Ontario Man To Be Hanged For Slaying

SUDBURY, Ont., June 17—(CP)—Gerard Chretien, 23, will be hanged Sept. 29 for the slaying of William Wilson in a Sudbury boarding house on Dec. 9. The jury deliberated one hour and 45 minutes before returning its verdict of guilty of murder late today. Mr. Justice F. E. F. Smiley immediately pronounced sentence.

NOTABLE BRIDGE

The Thousand Islands Bridge was opened in August 1938.

Coming Events

- Mail your films to Garnham Photo Studio, Charlottetown.
- Glen Valley Ice Cream Social, Tuesday, June 21st, in school.
- Come to the Dance in Millview Hall, Wednesday, June 22nd.

- The annual meeting of the Woman's Missionary Society of the Diocese of Prince Edward Island will be held in Wood Islands on Friday, June 24th, with sessions at 10.30, 2.30 and 7.30 P.M.

N. B. Sees Heat, Drought Hitting Hay, Berry Crops

A temperature of 88 above zero was recorded at the Charlottetown Experimental Station yesterday, Mr. Warren Burns, the weather observer said last evening. A check of his records revealed that the high for June was 88 above, which is being built on site on Summer Street North which was donated to the Hospital board three years ago by this company. Thus will be returned work on this much needed building which started two years ago this spring. At that time the contracting company was Foundation Maritime Ltd. of Halifax and Montreal and the work was abruptly discontinued after only the excavation had been done. It was later explained by a spokesman for the Hospital Board that it had been found that if the building was proceeded with according to the plans provided by the architect it would be beyond the capacity of the board to finance. Since that time the plans have been revised by the architect at no additional cost, to provide for a smaller building leaving out certain facilities which the board considered were not necessary. It is estimated that the present plans provide for a building costing between six and seven hundred thousand dollars.

Federal Grant Available

In one way the board and the people of the County have benefited by the discontinuance of the work two years ago, because since that time the Dominion Government has provided grants for new hospital construction of \$1,000,000 per bed. This amount must be equalled by the Provincial Government and the Prince County Hospital will benefit by these grants, which would not have been the case if the building had been completed.

Rail Workers Demand More Pay, Shorter Hours; Companies Are Silent

President

MONTREAL, June 17—(CP)—Sixteen railway brotherhoods representing 135,000 non-running trades workers on Canadian lines announced today demands have been made for higher wages and shorter working hours. Fifteen of the brotherhoods, all international unions, made their demands jointly. Late in the day the Canadian Brotherhood of Railway Employees announced similar demands but stepped up the wage increase. Frank H. Hall, chairman of the 15 brotherhoods' joint negotiating committee and vice-president of the Brotherhood of Railway Clerks (A. F. L.) said the brotherhoods ask: A general increase of seven cents an hour effective July 1. A 40-hour week, as against the present 48-hour week, effective Sept. 1, with the same take-home pay. Mr. H. Eighteen, general secretary of the employees' negotiating committee, said the demands of the 35,000 members of the Canadian Brotherhood of Railway Employees are: A general increase of 10 cents an hour, effective July 1. A 40-hour week, with the same take-home pay; effective date not specified. Check-off of union dues from wages of all employees covered by the collective agreement. Present agreements with the unions expire July 16. A year ago they received an increase of 17 cents an hour. The Canadian Brotherhood of Railway Employees is affiliated to the Canadian Congress of Labor. The other 15 unions are affiliates of the American Federation of Labor. There was no immediate statement from the railways and none was expected for at least several days, pending study of the demands.

500 Attend Funeral Of Michel Fontaine

EASTMAN, Que., June 17—(CP)—A simple wooden cross tonight marked the grave of six-year-old Michel Fontaine whose disappearance touched off the largest search in history of the Eastern Townships. More than 500 people, many of whom took part in the 15-day search, attended the funeral services in St. Etienne Church which overlooks the rugged mountainous country where the frail boy became lost May 30. The same loudspeaker-equipped trucks that helped in the search relayed the 25-minute service to those who sweltered on the outside lawn under the blazing sun.

Advocates Nerve Block Therapy To Relieve Pain

The drug served to dilate the blood vessels, or allow them to relax, improving the blood circulation. In some cases of sudden blindness, an injection in the neck improved the recovery of vision. Where blindness was due to blood clots in vessels of the eye, nerve blocking relaxed the blood vessels around the blood clot and the clot moved on. Similarly in cerebral thrombosis—blood clots in the brain—a shot in the neck by improving blood circulation would relieve pain and sometimes enable the blood clot to move on. Amputees, who suffered "phantom pains" in limbs which they did not have, could be relieved of this pain by nerve blocking. Dr. Apper said so far they had failed to relieve the pain of arthritis by this method but experiments were being carried on.

News In Brief

- VICTORIA, B. C., June 17—(CP)—Premier Byron Johnson today said the British Columbia Government will continue as a coalition. In a brief statement following a cabinet meeting, he dismissed a report that Liberals and Progressives might split.
- EDMONTON, June 17—(CP)—Fire today gutted for the second time in two years the Roman Catholic Church at Legal 40 miles north of here, causing damage estimated at \$135,000.
- EDMONTON, June 17—(CP)—The Edmonton Bulletin says today in a newspaper story that J. J. Bowen of Calgary, well-known rancher and farmer, likely will be the next Lieutenant-Governor of Alberta. Retirement of Lieut.-Gov. J. C. Bowen has been hinted in Government circles for some time.
- HONG KONG, June 17—(Reuters)—Chinese Communists may launch another "peace offensive" and propaganda campaign to weaken opposition before advancing into South China, a well-informed British source said today.
- BERLIN, June 17—(AP)—The Berlin rail strike today ended its fourth week without prospect of a settlement. No new negotiations were planned by the union, the city government or the Western Allies.

Royalty Area School Unit To Be Proclaimed

As from July 1, the school districts in the Charlottetown Royalty area will be amalgamated under one board for administrative purposes and will form Unit No. 1 in a system which will eventually embrace numerous school areas. It was stated yesterday by Premier Jones. The schools affected are those in Parkdale and Spring Park, East, Central and West Royalty, South Winsloe and part of Milton including the Station area. It is understood that the existing school boards in these areas will wind up their affairs at the annual school meetings to be held on June 28. On July 1 the new district comes into existence by proclamation and the new board will then proceed to function.

Corpus Christi Procession On Sunday

The solemnity of Corpus Christi will be observed by the congregations of St. Dunstan's Basilica and Holy Redeemer parishes tomorrow with the customary procession of the Blessed Sacrament to Notre Dame Academy. Benediction of the Blessed Sacrament will be held at Notre Dame Academy after which the procession will return by way of Sydney, Hillsboro, Water and Great George Streets, to the Basilica where Benediction will be given. The following societies and groups will form the procession: Cross bearers and acolytes; St. Joseph's Convent pupils; Notre Dame Convent pupils; Queen Square School boys; Women's Confraternity; Holy Redeemer; Catholic Women's League; Charles A. Aitken; League of the Sacred Heart; St. Joseph's Sodality; Children of Mary; Nurses; Girl Guides; Basilica and Holy Redeemer; Boy Scouts; Holy Redeemer; Basilica; Holy Name Society; Holy Redeemer; and Basilica; Knights of Columbus; Basilica Choir; Choir boys; Altar Boys; Flower boys and girls; Torch bearers; Pages and Clergy.

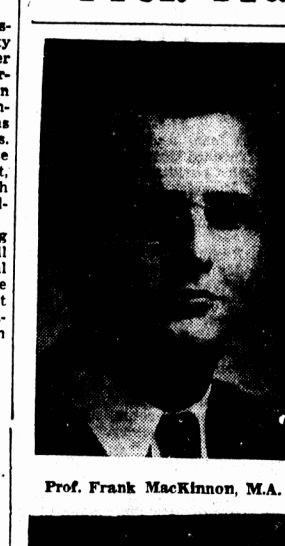

ROBESON, JR. TO WED

NEW YORK, June 17—(AP)—Paul Robeson, Jr., 21, son of the Negro singer, today took out a licence to marry Marilyn Paula Greenberg, (white) 21-year-old Cornell University graduate. Robeson is also a graduate of Cornell. The application said the marriage is scheduled for Sunday.

Veteran N. B. Doctor Is Honored At Celebration

Dr. Coffin was given a purse. His wife received a bouquet of roses. Proceeds of \$375 from baseball games and the public dinner, as well as \$100 in donations, will be used to help furnish a Dr. Coffin Memorial Children's Ward in the Tobique Valley Hospital. Congratulatory messages came from Premier McNair, friends in the medical profession and many others. Special guests included two sons, William and Robert Coffin, Ottawa, and a brother, Ernest, of Charlottetown.

Dr. Steel Succeeded By Prof. Frank MacKinnon

It was learned unofficially but on good authority yesterday that Professor Frank MacKinnon, M.A., head of the Department of Political Science at Carleton College, Ottawa, and formerly lecturer in political science at the University of Toronto, has been appointed Principal of Prince of Wales College in place of Dr. G. D. Steel who has retired after forty years' service at Prince of Wales. Dr. Steel's retirement takes effect on July 1. Mr. MacKinnon is a son of the late Hon. Murdoch MacKinnon, a former Lieutenant Governor of this Province, and Mrs. Pearl MacKinnon of Charlottetown. He is a graduate of McGill University with honours in economics and political science and obtained his Master of Arts degree from the University of Toronto in public administration. He also has completed the requirements for the Doctor's degree at Toronto. Mr. MacKinnon was, for several years, Industrial Relations Officer in the Department of Labour at Ottawa, from which position he went to the University of Toronto as lecturer in political science. When the late Dr. H.M. Tory established Carleton College he brought him to Ottawa to head the Department of Political Science. Professor MacKinnon is married to the former Miss Daphne Martin, eldest daughter of Professor C.P. Martin of McGill University. They have three children. In recent years they have made their summer home at Holland Cove in this Province.

Dr. Steel's Career

Unlimited devotion to the cause of higher education in this Province has marked the career of Dr. George Douglas Steel, Charlottetown, whose retirement as Principal of Prince of Wales College has been gratefully accepted by the Provincial Government. A graduate of Mount Allison University, Dr. Steel received his B.A. and later his honorary LL.D. degree.

Montreal's Water Situation Critical

MONTREAL, June 17—(CP)—Montrealers fighting a combined heat wave and water shortage face a little prospect today of quick relief. In expectation that peak temperatures would continue around 90 for the week-end, the city watched a dwindling water supply that has already taken nearly half the reserves. Levels in the city's fire reservoirs are steadily dropping and H.A. Gibeau, director of the Public Works Department, said "certain reservoirs will be practically dry tonight unless urgent steps are taken." "Watering lawns and gardens must stop immediately," said Mr. Gibeau. "All air-conditioning systems must be shut off and domestic and industrial consumption must be reduced to the minimum."

Bush Pilot And His Two Passengers Die In Crash

NAKINA, Ont., June 17—(CP)—Three men died today in the flaming wreckage of an aircraft which crashed into an abandoned cottage a few seconds after taking off from an airfield near this village, 160 miles northeast of Fort William, Ont. Dead are: Felix Cryderman, 32, of Sudbury, pilot for Austin Airways; Robert Scott, 24, of Toronto, a first year forestry student from the University of Toronto employed by Longiac Pulp and Paper Company; and Sherman E. Scott, 25, no relation, of Picton, Ont., employed by the same company. Observers said the plane, piloted by Cryderman, had just become airborne when it went into a spin and plummeted into the cottage 2-1/2 miles from the airfield. The plane burst into flames when it struck the cottage, burning the bodies so badly that they could be identified only after airways company officials arrived at the scene. The plane was a twisted mass of blackened metal. Provincial Police said the plane, used in transporting men and equipment in Northern Ontario mining areas, had just begun a tree-spotting mission for the Longiac Pulp and Paper Company. The passengers were to have marked off areas where cutting would take place and then worked out of Cryderman was the pilot whose plane crashed through the ice south of Geraldton last December while on a mercy mission to take food to Indian women and children. He was the object of a five-day search before he made his way to a lone cabin on Big Long Lac. He had been flying for Austin Airways, Sudbury, for the past year and a half.

N. S. Ayrshire Breeders Plan Visit To P. E. I.

The Nova Scotia Ayrshire Breeders' Association plans to visit this Province sometime this month, spending two days here. They will hold their annual meeting in this Province and visit some of the outstanding Ayrshire herds. Dates of the visit are not definite, but it is expected they will be here June 28-29. Earlier they had planned to be here June 21-22 but it was understood one of the breeders from the Wood Islands-Charlottetown area was to be off briefly at that time and a delay was suggested. Full details of the planned tour here have not been worked out. Arrangements are being made by local Ayrshiresmen, including Mr. Major MacRae, Royalty, whose son, Arthur MacRae, is secretary of the P. E. I. Ayrshire Breeders' Association. Mr. Gavin Reid of Montague is the president. Some 40 to 50 Nova Scotia delegates were expected. Mr. W. R. Kelso of Truro is secretary of the Mainland Association.

1,500 Jersey Bull Purchased By Local Man

At a recent auction of high-class Jerseys at Fook Sales Pavilion, Springfield, Ohio, a magnificent yearling bull, Basil Royal Jester, was acquired by Dr. J.P. Lantz, Charlottetown, for the sum of \$1,500. The bull was shipped from the famous Middlebrook Jerseys herd. He was by Brampton Jester and his dam was by Brampton Jersey. The bull was purchased from the estate of Dr. J.P. Lantz, who died in 1945. He was an active member of the Charlottetown Kinsmen Club and had served as treasurer, vice-president and director.
