GOD'S PITY FOR A MAN

Without a Country Invoked by Dr. Talmage—The Glory of Patriotism

Twists the Usual Fourth of July Ovation Theme Around and Shows How "The British Empire Has Conquered America," Until England Stands "Not a Conquered Rival, But a Conquering Friend."

Entered according to Act of Parliament of Canada, in the year 1905, by Frederick Dixie, at Toronto, at the Department of Agriculture, Ottawa.

Los Angeles, Cal., July 2.—In this sermon a new aspect is given to the patriotic holiday. The text is III John 14, "Our friends salute thee."

But as I began to think over my sermon, which was to precede our national holiday, I said to myself: "Have we truly triumphed over England? Are we truly independent of our mother land? Has not the British nation conquered us in truth and in fact?"

The British Empire, in the first place, has conquered America by the power of the tongue. The first words that we learned to lip at our mother's knee, the words that we shouted on the playground and spoke before the school desk, the words that we read in the morning newspaper and in library books and heard from our lecturers, forms and pulpits are English words.

When two nations like the British people and the American people speak the same language they must inevitably be one in feeling. It does not make any difference who sits upon the English throne or who is in America's Presidential chair, the two nations are one.

British thinking cannot be divorced from American thinking. To the American mind a map of the British Isles is not a mere collection of city or town names.

From Edinburgh I went down to the lake region and there found its poets, my poets. There I reverently stood by the roadside while a nurse led John Ruskin past me—John Ruskin then with his mind a Melrose abbey in ruins, but John Ruskin still—who wrote the books that are on my library shelves.

went into John Knox's old home and recognized these men as my teachers. From Edinburgh I went down to the lake region and there found its poets, my poets.

England has conquered America by the power of the tongue. Because the same linguistic doors are opened to both people the two nations are one in sympathy and one in life.

The British Empire has conquered us by the tongue, but not by that alone. Every year she sends over a great invading army. This army of invaders are stout of muscle and clear of eye and brave of heart.

But, though the British Empire has won many successes on land as well as on sea, with small arms and rifles, she has not won her American victory by a small number of emigrants.

WASTING ANAEMIA.

A Trouble That Afflicts Thousands of Young Girls—Cured by Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills do only one thing, but they do it well. They cleanse with new, rich, red health-giving blood which drives away all traces of anaemia, headache, backache, paleness, nervousness, dizziness and despondency.

Miss Mary E. Pratt, Blyth, Ont., gives a strong testimony to the value of these pills. She says: "I was a sufferer for over a year with anaemia. I was completely run down, had frequent headaches, spells of dizziness and palpitation of the heart."

Miss Pratt's experience proves the value of Dr. Williams' Pink Pills to every weak and ailing person. These pills can be had from any medicine dealer or by mail from Dr. Williams' Medicine Co., Brockville, Ont., at 50c a box or six boxes for \$2.50.

A SUSTAINING DIET.

These are the enervating days, when, as somebody has said, men drop by the sunstroke. If the "Day of Fire" had dawned, they are fraught with danger to people whose systems are poorly sustained, and this leads us to say, in the interest of the less robust of our readers, that the fall effect of Hoad's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic.

SPECIAL WARNING:—The manufacturers of the popular Diamond Dyes would direct the attention of our Canadian women to the fact, that crude, adulterated and worthless package dyes are now offered for sale by some merchants who care little about the ruin and trouble they cause.

These imitation package dyes are so poor in quality, that many ladies have resorted to the use of the real goods, which have been destroyed by their use.

"Send me my brother and sister," calls back the Irish servant girl to her parents on Killarney lakes.
