Simpson will preach the same evening at New Glasgow. As this will probably be the last time he will be able to address us, a good attendance is requested.

FINE PIECE OF WORK.—Mr. Harry Crossman has just completed a handsome piece of work on the large window of the W. K. Rogers office, Great George St. Besides the firm name, in gold leaf letters, he has also added the coat of arms of the Canada Life Assurance Co. The other large window with the drawing of a black fox is also attractive.

SPLENDID WORK.—The number of people who attended Scotchfort Celebration greatly admired the monument erected to the memory of the early descendants of those who brought about the Celebration. Too much credit cannot be attached to Chandler & Bell, Charlottetown, in the erecting of the monument. There was no mishap or accident, no stones broken, and everything was carried out in a satisfactory manner.

SIR CHARLES DALTON'S GENEROSITY.—Another instance of the munificence of Sir Charles Dalton has just been revealed in the announcement that he has presented the main buildings and fittings of the Charles Dalton Sanatorium to the Charlottetown Hospital in connection with the rebuilding operations. This presents at present a gift of about \$50,000. It is great pity to have the Sanatorium dismantled, but it is some consolation to know that the material will still be devoted to the relief of suffering humanity.

ROTARY LUNCHEON.—The regular weekly meeting of the Rotary Club was held at the Rose and Grey yesterday. Professor Fletcher occupied the Chair. An excellent musical program was rendered, which included several selections by the Beach Grove Inn Orchestra, solos by Messrs. Robert Meeservy, A. Williamson, and violin solos by Rev. Mr. Littlejohns of Chatham, N. B. Among the guests present were Rotarians Alban F. Bate, of Fredericton, N. B., Rotarian George McKinnon of Miami, Florida, Dr. Harry Hudson, Winnipeg and Mr. Schurman.

DREDGING WORK BEGUN.—Preparations for suction dredging operations at Mt. Stewart are now completed and the work has been got under way. Five hundred feet of 15 inch piping which will carry the dredged mud from the river bed to the marsh above the cutting have been laid and the steel floats placed in position under the direction of Capt. Hannan of the government dredge employed for the work, which will probably occupy three or four months, as the channel to be dredged is one mile long by 150 feet wide. About 100,000 cubic feet of mud will be dredged. When completed there will be about 12 feet of water at ordinary high tide. The preliminary work has progressed very well.

COCONUT OIL FINE FOR WASHING HAIR.

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain Mulifid coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply put two or three teaspoonfuls of Mulifid in a cup of glass with a little warm water, then moisten your hair with water and rub it in. It will make an abundance of rich, creamy lather and cleanse the hair and scalp thoroughly. The lather rises out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulifid coconut oil shampoo at all drug stores. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure you get Mulifid. Beware of imitations. Look for the name Wain on the package.

Not Even A Tanner Back For A Pound LONDON, July 20.—It is stated that the bondholders in the Horation Bottomley Victory Bond and allied clubs are unlikely to receive from the wreck even six pence in the pound. It is understood that a statement has been prepared by the receivers appointed by the Chancery Court which shows a total at the disposal of the court of £17,100, while the claims total £666,000, received from 80,000 subscribers. The claimants are mostly residents of the British Isles, but there are a few from the continent and the colonies. The average claims are from £5 to £6, but in some cases poor families lost all their savings. Horatio Bottomley, the organizer of the Victory Bond Club, was recently sentenced to a long term in prison for fraud.
