MEMORIES OF THE PAST

One year ago today the mortal remains of my dear mother were placed at rest. One touch of nature, in this respect makes the whole world kin. Thank God for Christian mothers.

The little grassy mounds in the cemetery, do not cover what we love, for those who have left us, are in the safe keeping of our Heavenly Father who receives all those who have faith and trust in Him. It is always best for our loved ones in Christ to die when they do. Shall we therefore not rejoice, that the time is now within our choosing remembering that the death of his saints is precious in the sight of the Lord. "Blessed are the dead, which die in the lord, they rest from their labours, and their works do follow them. "Amen.

REDUCTION OF OUTRAGES

LONDON, June 28.—Government by the "Cat and Mouse act" is getting a grip on the suffragettes and there is a great reduction in the outrages. Papers are helping by declining to publish accounts of the women's pranks though recently these included an attempt to blow up a canal embankment, burn a church and fire St. Andrew's University.

LEICESTER BYE-ELECTION

LONDON, June 28.—In the Leicester bye-election, the Liberals retain the seat by a majority of 1,600. It was a three-cornered fight with Unionist and Independent Socialist candidates and this cut the Liberal majority down by 4,000.

ADDRESS AND PRESENTATION

On Wednesday evening, at the close of prayer meeting, a nicely worded address, accompanied by a purse, was presented to Rev. F. A. Wightman, pastor of Souris Methodist Church, prior to his departure for Bathurst, N. B. The pastor responded with suitable words and thanked the people for their remembrance. The address was worded as follows:—

Dear Mr. and Mrs. Wightman:—On the eve of your departure from our midst, we, as members and adherents of this church, wish to express our regret at your leaving. During the past three years as our pastor we have listened with pleasure and profit to the excellent discourses you have prepared in your busy hours. Your whole ... has been advancement, both spiritually and materially. The Cradle Roll has been formed, the Mission Band has been organized whose members will not forget the interest you have taken and the kindness you have shown them in your home. We wish you to accept this small gift as a slight token of our appreciation of your services and wishing you and yours God speed in your new field of labor, on behalf of the congregation. Signed: Grace Mitchell, President of M. B.; J. B. Matthew, Financial Steward, W.B. Leard, Recording Steward.*

If You Do; Read This Carefully

If you were asked by a friend to make a selection from the numerous Black Fox Propositions no[w] on the mark[et], that wou'd be likely to give him the best Returns. What would you do?

Would you not first find out the Figure the Foxes were Capitalized at? Then you would find ou[t] ... quality o[f] stock. Then the location of the Ranch would demand your attention. Then the personell of the Directorate and the caretaker.

From The Standpoint Of The Inve[st]or

Looking for the best place in all Canada to make profits worth while

The Brighton Black Fox Co., Ltd. Stands F[irst]

Capitalized At $13.500 a Pair

To the conservative investor capitalization is of paramount importance, because on this depends the percentage of dividends his investment will earn.

A GUARANTEE becomes no guarantee at all if you pay it yourself on over—capitalization in the purchase price of stock.

These foxes were puchased previous to the advance in price and are placed in the ranch at two to three thousand dollars a pair lower than the present market price of first class stock.

The remarkable developement of the Fox industry, makes us wonder what the future will be.

A conservative estimate of next year's returns from this ranch would be. If 4 pairs of the foxes have average litters of 4 each, 4 going to the ranch for keep, leaves 12 for the Company, which if sold at present price of $15,000 per pair, would net the stockholders about 110 per cent. If all 6 pairs have litters the profits would be proportionately increased.

Can you imagine circumstances more favorable to you as a prospective investor?

The Stock The World's Best

The promoters of this Company decided months ago that nothing but the best stock that money cou'd buy would ever find its way into their ranch. Therefore, when they obtained options on the six pairs of Foxes of the world Famous Dalton, Onlton, and Tuplin strains, they refrained from advertising their proposition until they were sure that the options would be filed.

The Foxes are now on foot and are six pairs of the handsomest young foxes that ever looked out of a den. Their ancestry tracing back to the Foxes whose pelts brought the highest prices on the London market, and now adorn the robes of Royalty in the Courts of Europe.

On this class of stock depends the future success of the Fox industry, and the man who invests $1000,co in this proposition is laying the foundation of a permanent investment that in future years will be the means of earning thousands of dollars,

Their should be no hesitation on the part of any investor who really wishes his money to earn its utmost.
