NO TUNING! NO DIALING! NO NOISE! NO DELAY!

IN the New Majestic "Automatic Radio" Majestic brings you the fulfilment of a radio dream.

Imagine an electric light switch connected with ten different lights, and which by simply turning the switch you light perfectly any particular bulb desired. Majestic "Automatic Radios" operate on the same principle. There are your five or ten favourite stations (depending on the model) permanently tuned-in, always ready for instantaneous perfect reception. These stations do not have anything to do with the operation of the radio as an ordinary radio. You can tune the regular dial exactly as you would with an ordinary radio when desired and circle the globe, but when using the "automatic" system you tune nothing! You simply turn the switch and there's your favourite program! No noise, no delay, no mechanical operation of any kind. Not "Automatic tuning" nor Electrical nor Mechanical tuning, but Automatic Radio!

Treat yourself to a real radio thrill—try the "Shut-eye" Test—See, Hear and Operate the 7 New Majestic Automatic Radios ranging in price from \$59.95 up.

On June 12, 1890, Richmond twirling for Worcester (then holding a National League franchise) set Cleveland down with no runs, no hits and not a man reached first base. The feat has been accomplished four times since.

Tired Of Reading Own Death Notice

(C. P. by Guardian's Special Wire)
MONTREAL, Sept. 29—Irked by being counted dead three times and weary of hearing condolences that reach his wife, Henry Baker appealed to newspapers today to announce he still lives.
"Look," he invited newspapermen, "here is a story that says I was killed in action at Vimy. Here's another showing I was drowned at St. Johns, Que. and here's another saying I've just died from an ulcerated stomach. New look, boys, I'm getting sensitive about this thing... If I'm dead I know nothing about it. So please do something about it. I'm getting tired of people coming around to help my wife lay me out."

BOSTON, Sept. 30.—(CP)—This city is rich in descendants of kings. All lineages are traced to the legitimate issue of royalty, too, with no bounding over bars sinister, according to John S. Wurtz, a Philadelphia lawyer, chancellor of four organizations meeting here.

In the place of the Indian feathers of the revolutionary affair, members of the Society of Americans of Royal Descent assumed the insignia of the order—a lion rampant in a shield on an ermine field, the whole surmounted by a crown and attached to a ribbon of blue, red and white.
