WIFE'S AWFUL ECZEMA

My wife was in the most horrible condition of any human being, from Eczema. She could neither sit down nor lie down, her torture was so intense. I tried all the doctors that I could reach, but she got so that I firmly believe she would have died within twelve hours if I had not been advised of CUTICURA REMEDIES and got them. My wife went to sleep in two hours after the first application, although she had not slept for seven days, and with two boxes of CUTICURA (ointment) and one cake of CUTICURA SOAP she was absolutely cured, and is well and hearty to-day.

Special Cure Treatment for Torturing, Disfiguring Eczema, with Lots of Hair.—Warm baths with CUTICURA SOAP, gentle anointings with CUTICURA ointment, and mild doses of CUTICURA Bismarck, great relief, purifier and humor cure.

SICK SOLDIERS RETURN.

Shipwrecked Near Home But all Saved.

BOSTON, Sept. 6.—(Special)—A hundred and thirteen battle-worn, camp sick and shipwrecked soldiers, mostly of the 9th Massachusetts, reached this city to-day.

They were on the steamer Lewiston which struck Point Judith breakwater in the dark and was wrecked.

The men were carried ashore on stretchers, some of them unconscious, but all were saved.

NOTES FROM POWNA.

Buildings Banned to the Ground

Charlottetown wheelmen are well represented almost every day in this place. Some of them, thinking their speed on the wheel was more than equal for any trotting horse in Powna, were willing to stake a sum of money in a two mile race, which was quickly taken up by the owner of Helena, whose speed is well known. The race ended in sending the wheelman home minus his stake, and now Helena's owner says that Charlottetown will have to send out faster wheelmen to turn up the dust in front of Helena.

Mr. Keefer has delivered in our midst one of his popular lectures on temperance, and now all temperance workers are on the move on the 29th.

Mr. Brown is pushing work on the large new addition to his hotel along rapidly.—Miss Gertrude Farquharson from Charlottetown is visiting here for a few days.

Mr. Nathaniel Gay's store, with his buildings, hay press and power, were burnt to the ground Monday night.

The Championship M. P. A. A. Medals will be presented at the Opera House tomorrow night at 8 o'clock.

King's County Temperance Alliance.

A meeting of the King's County Temperance Alliance was held in Souris on Thursday Sept. 1st at 3 p.m. The meeting was presided over by Rev. Mr. Spencer in the absence of the President, and E. A. McPhee acted Sec.-Treas. Some organization work was attended to, working committees being appointed at some of the polling places not before provided for. The Secretary by request telephoned to President of Provincial Alliance suggesting a rearranging of the program for Mr. Keefer's meetings so as to include Georgetown. He promised that the matter would be considered.

At the evening meeting Rev. J. K. McKay, of Souris presided. An attentive and interested audience listened to addresses from the following speakers:—Revs. W. C. Matthews, D. F. McDonald, E. A. McPhee, A. Gunn, and W. H. Spencer. The speakers presented a strong array of facts in favor of Prohibition and urged the electors to go to the polls on the 29th and say yes.

Meeting adjourned to meet at call of President at such time and place as he names.

COMMUNION SERVICES.

SIR,—I had the pleasure of visiting Stanchel, Lot 67, a short time ago, and was well pleased with the progress of the gospel. The people deserve credit for having recently erected a new Presbyterian church.

During my stay I had the pleasure of hearing their devoted Pastor, Rev. D. McLean, who was assisted in dispensing the sacrament of the Lord's Supper by Rev. Mr. Goodwill. While Mr. McLean, assisted by Rev. Mr. McDougall preached the English sermon in the church to a very large congregation, Mr. Goodwill conducted the Gaelic services in the schoolhouse. All of them are God-fearing men, earnest and able preachers. May the Lord spare them long to preach the redeeming love of the blessed Saviour, the great Head of the church. Oh, that we had more of such seasons and that many of our dead churches and pastors would arouse to equal earnestness.

The singing of the Psalms was truly grand and surpassed anything I ever heard in Charlottetown, with all their costly organs and style.

Great credit is due to the people of Stanchel for their hospitality and kindness.

A CITIZEN.

THE NOBLEST ANIMAL OF THEM ALL.

Much interest is being manifested in the races which take place at the Charlottetown Driving Park on the 14th and 15th inst. Some fine animals will compete in the various classes. There is no form of amusement so calculated to arouse enthusiasm as tests of speed by well trained horses on a smooth, level, loamy track. Those who denounce this form of amusement know nothing about the modern race-course, because their prejudice will not permit them to visit a speed track, and there observe well trained, well fed and hands mly groomed horses compete for first place in a race. There is no cruelty to animals, there is no gambling or drinking on a well conducted, modern track, such as the management of the Charlottetown park have proven it to be. When the multiplication of bicycles led many hasty prophets to predict that the speedy abandonment of the horse as a common and faithful servant of man would soon take place, those who admired the equine knew that the bicycle would supplant the horse about the time that the sewing machine banished the piano. Time has proved this solid evidence of events. The bicycle has flourished mightily, but the horse is still the dependence and admiration of millions. He draws the same old crowds to race tracks and horse shows, and he is the pet of uncounted families and the pride of multitudes, just as he was before the first bicycle was heard of. So he will continue to be for generations. It is the life of the horse, his intelligence and beauty as a creature that feels and knows and has almost human affection and intelligence, that insures him against desertion by man. He will never be wholly crowded out of the economy of life, because he is not a machine but a companion, a friend, and an object of feeling which not even the most wonderful and admirable machinery can arouse. It was this sentiment and pride of the noblest of animals which caused the building of the first track, and without this sentiment and pride in the horse there would be no speed track to-day in Charlottetown and no races to attract and interest the P. E. Island public on the 14th and 15th September.
