## Come, Let Mother See!

When the child droops, won't play or is restless, pale and grumpy, look to see if the tongue is white, the breath feverish, the stomach sour. Then hurry, mother, but don't worry! Give Cascarets, the harmless candy cathartic. Children take Cascarets without coaxing—only 10 cents a box!

TO MOTHERS! Nothing else "works" the nasty bile, the sour fermentations and constipation poison so gently, but so thoroughly from the little stomach, liver and bowels like harmless Cascarets. While children usually fight against laxatives and cathartics, they gladly eat a candy Cascaret. Cascarets never gripe the bowels, never sicken, never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for dose for children aged one year old and upwards.
