6,000 WORD COMMUNIQUE ON PARLEY

Meat Packers Strike Is Settled

Workers In Five Plants Return Today

By The Canadian Press
The dispute at the heart of Canada's virtually general meat-packing strike was settled Thursday and indications were that the walk-out that made some 9,000 packers idle in the original sympathy strikes would quickly in its wake. Ontario's Labor Minister announced in Toronto that Canada Packers (C. I. O.) had agreed to submit their case to arbitration, that the 90 workers who walked out of Toronto's five Canada Packers plants July 24 would return to work Friday morning and that Jack Reid, former centre of the whole, would remain on holidays while the strike is arbitrated.

Laval Goes On Witness Stand Today In Trial Of Aged Marshal Petain

BY RELMAN MORIN
PARIS, Aug. 2 (AP)—Pierre Laval, chief of the Vichy Government, will be brought from a prison cell tomorrow to testify in the treason trial of Marshal Petain. Refusing a defence protest, the court announced after heated debate among the jurors that it would summon the former French premier who had been called the aged marshal's "evil genius."
The debate over the calling of the former collaborator as a witness interrupted a dull day of testimony during which the old marshal and three of the jurors fell asleep.
A procession of defence witnesses had been heard throughout the morning portraying Marshal Petain as anti-German and a patriot who gave up French artillery in North Africa to prevent the Germans from marching through Spain to attack Gibraltar.
Charles Trochu, President of the Paris municipal council, was testifying Marshal Petain never really was in control of the Vichy Government when the 89-year-old defendant dozed off.
Council pointed out that summoning Laval as a witness "unintentionally would mean" the trial would be prolonged by days.
Judge Paul Mongibeaux said it would aid greatly in placing Laval and Marshal Petain together in court.

Simultaneous Raids Are Disclosed

(Reuters) British and American carrier planes Monday for the first time bombed the same naval installations simultaneously. It was disclosed today when complete returns were received of the blows at the Maluru naval base on western Honshu.
Previously the American fliers of the United States 3rd fleet and British pilots from the fast carrier task force operating with it had chosen separate, though often nearby, targets.
The blow at Maluru was the last before the combined fleet withdrew into a two-day radio silence that was broken for today's report.

Big Three Were In Full Accord On Vital Issues

Carefully Laid Plans For Ensuring Peace To War-Stricken Europe.

By DOUGLAS B. CORNELL
WASHINGTON, Aug. 2 (AP)—The Big Three tonight set up the mechanism for the peace of stricken Europe and exact reparations from a guilty Germany forced to devote its energies to agriculture and peaceful industry.
But on a question in the minds of people the world over—will Russia help smash Japan?—a 6,000-word communique on the Potsdam Conference said nothing.
It concluded, however, with a single succinct sentence which may be expected to receive uneasy scrutiny from Japan's war-lords:
"During the conference there were meetings between the Chiefs of Staff of the three governments on military matters of common interest."

Likely To Discuss Strike At Conference

OTTAWA, Aug. 2 (CP)—Strike of 9,000 packinghouse workers settled at conferences held in Toronto today under the auspices of Hon. Charles Daley, Ontario Labor Minister. It is expected to be the topic of discussion between the Dominion and Provinces, either at the Dominion-Provincial conference to open next week or at subsequent meetings.
Expectations are that the strike will be pointed to as emphasizing the necessity of developing a technique for handling strikes which develop in one Province but later spread beyond its boundaries.
In the packinghouse strike the role of the Federal Labor Department was that of an interested onlooker. The strike originated in Toronto and Arthur MacNamara, Deputy Minister of Labor, expressed his department's viewpoint earlier this week by saying that the department would like to know the viewpoint of the Ontario Government before it took action.
With the strike spreading, however, it had become evident that should the conferences held by Mr. Daley have failed the Federal Government would have had to step in.
There was no official reaction to the suggestion of Fred Dowling, national director of the United Packinghouse Workers (C.I.O.) that the Government take over the plants. It was understood that if the Dominion intervened its first effort would have been along conciliation lines and no move to take over the plants would have been made until conciliation had broken down.
Mr. Dowling's proposal had received some support today from H. H. Hanman, President and Managing Director of the Canadian Federation of Agriculture, who urged immediate action for a settlement or government control of the plants. He said the liege-farmers had threatened both domestic and export supplies.

C. W. L. Convention Opens Here Monday

The twenty-third annual Diocesan Convention of the Anglican Church in the Diocese of Charlottetown opens here Monday. The convention will include His Excellency, Most Reverend James Boyle, D.D., Honorary Chaplain of the Diocese and the National Council of the Anglican Church, and Hon. Dr. W. J. P. McMillan, O.B.E., who will be guest speaker.
His Honor, Lieutenant Governor Bernard and Mrs. Bernard have designated their desire to entertain delegates and members of the convention. Plans have been arranged for other features of entertainment during convention period.
A banquet at "The Charlottetown" on Monday evening, August 6th will feature the formal opening of the convention, when delegates and members will be welcomed by Mrs. W. J. P. McMillan, President of Charlottetown subdivision, which is hostess to convention.
The new minister is likely to be John James Lawson, veteran of the Canadian active trade union leader, who held a junior post in the war ministry in the 1920s. Mr. Lawson, experienced labor front-bencher, is strongly tipped for the ministry of fuel and power and Anselm Ebevan, member for Ebbw Vale, is considered likely to become health minister.
Mr. Ebevan, a labor leader, has been reduced in size to conform to modern currency standards.

Riots Report Expected In A Few Days

(By The Canadian Press)
OTTAWA, Aug. 2—The report of the Royal Commission's investigation into the Halifax V-E day riots is expected to be made public within a few days, it was learned today.
The report, outlining the findings made by the Commission during its probe into the riots which resulted in the death of 1,000,000 damage, reached Ottawa early this week.
It will be made public as soon as the cabinet has studied the findings and decided what should be done.
After the riots occurred the Government offered to loan money to merchants to enable them to reopen stores which had been damaged.
Should the report recommend that the merchants be reimbursed in full, it is expected that the loans will be applied against the damages.

Sgt. Schuler Is Charged With Mutiny

ALDERSHOT, England, Aug. 2 (CP-Cable)—Court-martial trial of Sgt. Emmanuel Schuler of the British Army today charged with mutiny and desertion charges arising from the Aldershot riots of July 4 and 5 was interrupted today when a sergeant threatened to shoot his superior officer.
The cable was delivered during the court-martial recess of the general court-martial and Brig. T. J. Rutherford of Owen Sound, Ont., senior member of the court, interrupted the hearing to tomorrow morning. Schuler left the court with tears in his eyes to return to his provost guard to reading jail.
The defendant—wearing Sergeant's stripes—5ft. 11 in. tall, with a mustache, Lord Strathcona horse flashes and two wound stripes—had pleaded not guilty to four charges—of joining in a mutiny and desertion, of being present at a mutiny and not using the utmost endeavor to suppress it, using violence and threats of violence against a superior officer.
Called as a witness by the prosecution, Lieut. J.E. Lajoussie, Montreal told the court of an incident involving himself and Schuler outside the Aldershot police station the night of July 4. After a crowd of Canadian soldiers had begun to disperse.
"Accused placed both hands on my chest and forcibly pushed me against the wall of the police station," he said. "He held me in the position and said:
"If I find out the Canadian Provost Corps has taken any of the boys into custody or if any charges come through tomorrow against any of the boys, I will be back tomorrow night with enough men to wreck the place and also see you get what's coming to you."
Lajoussie, a Provost Corps Officer, said he managed to get Schuler to take his hands off him, and later they shook hands. On July 4 Lajoussie was checking a repatriation draft leaving Aldershot station and identifying Schuler, who was being involved in the riots.
Earlier Lieut.-Col. J.A. Calder of Montreal and Hamilton, Ont., under cross-examination by defence counsel Capt. H.F. Gibson of Kingston, Ont., on the events of the night of July 4, said:
"I dealt with the situation as I considered best and reading the riot act was not to my way of thinking the best way to deal with the situation."
"Did it occur to you that you might read the riot act?" asked Gibson.
"It did not," replied Calder.

King And President Meet Aboard Battleship Renown

PLYMOUTH, Eng., Aug. 2 (CP)—King George and President Truman met today aboard the famed British battle cruiser Renown—the first meeting in Britain between a British monarch and an American President since the President Wilson visited the King's ship during the First Great War.
His Majesty returned the visit aboard the United States cruiser Augusta and then the cruiser put out for the United States, taking the President home from the Potsdam Big Three conference.
As they went aboard the ship, the shrill signal aboard was followed by the United States National Anthem played by the Royal Marines.
The President, bareheaded, stood on the companion ladder while the King faced him on the quarter-deck at the salute. His Majesty, who had been waiting with the Earl of Halifax, British Ambassador to the United States, shook hands with the President and said "welcome to my country."
