The purpose, according to acting District Attorney Moss, is to determine whether the police suppressed or destroyed any evidence, particularly a letter implicating the gunmen in the murder and when and how the clues to their whereabouts were obtained.

NOGI'S SUICIDE WAS PREMEDITATED.

TOKIO, Sept. 16.—The will of General Count Maresuke Nogi who with his wife, the Countess Nogi, with the idea and purpose of demonstrating their devotion to their departed sovereign, Mutsuhito, committed suicide at the moment the body of the late Emperor was starting on his journey to the tomb, was published today. The Japanese warrior says that he follows the Emperor because his services are no longer required in this world. He had often sought to die, he adds, and chooses as the occasion for his departure from this life the present great national calamity under which the country is laboring.

FIVE INJURED IN FALL.

BOSTON, Sept. 16.—Five persons were injured today, one seriously, when an iron bar on the cornice of the Browning King Company, of No. 407 Washington street, broke and fell to the sidewalk, which was crowded with people.

Joseph Enter, age 16, was struck on the head, receiving a scalp wound. He was taken to the City Hospital.

The following persons were less seriously injured: John T. Welch, struck on the right shoulder.

Frank Chamber, struck on the left shoulder.

Ernest Preston. Waldo Ledwidge.

It is believed the bar was loosened by the wearing away of the cement which held it to the cornice.

COMMISSION OF IMPORTANCE APPOINTED.

OTTAWA, Sept. 16.—A Commission of importance to the live stock and ranching industry of western Canada has been appointed by Hon. Robert Rogers. The Commission, it is understood, will consist of B. E. Taylor, chief ranch inspector at Calgary; George H. Pope, Winnipeg, and Clarence A. Graham, of Winnipeg, and also will investigate the whole question of grazing leases in the West and will establish what lands can be set aside as suitable only for grazing purposes. More permanency will be given to the leases.

The minister by the appointment of this commission, hopes to be able to assist in reviving the declining stock industry of the west. One of the main reasons which has been assigned for the disappearance in recent years of western cattle from the market is the unsatisfactory condition of the grazing leases. Ranchers could never tell when they would be crowded out by homesteaders and settlers, and could not afford to make heavy investments. As a result they have been gradually selling out.

CHARLOTTETOWN AND ELSEWHERE

It pays to buy in this Province.

The lecture in the basement of the Zion church last night, was largely attended. The speaker, Rev. Mr. Taylor, was in fine form and delighted his hearers with vivid descriptions of his experiences with the many foreign races he encountered, while in western Canada. During the course of the address, he showed the position the church holds in the making of Canada. The lecture was preceded by a solo by W. Stanley, a duet by the Misses Cairns and Lawson, and a reading by Edgar Shaw. The singing of the national anthem brought this very enjoyable evening to a close.

Recently Sir Percy joined the staff of the great engineering and shipbuilding firm of Armstrong, Whitmore, previous to which he was governor and commander-in-chief of the East Africa protectorate. He states that his visit to Canada is a purely personal one, and has no significance in connection with the establishing a branch of his firm in Canada, but that of course he will look over the possibilities of business.

WESTERN WEATHER NOT PROMISING.

(Canadian Press) WINNIPEG, Sept. 17.—Weather conditions continue most unfavorable for threshing throughout the Western Canadian Provinces. All the grain is cut but for three days there has been no threshing. Elevator and banking interests express a disaffection with conditions as the quantity of wheat moved thus far this season is in excess of the same period last year.

REMARKABLE FAMILY

In more than one particular is the family of James and Mrs. Morey of North Milford, Mass., worthy of note. It is unusual that to so large a family death has not come since the father and mother's marriage. They have ten healthy children, and not one of their children's children has passed to the mysterious beyond. James Morey is the son of the late Rev. William and Anne (Preston) Morey. He was born in England, July 2, 1837, left Liverpool May 3, 1850, aboard the Vespa. The Moreys were the only passengers and the voyage was more than six weeks. They landed in Halifax and went to Charlottetown, P. E. I., where William Morey was a local preacher for the Wesleyans (Methodist), but it was a principle with him never to accept money for preaching. The last 15 years of his life he was a Universalist. He died in Milford more than 20 years ago. The present James Morey was born in Hingham, and came from England in the Vespa. After living in North Wiltshire, P. E. I., six years, he moved to De Kalb St. Lawrence, N. Y., with his parents, where they engaged in dairying. In 1861 the family returned to Charlottetown, where James and Miss Jane Gill, daughter of Abraham and Elizabeth (Tanner) Gill, were married Nov. 7, 1861. James and Mrs. Morey returned to De Kalb and remained nine years. His parents, brothers and sisters accompanied him. Later the family moved to Darlington, Wis., and after three years went to Sheridan, Wis. All this time they were engaged in farming and dairying. After seven years in Wisconsin they removed to Suffolk Va., where they stayed three months. They migrated north, and returned to North Milford May 3, 1877. Of the children Ida and Abner were born in De Kalb, Emma in Darlington, Seth, Olive, Luke and John in Sheridan, Myron in North Wiltshire, P. E. I., and Rose and Nelson in Milford, Boston Etc.

M. and Mrs. McNeill, Bay View, were recent visitors to Halifax.

Miss Edythe M. Croake, Charlottetown, returned from Vancouver, B. C., Tuesday night, where she spent the last three years.

B. W. Lepage, Rusticoville, was in Charlottetown yesterday, where he attended the shellfish commission and gave evidence on behalf of the Rustico fishermen.

The many friends of Mrs. Colin J. McPhail, Argyle Shore, will be sorry to learn that she sustained a severe accident a few days ago. While driving with her husband the horse shied, jumping quickly to one side and almost overturning the carriage. Mrs. McPhail was thrown out the fall re-riding in-breaking her arm. Medical aid was at once secured and at latest accounts she is progressing favorably towards recovery.

FEARS FOR SAFETY OF OTHERS.

CHICAGO, Sept. 16.—Investigation was renewed at the United States naval training at North Chicago to-day to determine the number of apprentice seamen who lost their lives yesterday in the accident on the City of New York off Lake Erie.

Besides the five identified dead, the belief prevailed that five and possibly seven others were drowned when the cutter they occupied was blown over.

Private Caminan, Winkler, Frickson, Shorack and Field could not be accounted for last night.

COTTON GOODS MADE FIREPROOF.

NEW YORK, Sept. 14.—That flimsy inflammable cotton goods can be made fireproof was demonstrated yesterday before the Eighth International Congress of Applied Chemistry by Dr. William H. Perkin, of the University of Manchester, England, in the great hall of the college of the City of New York. Dr. Perkin exhibited a fireproof garment made thin by wear of four years. On the application of a lighted match no signs of combustion were evident.

Hill, builder of the Great Northern Railway, and "long the head of that transcontinental line and the Northern Pacific, was tonight the guest of honor at a banquet in honor of Mr. Hill's 74th birthday. At the banquet table were 1,200 persons, many of the pioneers of Minnesota and old time co-workers with Mr. Hill. Guests were also present from the Pacific and Atlantic coasts.

Pierce Buller, of this city, was toast-master, and addresses were made by Mr. Hill and Archbishop John Ireland, a life-long friend. The banquet was given by citizens of St. Paul and friends throughout the Northwest.

ROBBED MAIL CAR.

CHATTANOOGA, Tenn., Sept. 17.—Three masked men held the "Memphis Special," on the Southern Railway, westbound, at 1.30 o'clock this morning, near Stevenson, Ala. The mail car was looted, but the amount secured is unknown. The men boarded the train at Stevenson, entered the mail car and covered the four clerks with pistols. Three of the clerks were wounded, the fourth being ordered to open all mail and registered mail, from which the robbers filled a bag with packages.

RUILED LIVES OF OTHERS.

NEW YORK, Sept. 14.—The World, in a review of the life of Mrs. Johnson, white wife of the negro pugilist, who committed suicide at Chicago, says: "Twelve years ago, Jack Johnson's wife was a girl in her teens at her parents' home in Hemstead, L. I. Her father was David A. Terry, a Brooklyn manufacturer. She has a pretty younger sister, a sturdy young brother. Her mother was of Cuban birth, and once after her marriage to Jack Johnson, she had tried to justify herself by saying that there was some negro blood in her family, but they declared this was absolutely untrue.

Her first marriage was to Clarence E. Duryea, member of an old Long Island family, wealthy, a famous horseman; notably a singer also, being a tenor soloist at the Garden City cathedral. Her meeting with young Duryea was unconventional and romantic.

MEETING OF RAILROAD MEN.

MONCTON, Sept. 17.—On Saturday afternoon a committee consisting of representatives of all four of the train and engineers' brotherhoods, waited on the I. O. R. MURDER CHARGE RESULT OF HAZING.

RALEIGH, N. C., Sept. 14.—Four terror-stricken youths yesterday stood defendant upon the charge of murder by the hazing of Isaac William Rand son of a "lumberman of Smithfield, whose death yesterday was the most tragic circumstance of the University of North Carolina's hundred years. While they sat in the dock, Commonwealth Attorney Gattis, dramatically accused them of murder, and told the court that its five-thousand-dollar bond was too small. The accused sophomores, who took Rand from his uncle and made him sing and dance until he fell from a barrel and cut his throat on a bottle, belong to widely known families. They are Robert W. Oldham; Raleigh; A. R. Styron, of Wilmington; W. C. Merriam, Wilmington; and A. C. Hatch, of Monroe.

Surely Take "Syrup Of Figs" If Headachy, Bilious, Constipated. All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it? Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation. Take a teaspoonful of Syrup of Figs to-night, sure, and just see for your-self by morning, how gently but thoroughly all the sour bile, undigest-
