. By fairy hands their knell is rung, By forms unseen their dirge is sung; There Honour comes, a pilgrim gray, To bless the turf that wraps their clay; And Freedom shall a while repair, To dwell a weeping hermit there.

GERMANY'S REPLY TO UNITED STATES

Expected to be Forwarded Thursday. Germany Claims that only one Torpedo was Fired, the Second Explosion being Caused by Explosives on Lusitania. Blames England.

PARIS, May 18.—Germany's reply to the American note on the sinking of the Lusitania will be sent Thursday, according to the Matins Amsterdam correspondent, who says he is informed it will justify the attack on the steamer on the ground that the submarine commander has affirmed in his report that only one torpedo was fired, which convinces him that the second explosion was due to the fact that the ship carried munitions of war. The report is said to state that the tor-

pedo was fired in such a way that the Lusitania would not have sunk if she had not had explosives on board. The Matins correspondent says it is reported in Amsterdam, that Germany will throw the responsibility for the disaster on England, and on the American authorities who permitted passengers to embark on a ship carrying explosives. It is believed in Holland, he asserts, that Germany will decline to modify its methods of submarine warfare.

SUBSCRIPTIONS FOR FIELD KITCHEN AND AMBULANCE FUND

The Island Patriotic Fund is as popular now as it was a week ago, and if anything the enthusiasm is growing. The country is being stirred and enthused as it has not hitherto been; from every part come words of commendation and offers of assistance. Yesterday there was another splendid response. The Guardian readers will feel touched on reading the letter received from Murray River showing how two little boys spent their Saturday holiday collecting funds from willing villagers to provide comforts for "our boys" at the front. In today's advertising columns will be found an announcement of a grand concert and social at Brookfield, promoted by Mr. Benj. Carter. The Eastern Teachers' Association have sent \$15; the ladies of Tignish Auxiliary of the Red Cross Society, \$21; while last night Mr. R. L. Cotton, hon. treasurer of the Fund, lectured on behalf of the Fund in Zion Church. The amount already acknowledged is \$2,861.75. Yesterday's Patriotic List ... 44.00 Yesterdays Guardian's List 125.35 Total \$3,031.10 Amount still to be subscribed \$968.90 and ten days still to go.

A NOBLE EXAMPLE—MURRAY RIVER.

Mr. Gavin Murdock, Murray River, writes: "Enclosed herewith you will please find post office order for \$28.25 to go towards the Army Field Kitchen and Ambulance Fund, which was collected on Saturday last by Masters Daniel and S. Prowse Murdock, aged 11 and 8 years respectively. The young lads willingly gave up their holiday (vacancy) the village for the first time since the outbreak when they turned up at half-past nine Saturday evening they were a pair of dirty boys but delighted with their success, as they found the people anxious for an opportunity to contribute to the fund. The boys referred to are my two oldest sons and I am glad that they have been able to do something to help in this great war, as I have been an invalid myself for six years and unable even to help myself.

SECOND DIVISION REACHES ENGLAND

OTTAWA, Ont., May 18.—The Minister of Militia, Major General Sam Hughes, announces that the second Canadian Division has landed safely in England and has gone to quarters where it will temporarily quartered prior to taking its place with the first division on the Flanders front.

SAFETY FIRST METHODS SAVE MANY LIVES

MONCTON, N. B., May 17.—According to figures just issued by safety engineer B. E. Long, there has been another reduction in the number of deaths for the first four months of this year, as compared with corresponding months of last year. In 1914 there was a decrease of 62 per cent. in killed and 25 per cent. in injured since the inauguration of the safety first movement in the Government railways in January 1914 the decrease in accidents has been remarkable and about 3,100 unsafe conditions have been reported and 1,275 unsafe practices.

POLLOCK AND HERRING SCARCE ALONG MAINE COAST

GLOUCESTER, May 17.—In response to a telegraphic inquiry by the Times as to the Prospects of the pollock and herring fishery on the Maine coast, the Portland Argus wires as follows: "Few pollock or herring landed here on Boothbay this week. Some steamers failed to find any from Boone Island to Boothbay. Skippers expect them to show up with clearing weather."

DOUBLE DROWNING NEAR YARMOOUTH, N. S.

YARMOOUTH, N. S., May 18.—A double drowning took place off here yesterday when Aubrey Muise and William Smith, two of the employees of the cotton mill lost their lives. They left at five o'clock yesterday morning for a fishing trip in a dory. Towards evening the dory was picked up about half a mile off Cape Fourchu bottom up. The sail had been picked up a little before rolled up tightly, having never been unfurled. Both men are married and leave families.
