BELL GOVT.'S HUGE DEFICITS

At Dec. 31, 1918, Mr. A. W. Hyndman, Manager of the Royal Bank, and External Auditor for the Government, reported the net debt of the province to be \$1,006,991.71

An increase of \$186,838.06 At Sept. 8, 1919, Mr. John Anderson, Provincial Auditor, showed the excess of expenditure over receipts, less unearned subsidy, to be \$253,938.78

An excess difference of \$67,100.72

WHICH IS CORRECT?

These are two alleged audits in the interests of the Bell Government to the same date, showing a difference of \$67,100.72—both cannot be correct. Which does the Bell Government accept—is it going to turn down Mr. Hughes and Mr. Hyndman? If so, why?

ANOTHER REPORT

gain, the Provincial Auditor, at the request of the Public Accounts Committee of the session of 1920, submitted an official statement of the position of the province at Dec. 31, 1919, which took the place of the External Audit, showing the Public Debt at that date to be \$1,121,437.23

An increase over 1919 (the first year reported on by the Bell Government) of \$114,405.52

An increase over 1911 (the last year of the previous Liberal Govt.) of \$113,174.30

NOTE:—The Conservative Government erected 31 permanent bridges at a cost of \$116,366.80, besides purchasing two agricultural buildings in Charlottetown and Summerside respectively, and installing a complete new heating and lighting system in the Provincial Building.

THE BELL GOVERNMENT ENORMOUS DEFICIT AGAIN—

At Sept. 8, 1919, Mr. J. J. Hughes, M.P. and Mr. A. W. Hyndman, Bell Govt. External Auditors showed the Liabilities to be \$1,193,829.77

At Dec. 31, 1922, the Bell Government Provincial Audit, shows the Liabilities to be \$1,397,060.78

An increase of Public Debt of \$203,231.01 And they have nothing to show for it but ordinary roads.

According to these, their own official figures, THE BELL GOVERNMENT HAS GONE BEHIND \$50,800 PER ANNUM,—yet their excuse for increased taxes is to "pay as they go," and they claim to have surpluses!

THE THAW BEGINS. — The full winter snow shovelling force of some forty odd workmen is engaged in clearing the street crossings. Yesterday there was a considerable thaw and the gutters ran freely. The sidewalks will be in a bad condition for some days and individual attention to them by householders will assist the city employees in draining the streets as quickly as possible.

THE TRAINS AND MAILS.—Yesterday morning the eastern line was opened to Souris, the Georgetown line having been cleared previously. The Murray Harbor train, which is returning to Charlottetown through cuttings still heavy with the last snowfall despite the past two days of mild weather, was reported last night at Ugg. There are still some nineteen miles to get through, which it is hoped to complete today. West of Summerside the cuttings are also bad, but good progress is being made. The line is clear now to O'Leary. The ferry is running as usual and yesterday afternoon brought over about eighty passengers and the mail to date, which arrived in Charlottetown at 8.20 p.m.

HAROLD LLOYD IN "DR. JACK"

His Latest Comedy Now Playing at the Prince Edward, Furnishes Everlasting Laughter

Harold Lloyd has again proven that he is the most consistent fun-maker on the screen by his latest "five-reel" comedy, "Dr. Jack," now showing at the Prince Edward Theatre. There are comedians who make exceedingly funny pictures, but Lloyd is the most consistent and dependable of the Sons of Laughter. "Grandma's Boy" seemed to us to be the perfect comedy—until we saw "Dr. Jack."

In "Dr. Jack," Lloyd has again given us a comedy with a serious vein running through it, but the laughter is continuous and everlasting. Never was there anything funnier screened than Lloyd's robaotic antics in his weird "diagnosis" as the madman. The poker game was a gem of cleverness, as was the comedian's scene with the little freckled kid. Then there was his ride on the back of the bronco-like calf, and—but why continue? It was a laugh from start to finish.

Harold Lloyd is seen in the title role, that of a young doctor who cures his by the "sunshine method." The fast and furious Lloydian comedy is interwoven with a charming love story, and here the comedian fairly outshines all the Great Lovers of the screen. It's a great comedy and one really can't afford to miss it. Come and enjoy a good laugh. Last showing today at 3.15; 7 and 8.45 p.m.

Carl Believed End Was Coming

Declares Tanlac Restored Him Fully When In Despair From Stomach Trouble

"I just think Tanlac is the last word in medicine," recently said James Carl, well-known carpenter and builder, of 123 John St., Hamilton, Ont. "In 1916 my health began to run down and in spite of all I could do my condition got worse. Every bone in my body seemed to ache and my stomach caused me no end of trouble. During all the winter of 1920 I was so miserable I never expected to live to see the snow off the ground. I would almost smother from the gas on my stomach and many a night I never closed my eyes in sleep. "Before I got Tanlac I was simply a physical wreck and would walk the floor not knowing what to do. The first few doses of Tanlac showed me it was what I needed and four bottles built me up fifteen pounds and put me in the best of health. Mind you that was a year ago, but I have felt fine ever since. No one can go wrong by taking the Tanlac treatment."

Tanlac is for sale by all good druggists! Accept no substitute. Over 35 million bottles sold.
