

# Flu-Grip

Checked at the start  
RUB your chest with Vicks before your little cold gets BIG.

Vicks acts two ways at once to check the cold and prevent complications:

(1) It is vaporized by the heat of the body and inhaled for hours direct to the inflamed air-passages;

(2) It acts through the skin like an old-fashioned poultice, "drawing out" the tightness and pain.

acts 2 ways at once

### CANADA IS THANKED BY EMPIRE VISITORS

OTTAWA, Jan. 9.—A resolution of thanks to the Prime Minister and government of Canada, to the members of the Empire Parliamentary Association in the Dominion Parliament, and to the Premier and members of the Provincial Legislatures "for the excellent arrangements made and the generous reception given to the United Kingdom delegation during the Parliamentary visit and conferences in Canada" last year, was passed at the annual meeting of the United Kingdom Branch of the Empire Parliamentary Association in London recently. The resolution was proposed by Premier Baldwin and second by Right Hon. Ramsay MacDonald.

Germany has now a 40 per cent profit tax on all sales of real estate.

The trans-Persian railway will cost \$70,000,000.

The Family Herald and Weekly Star of Montreal holds a record for subscribers renewing voluntarily and continuously year after year. After all it is not surprising when one considers the quantity and quality of the readers are given each week and at a price ridiculously low—\$1 a year or three years for \$2.

## College Extension Courses

This is a school of studies in Religion and Religious Methods which meets next week all-week-beginning at three o'clock each afternoon and continuing until ten each night, with the exception of a break at the supper hour. It is to be presented under the auspices of the College of Churches of Christ in Canada, which is situated in Toronto. Although these courses are connected with Churches of Christ, yet anyone who is a serious-minded student of religion and religious questions may register. The fee \$1.00 is but nominal to cover publicity, stationery and other similar overhead costs.

The Staff of the College count themselves fortunate in having able assistance in this work of next week in the person of Prof. L. W. Shaw, Director, Teacher Training, Prince of Wales College, and Miss Marion V. Royce, who is acting general secretary of the National Girls work Board as well as superintendent of Religious Education among churches of Christ in Canada. Prof. Shaw will teach a course in Principles of Teaching as related to the Sunday school teacher's task, and Miss Royce Unit One in the Religious Educational Council of Canada's Standard Curriculum of studies. Anyone desiring information as to hours of the daily schedule and the courses may learn from Miss Bertie Stewart, 229 Sydney St., who is the local Sec. Treas. of the school.

One of the interesting features of the school is an open forum period, from 8.15 to 9.15 each evening except Saturday. A live topic of serious social and religious significance will be discussed each evening. The subject will be introduced each evening by a fifteen minute paper prepared by a selected individual, who will set the problem up for discussion rather than arrive at decisions in his paper. This will be followed by a general discussion under the leadership of one who will preside throughout the whole week. The topics and the leaders are as follows and the staff are happy in those to whom we shall look to introduce the subject each evening:

Monday's topic, what shall we do about Prohibition? Fifteen minute paper introducing it by Mr. W. E. Bentley. K. C. Tuesday what principles should guide in the choice of the vocations? Major C. L. MacKay; Wednesday, what principles should guide us in the use made of leisure? Mr. R. H. Norton, M. A., Cardigan, P. E. I.; On Thursday evening there will be either a discussion of the rural church problem or a lecture (announcement will be made later).

Friday, what is the place of symbols in religious experience? W. C. MacDougall. Not only students in the school are invited to attend these discussions, but others also may come who are interested in listening to Saturday evening will be given over to recognition night on which the ladies of the church will serve supper to the students of the school which will be followed by a social hour and the recognition ceremony, when the students who have completed the course offered in the school will receive a recognition certificate. Provisions have been whereby all those who might desire to continue further their studies in one or more subjects begun in the extension school may do so.

The courses offered are:  
1. Jesus and life questions in which play, work, friends enemies and religion are discussed in the light of Jesus teachings.  
2. The real purpose of religion in which it is sought to make plain what religious real task is when it is on its real job.  
3. Principles of teaching in which guidance will be given by Prof. Shaw to those engaged in Sunday school teachings.  
4. The church's task at home and abroad in which Miss MacArthur will state the principles that are fundamental in the church's missionary enterprise.  
5. Miss Royce will teach a course in Leadership Training and Miss MacArthur another one in the field of religious education on materials and methods of Bible Study.  
A seventh course is being offered in which we get our Bible in which the Bible will be given a chance to tell its own story of its growth.

These are subjects that lie close to the life and thought of every serious minded Christian regardless of his church affiliations.

### Bowling at Ch'Town Alleys

It is not an everyday occurrence to

see, such an exciting and closely contested Bowling Match between a Ladies' and Gents' Team as took place on the Charlottetown Alleys Wednesday night when the "Not-Afrads" made it too bad for the "Tanks" by a majority of four pins. Tom had a spare but it got away otherwise the result might have been a small majority for the "Tanks." 'Tis sad but true.

Helen Power rolled the high single of 235 and also high three of 560 pins.

NOT-AFRAIDS	
Hilda Praught	161 135 129
Mo Wynne	137 189 177
Kit Coyle	143 121 158
Alice Purcell	136 116 131
Helen Power	235 168 157
Total	2125

"TANKS"	
Geroge Clow	124 148 107
Jack Cameron	137 189 175
Tom Creighton	96 185 164
Joe Callaghan	122 171 128
"The Biggest Tank of All"	110 116 77
Total	2121

The boys gracefully admitted their defeat by leading the way to the Palace Cafe.  
Be it ever so low Tom there's no score like your own "96."  
Mo thinks too much combination is worse than none at all.  
George is bound to mix sentiment with business and was heard singing softly, "Dear old Four Pin oh, how I miss you tonight."  
The big "stakes" of the game turned out to be "pork chops."  
The next match will be held on Hillsborough River for Jack's convenience.

Lots of elbow room and the great open space is necessary for us fellows to make strikes sometimes so he says.

A Flea—Though the rest may stand straight please spare me a sad fate so little Four Pin won't you fall for me—By Joe.

### CHALLENGE

The above, "Not-Afrads" do hereby challenge the Men's Bowling Team of Moore & McLeod's to a game at a time and place suitable to both teams.

### The Markets

(Canadian Press)

MONTREAL, Que., Jan. 10.—The foreign demand for wheat here today was moderate and sales of No. 3 Northern were made to the United Kingdom and the continent at three cents per bushel, under the Winnipeg May option and No. 4 wheat at eight cents per bushel, under Cfr Bay Ports sales of No. 4, Western barley were made to New York interests at two cents per bushel over the May option Cfr Bay Ports and rejected, Fort William, 63 1/2c per bushel, F. O. B. In sympathy with the continued strength in the future Grain Markets, local cash prices for ear lots were again advanced but the volume of new business was small, Manitoba wheat 3c per bushel higher with No. 6 grade quoted at \$1.02 and feed grades at 97c, while Manitoba feed barley 1-2c. up at 77c and Canadian Western oats were advanced 1/2c, to 3c. per bushel. The local flour continued good and the undertone to the market was firm.

The winter wheat situation was quiet. A moderate amount of business was done with United States buyers in Mill Feed. The local trade was fair and values were firm. Rolled oats were steady under a quiet demand. The weakness that has characterized the local Egg situation of late was again the feature of the trade today and Jobbing wholesale prices for all grades were again shaded. The buying continued of a hand to mouth character. Receipts were 3,337 cases.

The trade in butter was active and values were firmly maintained, receipts were 15 packages.

OTTAWA, Ont., Jan. 10.—Egg—Canadian egg market remained much the same today with the situation continuing weak and prices working down.

TORONTO.—This egg market is still declining today, dealers are quoting country shippers for ungraded eggs delivered, cases returned, extras 39-42; First 35-35; Pullet extras 30-31 Seconds 25-27. Prices to retailers are extras 45-48; First 40-41; Pullet extras 31; Seconds 31; Jobbing prices are 1-2 less. The storage situation is very bad and firsts are offered at 25.

MONTREAL.—This egg market is very weak and prices are working down. Today Ontario eggs are lower and storage prices are declining. CALGARY.—This egg market is dull and with stocks accumulating. Tone is weak, dealers are quoting country shippers for ungraded eggs extra 31-34; First, 30-32; Seconds, 25-27. Storage eggs are selling to retailers at first 30, Seconds 26. The weather is warm for the season and further decline in prices is anticipated. The tone of the potato market was firm and the trade was active. F. E. I. Whites sold at 84 and Green Mountains 88 per 90 lbs in bags. New Brunswick Green Mountains sold at 86c per 90 lbs in bulk. Canadian beans sold at 65.40 per bushel wholesale the demand was good.

### New Years Travel Is Very Heavy

(Special to The Guardian)  
MONCTON, Jan. 5.—New Year's traffic between the cities of Eastern Canada and also between Canadian and United States cities was probably the heaviest ever experienced by the Canadian National Railways it was stated by Mr. C. W. Johnston, assistant General Passenger Traffic Manager of the Canadian National System.  
Between Montreal and the Maritimes as well as to points in Ontario there was unusually heavy movement while many Canadians spent their New Year's on the other side of the international boundary a far greater number of United States citizens spent their holiday on this side of the line, Mr. Johnston said.  
From Saturday morning Bonaventure Station in Montreal had been thronged with people arriving from Boston, Philadelphia, New York and other points, most of these making reservations for the New Year's celebrations at the hotels in Montreal and remaining there until New Year's night. Extra sleeping cars and other equipment were attached to all the principle trains to accommodate the extra traffic and many of the trains operated in two sections both in and out of Montreal.  
MR. STEVENS' VISIT TO MONTREAL  
Mr. G. R. Stevens, who for the past four years has been the Canadian Trade Commissioner to South Africa, will be in Montreal from January 3 to January 16. Mr. Stevens will shortly be leaving for Lima, Peru, where he will open an office of the Trade Commissioner Service.
