**Synopsis of Canadian North-West**

HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Land in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved may be homesteaded by any person who is the sole head of a family, or any male over 18 year of age, to the extent of one-quarter section 160 acres, more or less.

Applications for entry must be made in person by the applicant at a Dominion Land agency or Subagency for the district in which the land is situate. Entry by proxy, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of any intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans.

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desire perform the required residence duties by living on farming land owned solely by him not less than eighty [80] acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

[3] If the father [or mother, if the father is deceased] of homesteader has permanent residence on farming land owned solely by him, not less than eighty [80] acres in extent in the vicinity of the homestead or upon a homestead entered for by him in the vicinity such homesteader may perform his own residence duties by living with the [father, or mother.]

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY
Deputy of the minister of the Interior.

The cause of numerous diseases and disagreeable habits, heretofore ascribed as constitutional, have been traced directly to the teeth. Blindness, drolling, frothing, loss of flesh, weak eyes, driving on one rein and pulling are very often due to diseased and irregular teeth. Rough edges and sharp corners of the teeth lacerate the mouth, and produce nervousness and irritability; uneven and elongated molars and incisors prevent the proper mastication of the food, producing indigestion and general debility. Decayed molars cause necrosis of the bone, abscesses nasal gleet, etc. These causes should be removed. Decayed teeth should be removed by extracting or trephaning, sharp corners and rough edges should be smoothed down and elongated and uneven molars and incisors cut off. The common float, or file here-to fore deemed sufficient to accomplish this, will not suffice but special instruments devised for the purpose are necessary.

**The Title of Admiral.**

The title of "admiral" was not used in England in the earlier days. In fact, the better opinion is that it was not so used before the beginning of the fourteenth century. He was called capitaneus maris (captain of the sea), "keeper of the seacoasts," "captain of the king's mariners." The title "admiral" or "amiral," probably derived from the Arabic amir or emir (prefect), was used in foreign countries much earlier than in England and came from France. Prynne ("Animadversions," page 106) states that there were admirals and an admiralty court in England as early as the time of Henry I., derived from our ancient Saxon kings—Alfred, Edgar, Ethelred and others who had the dominion of the British ocean. None of these kings probably was more potent than King Edgar, who, possessing an absolute dominion of the neighboring sea, sailed round about it every year and secured it with a constant guard. These ships, being very stout ones, were in number 1,200. Some writers even affirm that there were 4,800 sailing ships.—London Nautical Magazine.

**What Is a Fireproof Building?**

In defining what a fireproof building is one should remember that a building that is of noncombustible materials is not necessarily fireproof; that a building that is of fireproof materials, but not of fireproof design, is not necessarily fireproof; that a building that is not of fireproof construction and design, except in part, is not fireproof, and that a building that is strictly and thoroughly fireproof, but filled with combustible contents, may have a destructive fire in it, but the building itself will not be wrecked or destroyed. Correct design means the proper application of incombustible, nondamageable materials and the arrangement of the parts of the building into such units that only a small proportion of the contents can be destroyed by fire.—Metropolitan Magazine.

**What Makes the Sky Blue.**

It is the atmosphere that makes the sky look blue and the moon yellow. If we could ascend to an elevation of fifty miles above the earth's surface, we should see that the moon is a brilliant white, while the sky would be black, with the stars shining as brightly in the daytime as at night. Furthermore, as a most picturesque feature of the spectacle, we should take notice that some of the stars are red, others blue, yet others violet, and still others green in color. Of course all of the stars (if we bar the planets of our own system) are burning suns, and the hues they wear depend upon their temperature.—Reader Magazine.

**Cure That Cough!**

YOU CAN DO IT BY USING

**Dr. Wood's Norway Pine Syrup.**

The Most Perfect Throat and Lung Healer in the World. : : : : :

Dr. Wood's Norway Pine Syrup gives prompt relief from that choked up, stuffed up feeling which is so distressing, it loosens the phlegm, checks the rasping and useless cough, and heals and soothes the irritated breathing organs. It is a pleasant preparation to take and is therefore specially adapted to the coughs and colds of children and those who dislike nauseous mixtures.

This is no vain boast, but a fact that can be backed by unimpeachable testimony. One 25 cent bottle, indeed, a trial dose, will prove its merits.

Mr. Frank K. Purdie, Brandon, Man., writes: "I have used your Dr. Wood's Norway Pine Syrup for some years and have always found it a sure remedy for all colds, coughs, sore throat, hoarseness, etc. I cannot too highly recommend it to anyone suffering from any effect of cold."
