WHAT YOU MAKE IT

To the preacher life's a sermon, To the joker it's a jest; To the miser life is money, To the loafer life is rest. To the lawyer life's a trial, To the poet life's a song; To the doctor life's a patient, That needs treatment right along. To the soldier life's a battle, To the teacher life's a school; Life's a "good thing" to the wise man, It's a failure to the fool. To the man upon the engine Life's a long and heavy grade; It's a gamble to the gambler, To the merchant life is trade.

CORONATION REVIEW

Special to The Guardian. LONDON, April 24—It is King George's wish that only the effective ships be paraded at the Navy Review at Spithead on June 24th, so there has been made no attempt to swell the number with absolute hulls that are fit only for harbor duty. The probability is that merely four divisions of Home and Atlantic fleets with attached cruiser squadrons, destroyers, submarine flotillas with their attendant auxiliaries will be assembled. These would total more than 300 vessels.

SOLD STOCK OF MISSING W. F. POPE

SHERRBOOKE, April 11—The stock and book debts of W. F. Pope, who so mysteriously disappeared last January, were sold by John Griffith, auctioneer, yesterday afternoon. The value of the stock was placed at \$6,364.44, and the book debts at \$1,465.33. There was keen competition, and the stock was finally bought at seventy-one cents on the dollar, and the book debts at thirty cents on the dollar to Mr. Louis Pare, of Granby. This is considered a very good price, and the creditors will receive a very good dividend. The curators state that if the business had been sold as a going concern it would have brought 100 cents on the dollar, and so far as they were able to learn there was no cause for Pope getting into the way he did from any financial trouble. So far no trace of the missing man has been found, and his people have had no word from him.

MINARD'S LINIMENT RELIEVES NEURALGIA

Life's a picture to the artist, To the rascal life's a fraud; Life's perhaps, is but a burden, To the man beneath the yoke. Life is lovely to the lover, To the player, life is play; Life may be a load of trouble, To the man upon the dray. To the man upon vacation Life's but a long vacation; To the man who loves this work; Life's an everlasting effort; To those folks who duty shirk, To the heaven-blessed romancer Life's a story ever new; Life is what we try to make it— Brother, what is life to you?

Prince Edward Island would have undoubtedly refused to enter the Union had not such representation been conceded to it, and as it was then believed, he was assured to it as an irreducible minimum.

And Whereas great dissatisfaction now exists from the fact that such representation has been reduced and a growing feeling of unrest in the minds of the people will continue to develop unless the original representation of six members is restored and assured to it in the future.

And Whereas from the conditions which exist in the three Maritime Provinces which render it impossible for them or any of them to have their boundaries enlarged and their population thereby increased in contradistinction to the conditions which exist in the other Provinces of Canada, it is strongly and urgently contended that in justice to these Provinces a minimum representation of their original number of representatives, respectively, should be restored and guaranteed to them for the future.

Therefore Resolved that the Resolution passed by this Legislature at the last session thereof (a copy whereof is hereto annexed) be and the same is hereby fully endorsed, and the hope firmly entertained that the
