"ORANGE LILY SAVED MY LIFE"  
These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had escaped dangerous operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and the other troubles known in general as Women's Disorders, Orange Lily furnishes a positive scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send absolutely free, a box worth 35c., sufficient for ten days' treatment, to every suffering woman who will write for it. Enclose 5 stamps. # Big Ben

The Biggest Thing in the Clock Business

Big Ben is the biggest thing today in the alarm clock business. He is only three years old, but he's already getting more work from the Dominion than any clock alive. In three years time, 6,000 Canadian dealers have adopted him. Nearly half of the families in Canada leave it to him to call them up in the morning; nearly half the families in Canada use him all day long to tell the right time by. He is really two good clocks in one—a crackerjack of a time-keeper and a crackerjack of an alarm.

Big Ben stands seven inches tall. He is triple nickel-plated and wears an inner vest of steel that makes him for life. His big, bold figures and hands are easy to read in the dim morning light. His large, comfortable keys almost wind themselves. He rings five minutes steadily or ten intermittently. His price \$3.00 is easy to pay because his advantages are easy to see. He is sold in Prince Edward Island by the following jewelers:

G. H. Taylor  
H. R. Crockett  
W. W. Wellner

C. W. Patterson  
W. N. Tanton  
Godkin Brothers

**WEDNESDAY.**  
**LIGHTNING STORM.**—In addition to the damage of Monday's storm already noted the storm was very severe at Hazelbrook. Mr. Henry Jones while in the railway station there received a serious shock. He was stunned for a moment, the lightning having entered the building by way of a telephone wire. Mr. Jenkinson received a similar shock being almost thrown off his feet. Fortunately neither was seriously injured.

His many friends in this Province will be pleased to hear that Mr. Hiram Stevenson, Kamsack, Sask., whose marriage is announced in another column, has met with a large measure of success in the West. Mr. Stevenson has been in the West for some years homesteading and obtaining a patent which he sold out and after other successful business ventures recently entered into partnership with Mr. William McLennan, also of this Province. Both these men are to be congratulated on their success.

It will be learned with regret in Charlottetown that Mr. Harry Quinn, son of Mr. John Quinn, contractor, King Street, who is a patient in the Aberdeen Hospital, New Glasgow, is reported not expected to recover. Mr. Quinn has been in New Glasgow about a year, where he has been employed in the car works. Four weeks ago he became ill and has been in the hospital since. A telegram was received by his parents yesterday stating this morning his brother Mr. Augustine and sister Miss Kate will leave for New Glasgow to be present with him.

Bishop McNally, of Calgary will leave shortly for Winnipeg to proceed on his new bishopric office at Calgary, says a western exchange. He has just returned from Rome. He was consecrated in the Eternal City, a somewhat unusual proceeding, and one which is attributed to the friendship which has always existed between him and Mr. Sbarretti, former Papal delegate of Ottawa. When seen the bishop stated that he intended to return to Montreal for a few days at the end of the week, and that he had a splendid trip. He will go to Calgary shortly to take up his new duties. Bishop McNally is a native of this province, and visited his father Mr. John T. McNally, Summerside, leaving on return to Calgary yesterday morning.

**WEDDING BELLS.**—The marriage was solemnized yesterday morning at 7.30 o'clock in Notre Dame Academy by Rev. Pius McDonald, of Miss Anna May Coyle, eldest daughter of Mrs. John Coyle, city, to Mr. Wilfred A. Doucette of the firm of Paton & Co. The bride looked very winsome attired in a travelling suit of grey with white hat and carrying a bridal bouquet of white roses. She was attended by Miss Louise Murphy of this city who wore a cream dress with hat to match and carried a bouquet of pink roses and ferns. The groom was supported by his brother Mr. Henry Doucette. Excellent music was rendered by the Notre Dame choir and several appropriate hymns were sung during the ceremony. The presents received by the young couple testify to the high esteem in which they are held by their numerous friends. After the ceremony the bridal couple left by the Northumberland on a wedding trip to Halifax after which they will make their home on Dorchester Street.

**A MUNICIPAL QUESTION.**—The City Council of Charlottetown are in receipt of a communication from the Union of Canadian Municipalities asking whether they have taken any action in regard to the resolution of the Union of Canadian Municipalities, that in the opinion of the Union the Dominion and Provincial Governments should contribute towards the municipal expenses of cities, towns and municipalities wherein are located government property used for the general advantage of Canada or the Province (as the case may be), other than Custom House and Post Office buildings; such grant to be in lieu of taxation. The Council are asked to state what they have done in the matter for the information of the next convention of the Union which is to be held at Saskatoon next month. On inquiry yesterday a Guardian reporter learned that up to the present the City Council have taken no action in the matter, though the matter is in the hands of the Finance Committee of the Council.

Dr. McKay of Halifax is visiting Charlottetown, the guest of Mr. and Mrs. P. J. Nash.

In connection with the sequel to the Stewart-Buchanan case heard in the Supreme Court on Monday and reported yesterday, The Guardian has been furnished with an extract from the minutes of the proceedings of the Law Society, which had the matter under consideration on Friday night, from which it will be seen that the resolution adopted on the motion of Mr. A. B. Warburton, seconded by Hon. J. A. Mathieson, expressed his opinion on the merits of the case but requested their honors the Justices to hear Messrs. McLeod and Bentley with regard to the matter.

"Mr. K. J. Martin, President, occupied the chair and Mr. C. G. Duffy was appointed Secretary pro tem. The members present were—Aeneas A. Macdonald, A. B. Warburton, H. J. Palmer, D. C. McLeod, W. S. Stewart, R. N. McNeill, G. Gaudet, W. F. E. Carvell, C. R. Smallwood, W. E. Bentley, Donald MacKinnon, J. H. Reddin, C. G. Duffy and J. A. Mathieson, Attorney General.

"Mr. Bentley went fully into the matter of the sale of the Stewart property. He stated that action was taken under the express direction of Mr. Buchanan, because Stewart was selling the lumber of the property mortgaged, and if this waste had been allowed to continue Buchanan would have been unable to recover his money out of the property.

"After a lengthy discussion, in which almost all who were present participated, the following resolution was passed unanimously, moved by Mr. A. B. Warburton, seconded by Mr. J. A. Mathieson, Attorney General.

"Resolved that the Law Society of Prince Edward Island having heard Messrs. McLeod and Bentley with regard to the case of Stewart vs. Buchanan, request their honors, the Justices of the Supreme Court to hear these gentlemen with regard to the reports of that case which have appeared in the press."

In this connection the President agreed to convey this request to the Court. On Saturday, however, Messrs. McLeod and Bentley wrote Mr. Martin requesting him not to take any action on their behalf.

**THURSDAY.**  
**RAILWAY CHANGE.**—It is understood that Mr. W. W. Cox, station agent at St. Peter's, has been appointed agent at Morell, succeeding Mr. Douglas, who goes to Cardigan.

**COMPLETES TOUR.**—His Lordship Bishop O'Leary and accompanying priests returned to Charlottetown last night after completing a confirmation tour of the Island. At Hope River and Rustico His Lordship received a most cordial welcome and addresses in English and French were read to which he replied eloquently in both languages. At Hope River His Lordship confirmed about 125 candidates and at Rustico 178 received the Sacrament.

**THE LADUNCH BOSTONIAN.**—The handsome motor launch which Mr. J. W. Rodd, of 19 Hensley street, has designed and constructed himself, is to be launched either to-day or tomorrow. Her engine has been put in to her, being one of the well-known Imperial type, with which so many boats in this harbor are fitted, and which have given such general satisfaction. The engine with which the new craft, which is to be christened Boetian, is fitted, is of ten horse power.

**HURT AT THE FIRE.**—Tuesday night's conflagration at Queen's wharf was not without its unfortunate side for one of the members of the fire brigade, a young man named Lane, employed at Goff's Boot Factory, He sustained a rather painful accident at the termination of the fire. While engaged in taking up the hose he stepped backwards on one of the empty boxes lying about, tripped up and fell heavily, severely hurting his back in the fall. He had to be lifted

up and assisted home by his fellow firemen.

**AN ACCIDENT.**—While Mr. Patrick McMahon, Richmond Street, was crossing Grafton Street, from Mr. G. H. Taylor's, jeweller's store to Queen's Square he was struck and knocked down by a livery stable horse, driven by two young lads. The horse was immediately brought to a halt by the driver, Mr. McMahon, who was stunned from the fall, was carried into Foster's Drug Store where he quickly revived and was able to return to his home shortly after the accident, which took place about 9.20. He received two cuts on his face, and a bad shaking up but no serious injury.

**SUCCESSFUL PICNIC.**—The Cornwall Methodist Church Sunday school picnic held on the Parsonsage grounds on Wednesday afternoon and evening, July 9th favored by Providence with ideal weather was in every way a great success. Visitors from Charlottetown, Hampshire, Kingston, North Wilshire, Lot 48, etc., all seemed to enjoy themselves. These annual reunions are eagerly looked forward to by both juniors and seniors alike and equally appreciated in various ways. There is a great deal of labor entailed upon the willing workers of both sexes and they carry bodies home at the end of the day; but when it proves a success they feel rewarded.

**HIGH COURT I. O. F.**—The High Court of Foresters of Prince Edward Island met in Castle Hall yesterday morning at 11.15 for a short session. In the afternoon the Court met with Rev. E. J. Ratten, High Chief Rater, presiding. A very good representation of delegates from every court in the jurisdiction were present and much interest was manifested in the order. Last night Messrs Mitchell and Darrach of the Supreme Court, Toronto, arrived. The night session did not meet until 11 o'clock awaiting the arrival of these gentlemen. Refreshments were served after which a short session was held. Important questions were taken up which will be discussed at to-day's session.

**GRAND DIVISION.**—The quarterly meeting of the Grand Division of the Sons of Temperance met in Granville on Tuesday evening, presided over by the G. W. P., Mr. Walter Simpson of Grand View. The meeting was fairly well attended by delegates and was most enthusiastic in its work for temperance. Rev. W. D. Wilson, new Field Secretary, was in attendance and gave much valuable advice in his remarks. In the evening a public meeting was held, the hall being crowded, and the best of order prevailed, in fact the G. W. P. stated that it was the most orderly meeting he had ever had the pleasure to preside over. Splendid addresses were given by Rev. Mr. Wilson, Mr. L. P. Tanton and others.

The angel of death visited the home of Mr. David Bruce, Baltic, taking him home to the "Land of the unclouded day." The entire community is in deep and solemn gloom as a result of the loss of a good citizen, a worthy father and husband and a progressive honorable man. Death was not unexpected by many, as a lingering illness, extending over a period of two years had emaciated the physical body, but had strengthened the spiritual being, so, that when he was called to leave this earth the order was a pleasant one for him. For three score years Mr. Bruce had continuously resided in this district making himself popular and a friend to many. Early in life he married Miss Annie Bruce of Valleyfield, from which union eight children were born.

six of whom survive to mourn the loss of an intelligent and loving father and a wife to miss the protection of a diligent husband. The children are: Mrs. Tom Murphy of Hyde Park, Mass., who arrived home just a few hours before her father passed away. Miss Flora of the Brigham Hospital staff, Boston; and May, Beatrice, Randolph and Calvin at home. Two brothers, A. W. Bruce and John Bruce and two sisters, Mrs. McLean, and Mrs. John Bruce all of Red Point, mourn a kind brother. The largest funeral procession ever seen in this district followed the remains to the Baptist Cemetery in Kinsboro

## SICK HEADACHE

A Symptom of Troubles Which are Removed by Dr. Morse's Indian Root Pills.

Sick headaches are not merely afflictions to be borne as patiently as possible—they are danger signals. They never come unless the digestive system is out of order, and their regular recurrence is proof positive of serious trouble and a warning that should be heeded promptly.

Sick headaches are caused by Indigestion, Biliousness or Constipation, and no amount of "headache powders" will do more than temporarily relieve them. The only way to get rid of them entirely is to cure the Constipation or Indigestion that is causing them, and nothing will do this quicker or more effectively than Dr. Morse's Indian Root Pills.

Dr. Morse's Indian Root Pills are purely vegetable in character, and are free from any harmful drug. For over fifty years they have been in constant use in Canada, and have proved most effective in regulating the bowels, aiding digestion, banishing sick headaches and restoring vigorous health.

Dr. Morse's Indian Root Pills have stood the test for over fifty years, at all dealers. W. H. Comstock Co., Ltd., Brockville, Ont.

The annual convention of the Christian Churches of P. E. Island, and the largest of any gathering yet in the history of the church here, was held in New Glasgow from Friday to Monday. At this convention five addresses were delivered.

Friday evening's services were conducted by Dr. Archibald, Principal of Acadia College. He took for his text the following words found in the fifth chapter of Matthew: "Ye are the light of the world; ye are the salt of the earth." His discourse was most eloquent and in it he referred to the college, of which he was the representative, as being a grand institution. He outlined the various subjects in the curriculum and made a strong appeal for the continuance of the support being vouchsafed the college; for the institution, he said, was well worthy of it.

Saturday the meetings opened at 10 a.m. with devotional services led by Mr. C. A. Hatfield, Pastor of New Glasgow, Mr. John Lord presiding. This was followed by an address by Mr. W. F. Newcombe, Representative of the International Bible Society, who spoke on the great importance of the society. After the address the pastors of the different churches discussed the various branches of the provincial work and some splendid themes were brought out.

At 1.30 p.m. the committee on business arrangements met and passed resolutions regarding co-operation in uniting with New Brunswick and Nova Scotia in the support of an evangelist, which resolution was adopted and passed unanimously. Also the management of the Christian paper was highly honored by the encouraging words expressed by the whole church and each church was advised to work more and more for its extension.

At 3.00 p.m. the C. W. B. Missions met and gave encouraging reports of the work that has been done and the great need of the other churches, that have not the organization, to organize same immediately.

At 7.00 p.m. Mr. John Lord preached an eloquent and forceful sermon to a crowded house.

## SUNDAY SERVICES.

At 10.45 a.m. Sunday devotional services were led by Mr. C. E. Armstrong reading Scripture, Mr. C. A. Hatfield led in prayer and Mr. W. H. (Continued on Page Fourteen.)

T STIMONIALS

DEAR SIR—I had a mare which had a very bad cough and leaves for a month or two, and become so thin there was nothing left apparently, but skin and bones and I was tempted to shoot her. A friend of mine who had used Dr. J. Woodbury's Horse Liniment, with good success, induced me to try one bottle of it which I did with the best result. I used just one and one half bottles of the Liniment which effected a complete cure of both the cough and the heaves, and I have worked and driven her ever since.

I strongly recommend Dr. J. Woodbury's Horse Liniment as the best Horse Liniment on the market, and advise all horse owners to try it.

ROBERT WICKSTEADT

DEAR SIR—I have used Dr. J. Woodbury's Horse Liniment for a number of years, and I have found it to be the most excellent article for the feet of horses kept in the stable. It prevents dryness and hardness, promotes a smooth and healthy growth and will, used according to directions soon remedy anything like contractions of the hoof.
