MacWalker in the presence of a few intimate friends. The bride is well known on the Island and is held in high esteem by many friends for her true worth, having many gifts and qualities that endear her to all. The bridegroom is one of the Island's successful farmers. By faithful work, honesty and integrity he has accumulated a considerable amount of this world's goods. A man who "reverences his conscience as his king," he has the good will of all who know him. Many friends join in wishing Mr. and Mrs. MacDougall every happiness. LEFT ON RETURN—Miss P. M. Ayers of Saskatoon, who has spent the past six weeks visiting relatives and friends in her native province, left on return on Wednesday last, going by way of St. John and Boston, at both of which places she will spend a few days visiting relatives. It is sixteen years since Miss Ayers last visited P. E. I. and she was delighted with the prosperous appearance of the country and the excellent conditions and vast improvements in and about Charlottetown. It is twenty years since she first settled in Saskatoon, and she has had the privilege and satisfaction of seeing that city grow in population during the time from 6,000 who had the privilege of hearing him considered these addresses masterpieces.

Mr. Casey, who has been away a month, visited St. John, Boston and New York, and made the trip from New York to Albany, via the beautiful Hudson River. He and Dr. McPhee visited Chicago on the return trip, where they spent some time with Rev. St. John, who is now with the Extension Society. They also visited Niagara Falls and made the trip from Toronto to Montreal by boat.

TO CONSULT WITH THOMAS (Special to the Guardian) TORONTO, Ont. Aug. 30.—Here to consult with the Rt. Hon. J. H. Thomas on matters pertaining to immigration, Dr. S. F. Toimie, Premier of British Columbia, is in Toronto today. Dr. Toimie could not say just what part British Columbia would play in whatever schemes were finally evolved for the solution of Britain's pressing unemployment problems. Asked if the crop situation would affect Vancouver to any appreciable extent, Dr. Toimie thought there

would be some repercussions but not very serious ones. Lumber had slumped in British Columbia. Dr. Toimie said it was only a passing phase, due to market fluctuations, he averred.
