

It is reasonable to suppose that all intelligent men and women read newspapers.

It follows, therefore, that the number of newspaper readers is approximately identical with the reading population.

FINE LIST OF CLASSES IN EXHIBITION RACES

There Will be Four Big Days Racing, With Three Races Each Day, and the Prize List Will Total \$6,100.

The Charlottetown Exhibition and Driving Park Association are mainly to be congratulated on the excellent programme which they are arranging for this year. The trotting and pacing classes, for instance, there will be four days racing with three races each day and the total amount of prize money—\$6,100, is the largest which will be given by any Maritime track for one meeting this season. The classes are especially good and that they will prove attractive to the horsemen is a foregone conclusion, as already a very large number of entries have been received and the final date for closing the list is not until August 21st.

When the classes were first announced only two races were on the card for Friday and Saturday, but the directors decided that they would strengthen those days by the addition of another class, and as a result there will be three races each day.

It will be noted that Prowse Bros. Ltd. are giving a purse for three minute trots. This is one of the new classes added. The Victoria Hotel are also giving a purse for 2 1/2 class trot. These races will be held on Friday and Saturday.

As the list of special prizes will be the sum of \$30 in gold to the driver scoring the most points during the meeting. This will give encouragement to the foreign drivers to bring large stables and will mean keen competition for the honor of winning this year.

Mr. Geo. L. Prowse is also giving a number of special prizes to the groom of the winner.

Following are the classes and stakes:

Wednesday, Sept. 26th 1st Day

1. 2.20 Class Trot, (Stake) Purse \$500.
2. 2.18 Class Pace, (Stake) Purse \$500.
3. 2.40 Class Trot (Stake) Canadian Bred) Purse \$500.

2nd Day Thursday Sept. 27th

1. 2.10 Class Trot and Pace Purse \$600.
2. 2.25 Class Trot, Purse \$500.
3. 2.40 Class Pace (Stake) Purse \$500.

3rd Day Friday, Sept. 28th

1. 2.30 Class Trot, (Prowse Bros. Ltd.) Purse \$500.
2. 2.14 Trot and Pace, Purse \$500.
3. 3 Minute Pace, Purse \$500.

4th Day, Saturday, Sept. 29th

1. 2.25 Class Pace, Stake, Purse \$500.
2. 2.18 Class Trot, Purse \$500.
3. 2.22 Class Trot, (Hotel Victoria) Purse \$500.
4. Mr. C. R. Smallwood, the secretary states that he has several nominations available for parties who have not stakes for horses.
- In the open classes, viz: Nos. 1, 7, 8, 9, 11, and 12, entries will close August 31st. The final payment of stakes also closes August 31st when horses must be named.
- The above list of classes should appeal to every horseman in the Maritime Provinces. The 3 Minute Trot and 3 Minute Pace should particularly appeal to local horsemen as it will give them an opportunity to win money with fast and bred trotters and pacers which they might not be able to do in the fast classes.

PRINCE EDWARD ISLAND'S IMMIGRATION POLICY

Mr. A. F. Mitchell, who was Appointed by the Dominion Government and Approved by Premier Bell, Complains That he has not Received the Financial Support he Anticipated, but is Prepared to Continue the Work in London Until Further Orders.

Mr. Andrew Fraser Mitchell of Amherst, N. S., who was appointed a few months ago by the Provincial and Federal Governments to present the advantages of the Province to retired Anglo-Indian civil servants in England, was in Charlottetown over the weekend and left yesterday afternoon for Summerside. He is visiting Montreal within a few days and is again returning to Charlottetown next week.

Mr. Mitchell, interviewed by the Guardian yesterday, said he left the Province about four months ago for England as a recognized representative of the Province but without any financial support from the Provincial government, and with an allowance of thirty pounds a month from the Federal government, which did not meet the needs of his expenses. He has since been practically paying his own way, he stated.

Mr. Mitchell said he had a wide acquaintance in England and was convinced that he was doing his friends there a genuine service by telling them of the opportunities in Prince Edward Island. He was appealing entirely to people in good financial circumstances who were looking for a place to take up agriculture on not too large a scale in a land where they could live moderately and comfortably, and where climate and living conditions were favorable. He had succeeded in interesting many well-to-do people, chiefly retired Army officers and Anglo-Indian officials. Two retired Indian army officers, Capt. A. H. Butler and Capt. K. N. Duthie are coming out about the end of August and he is hoping that this is but the vanguard of a large number of desirable immigrants who will arrive within the course of a few months.

Speaking on this subject in the Legislature last March, in reply to a question from Mr. J. D. Stewart as to what the Provincial Government was doing to encourage immigration to the Province, Premier Bell said the business had been concluded between Hon. Mr. Sinclair at Ottawa and himself. He had appointed Mr. Mitchell as representative for the Island and Mr. Sinclair had approved. The appointment was made with the understanding that the Federal Government would provide salary and travelling expenses.

As to his future plans, or anything definite in regard to the nature of the agreement between himself and the Provincial and Federal Governments, Mr. Mitchell remained reticent. He is a young man, with a voluble flow of language which he can use with effect in sidestepping questions he does not wish to answer. He left the reporter with the impression that in thus sponsoring the cause of Prince Edward Island in the Old Country he was doing so largely from altruistic motives and that he intended keeping up the good work.

Mr. Mitchell declared the publicity work for the Island is going along steadily at the present time. He has established an office in London with six of a staff and has received letters of inquiry from prominent people from all parts of England. He is working solely in the interests of Prince Edward Island, he declares, and with a desire to encourage only the best and most desirable type of immigrants.

Windsor Man Held In Connection With Toronto Robbery

(Canadian Press) TORONTO, Aug. 6.—William Morton of Windsor was arrested in Detroit Saturday night on charge of implication in Toronto's spectacular street robbery two weeks ago.

He claims he can establish an unimpeachable alibi that he was in New York on the day of the robbery.

FRANCE AND ENGLAND MAY DECIDE BALANCE OF POWER IN THE FAR EAST

Immense Naval Base for Great Britain at Singapore Promises to be Controlling Future Factor.

(By Canadian Press) NEW YORK, Aug. 6.—Great Britain is changing the center of gravity of the international balance of power from Europe to the Far East.

The debates in the House of Commons over the expenditure of \$50,000,000 for a modern naval base at Singapore, have shown that so large a majority of British public supports the project as to make withdrawal impossible. The British, who have the skill of a thousand years of practice in international negotiations, behind them, have reached the conclusion that the Orient holds the key to the future. It is far from the truth to assert that the sole purpose of the Singapore expenditure is to counteract Japanese influence in the Far East. The British strategic viewpoint is not aimed at any one power. The European situation and the Far Eastern situation hereafter will present a single problem, with the balance of power resting in the Orient.

Singapore is the second most important port in the British Empire. It is within 600 miles of French Indo-China and is the close neighbor of the Dutch East Indies. Manila is 1,200 miles away, and Japan is 2,800 miles distant—the width of the Atlantic Ocean.

Toward the close of the World War, it was reported that France wished to make an arrangement with Japan whereby Indo-China was sold to the Japanese. An alliance between France and Japan based on this understanding whereby Indo-China might be placed at the disposal of the Japanese for military purposes has never been absent from the minds of the British strategists since the development of serious Anglo-French friction in Europe. Veteran Tuna Killer Makes Biggest Catch Of 720 Lbs.

(Canadian Press) NORTH SYDNEY, Aug. 6.—Commander J. K. L. Ross who is at his summer home at St. Annes caught a seven hundred and twenty pound tuna Saturday afternoon.

The tuna is a fish of the mackerel family commonly known as the tunny. These fish are extensively caught in the Mediterranean Sea and sometimes weigh as much as a thousand pounds. On the Atlantic coast of America it is known as the horse mackerel and on the Pacific where it is sought as a game fish it is called the Tunny.

This is the largest tuna ever landed by this fisherman who has won continental reputation as a tuna killer.

His biggest catch was six hundred pounds.

Italy Approves Of British Proposals

(Canadian Press) ROME, Aug. 6.—The Italian reply to the recent British note on reparations, as published in Rome, shows that Italy approves of British proposals, concerning the question of cessation of passive resistance, as well as that of the occupation of the Ruhr. The Italian Government continues the note, "adheres to the opinion on this subject which it expressed publicly on many occasions, namely, that it is opposed to passive resistance; that it is opposed to all ulterior military occupation of the Ruhr and that it favors a gradual reduction of the Franco-Belgian military occupation of the Ruhr, when a general understanding shall have been reached and guaranteed."

The Bishop And The Cocoanuts

(By Dominion News Service) LONDON, Aug. 6.—Dr. John Watts-Ditchfield who has just died was created first Bishop of Chelmsford in 1914. He underwent an operation for appendicitis at the beginning of last week. He was sixty-one years of age.

The Bishop caused a sensation in 1915 by his sermon at St. Paul's Cathedral, in which he said that the nations were being punished by war for forgetting God. He was fond of telling how he was once arrested on a station platform by detectives, who mistook him for a forger.

He was a champion coconut shyer among the clergy. On one occasion as a parish priest, when trying his skill against a party of young men for his parish, he knocked down so many coconuts that the showman in charge of the booth refused to let the contest continue.

LIVERPOOL C. N. R. AGENT VISITS THE PROVINCE

Mr. H. V. Caldwell is Here From England to get First Hand Information Re Immigration and Tourist Prospects. His Visit is Regretably a Brief One.

Mr. H. V. Caldwell, district passenger agent for the Canadian National Railways at Liverpool, England, arrived in the city on the early Borden train last night and registered at the Victoria Hotel. Mr. Caldwell, who is a native of Liverpool and is visiting Canada for the first time, arrived a few days ago at Montreal and proceeded thence to Halifax, Sydney and Moncton before coming here. He has been sent over from England by the management to tour Canada in the interests of the C. N. R. so that the Liverpool office will have first hand information to furnish prospective immigrants and travellers. He leaves Charlottetown this afternoon for St. John. From there he will go to Quebec and thence straight through to the Pacific Coast.

Mr. Caldwell was taken for a motor trip last evening by Mr. Pant

Hon. P. C. Larkin Is Loud In Praise Of League Of Nations

(Canadian Press) OTTAWA, Aug. 6.—Enthusiasm for the League of Nations and high appreciation of the work which it had done thus far was voiced by Hon. P. C. Larkin, Canadian High Commissioner in London, in an interview to newspaper men this evening.

"The League has done wonders," declared Mr. Larkin. "I think it probably averted two wars in Europe, one in Silesia and another in Albania. The eventual result of the movement will be that nations will submit all their differences to the League."

Mr. Larkin, who, according to his own statement, has returned from London to "talk things over" with the government, touched on a variety of subjects. He stated he had been made a member of the Privy Council in order that he could come back and report once a year, and that he had not returned last year because a number of things requiring his attention were not adjusted in time for him to make his annual visit.

The High Commissioner referred to the arrangements which have been made by the governments of Greece and Romania for the payment of loans which Canada made to those two countries. The Romanian loan, originally twenty million dollars, had grown by accumulation of interest to twenty four million at the time he
