DIG out your tire repair outfit and stretch the rubber. If it's old, it will split and is useless.

Get a new kit of Whiz All-Rubber Patch Outfit because only an all-rubber patch becomes a permanent part of the tube, stretching and contracting with it. Anyone can apply a permanent Whiz patch anywhere. Everything you need is in the kit.

Miss Etta Cann, Crapaud, spent last week-end visiting in Augustine

Messrs. Walter Cann and John Robinson spent last week-end in Augustine Cove at the latter's home.

What might have been a more serious accident occurred in Augustine Cove Saturday evening, when one of our young men, driving a horse through a nearby lane, hoped to attend some other duty, but the beast became afraid of some little thing and ran away at top speed, upsetting the wagon and damaged some machinery. However, no other serious damage resulted.

PRINCE EDWARD SIX TIMES STRONGER FOX NETTING

Prince Edward Fox Netting is made principally for use in the salt-laden air of the Maritime Provinces and is extra heavily galvanized before weaving and after, making each twist in each mesh a brazen and welded immovable joint; every mesh is true to size and strongly woven, while the Netting is further strengthened by extra strands of wire on top, bottom and ends. Every roll has a guaranteed length of 150 feet, and opens out flat and smooth, making a straight non-bagging and non-sagging wall when erected.

Into every corner of the World

Into every corner of the world went IMPERIAL and its allied companies—seeking a petroleum that would produce a better motor oil. At last, in far Peru, the quest ended.

Now a great fleet of tank ships brings Peruvian Crude to Canada. In modern refineries, this ideal crude is processed into Marvelube

which, through thousands of IMPERIAL stations and dealers, is placed at the disposal of motorists everywhere in Canada.

Marvelube's superior qualities cannot be duplicated—for IMPERIAL alone has access to Peruvian Crude and Marvelube is made by an improved process from Peruvian Crude alone.

Marvelube

LET THIS CHART BE YOUR GUIDE

There is a grade of Marvelube exactly suited to your motor's requirements. If your car is not listed on this abbreviated Chart, see the complete Marvelube Chart at any Marvelube dealer's
