Things That Can't Be Bought

It is possible to buy power, but not respect—position, but not loyalty—followers, but not friends. In fact the most precious things in life can't be bought.
This truth is nowhere more vividly exemplified than in the drug store.

Good Will

is a very valuable asset in the practice of pharmacy—yet it is overlooked by many dealers in their strife for quick profits.
Immediate profit has never been our aim, for we realize that the increased business which comes to us because of quality goods and superior service will enable profit to take care of itself.
When selecting a family drugstore, be influenced by other things besides the lure of low prices. Consider various service features which contribute to your welfare.
