

Comfort and Cure of Baby's Skin Troubles

DR. CHASE'S OINTMENT CURED WHEN BABY'S BODY WAS COVERED WITH DISTRESSING ECZEMA.

If every mother could try Dr. Chase's Ointment for the chafing, skin irritation and resulting eczema which tortures so many babies, what a blessing it would be for the little ones. This letter will give you an idea of what a wonderful work this Ointment is doing in the way of bringing comfort to children who are so unfortunate as to contract eczema. It is so easy for this trouble to develop from chafing and irritation caused by the clothing, and so difficult to get it cured, that Dr. Chase's Ointment is appreciated when once its healing qualities are known. Mr. M. L. Duclos, Postmaster, Duganville, N. B., writes: "I believe it is my duty to recommend Dr. Chase's Ointment as a cure for eczema. My baby was seized with eczema and his face and arms were covered with this terrible disease. After trying all sorts of ointments the disease continued to spread until it covered the entire body. When the itching became bad he would scratch himself and was sometimes found in the cradle covered with blood. Hearing about Dr. Chase's Ointment I bought two boxes and before this was all used the child was cured. That was a year ago, and there has been no trace of eczema since. I recommend Dr. Chase's Ointment to all who suffer from eczema as being the best treatment in the world for itching skin diseases." Dr. Chase's Ointment is for sale by all dealers at 60 cents a box. It is a good idea to keep it at hand along with the bath soap to be used for roughness of the skin, chafing or irritation. Prevention is so much better than cure. Powders clog the pores, but Dr. Chase's Ointment cleanses the pores and thereby keeps the skin soft and smooth. Sample box free if you mention this paper. Edmanon, Bates & Co., Limited, Toronto.

We Have Purchased all the Molassine Fox Food Available Until After the War

We have purchased the complete stock carried by the Canadian and American agents of Molassine Fox Food, and there cannot be more procured from England until after the war. We were fortunate in securing old prices although the ingredients used in its manufacture, including flour, have increased enormously in price. Molassine is a scientific food combining highly nutritive food elements with patented molassine which acts as a natural tonic to the system, preventing and eradicating worms, and promoting health and regularity. Price per 100 lb. box \$8.25

Important Announcement

We wish to announce to our many customers and to the public, generally that our recent disastrous fire has compelled us to adopt a new policy in merchandising; Beginning on Tuesday, June 1st, 1915 we will inaugurate a Strictly Cash Business. A number of our customers have always dealt with us on this plan and as it is the most beneficial for everyone concerned we hope that all will now avail themselves of the mutual benefits which must naturally accrue from a system of this kind. This new system when in complete operation will mean as follows:— One price on each article to everyone, or a saving of about 20 per cent. to the purchaser. Quick turnover of goods for cash which will give us more power in buying, thus enabling us to give you better goods at lower prices. New stock arriving daily thus insuring you of getting new goods at all times and at money saving prices. Being able to supply the wants of all and compete with any catalog price. The closing out of our booking system which is a large bill of unnecessary expense to any retail store; this expense heretofore had to be added to the price of the goods and paid for by the customer. Satisfaction to the purchaser, because he buys what he needs at the best possible price; and satisfaction to us because we get paid for our goods and carry no book accounts. This is the system which is now adopted by all up to date retail business houses, and a trial will prove its money saving usefulness and adaptability to our conditions, and we feel after reasonable trial will be acceptable to our many friends and customers. As our running accounts fall due June 1st and Dec. 1st we must insist on prompt settlement to enable us to meet our heavy liabilities as a result of our severe loss. Persons owing us by judgments and notes of hand will be required to settle promptly. We take in, exchange everything that the farmer or fisherman has to sell, and we will endeavor in the future, as in the past, to meet their requirements by judicious selection of an up to date stock.
