UNION COMMERCIAL COLLEGE

A visitor to the Union Commercial College will find a very large and enthusiastic class of students. The attendance this term is the largest in the history of the School for the month of September.

In the Commercial Department students receive daily instruction in Bookkeeping—Arithmetic—Rapid Calculation—Spelling—Penmanship and Business Correspondence. Marked improvement is already noticeable in many of the subjects and especially in Rapid Calculation. This is a very important subject and students are showing a great interest in it.

In the Shorthand Department excellent progress is being made. The Typewriting Department is equipped with the latest typewriters and all new machines. There is an air of business about the splendidly equipped rooms that promises great results.

Visitors to the Exhibition next week should call and see the College rooms in the Royal Bank Building. They are acknowledged to be among the finest in Canada. Prin. Moran will be pleased to give all information.
